Prompt Payment Interest Report

State Fiscal Year 2022-23

May 30, 2023

Introduction

Article 11-A of State Finance Law was enacted to ensure contractors doing business with New York State are paid in a timely manner. The law prescribes timeframes within which a contractor must be paid, during which time the agency must prepare and submit an approvable voucher and the Office of the State Comptroller (OSC) must process the payment. If an agency or OSC misses the deadline, interest accrues until the payment is made. Generally, the timeframe for payment is 30 days from the date that a proper invoice is received by the State agency or from the date that the goods or services covered by the proper invoice are provided, whichever is later. However, for eligible small businesses that agree to use the State's electronic means of receiving invoices and making payments, the timeframe is reduced from 30 to 15 days. If an agency misses the deadline, interest accrues until the payment is made, with limited exceptions.

Annually, OSC reports on late payments and interest paid by agencies, including the number of days in which payments were late, as well as the causes reported by agencies for delays, as required by State Finance Law Section 179-m(3). For State Fiscal Year (SFY) 2022-23, agencies paid vendors \$4,087,280 in interest, an increase of \$3,081,904 (approximately 307 percent) from SFY 2021-22. In situations where vouchers were accruing interest when submitted to OSC for approval, OSC consistently processed these payments in less time than allotted under the State Finance Law. In doing so, it prevented an estimated \$964,960 in additional prompt payment interest charges that would have otherwise been owed.
