

Quick Reference Guide Environmental Indicators

School Districts

Category	Indicator	Scoring		Points	Weight
Property Value	1 Change in Property Value	3 Points - if the four fiscal year average is $\leq -4\%$ OR the change between the last two fiscal year is $< -10\%$ 2 Points - if the four fiscal year average is $\leq -2\%$ $> -4\%$ 1 Points - if the four fiscal year average is $\leq -1\%$ $> -2\%$ 0 Points - if the four fiscal year average is $> -1\%$ Perform the calculation for the most recent 4 years and average the results.	Data Required Most Current Year Full Property Value Prior Year Full Property Value Two Years Prior Full Property Value Three Years Prior Full Property Value Four Years Prior Full Property Value	3	30%
			Calculation (Current Year Full Property Value - Prior Year Full Property Value) \div Prior Year Full Property Value		
Enrollment	2 Change in Enrollment	3 Points - if the 4 fiscal years average is $\leq -3.5\%$ 2 Points - if the 4 fiscal years average is $\leq -2.5\%$ but $> -3.5\%$ 1 Point - if the 4 fiscal year average is $\leq -1.5\%$ but $> -2.5\%$ 0 Points - if the 4 fiscal year average is $> -1.5\%$ Perform the calculation for the most recent 4 years and average the results.	Data Required Most Current Year Enrollment Prior Year Enrollment Two Years Prior Enrollment Three Years Prior Enrollment Four Years Prior Enrollment	3	20%
			Calculation (Current Year Enrollment - Prior Year Enrollment) \div Prior Year Enrollment		
Budget Votes	3 Trend in First Budget Vote being Defeated	3 Pts. - first budget vote defeated four of last 4 fiscal yrs. 2 Pts. -first budget vote defeated three of last 4 fiscal yrs. 1 Pt. - first budget vote defeated two of last 4 fiscal yrs. 0 Pts. - first budget vote defeated one or none of last 4 fiscal yrs.	Data Required Most Current Year First Budget Vote Results Prior Year First Budget Vote Results Two Years Prior First Budget Vote Results Three Years Prior First Budget Vote Results	3	15%
			Calculation Determine Points Based on First budget Vote Failures		
Budget Votes	4 Change in Approval % First Budget Vote	3 Points - 4 fiscal year avg. $\leq -9\%$ AND current year's approval % $< 60\%$ 2 Points - 4 fiscal year avg. $\leq -6\%$ but $> -9\%$ AND current year's approval % $< 60\%$ 1 Point - 4 fiscal year avg. $\leq -3\%$ but $> -6\%$ AND current year's approval % $< 60\%$ 0 Points - 4 fiscal year avg. $> -3\%$ AND current year's approval % $< 60\%$ Perform the calculation for the most recent 4 years and average the results.	Data Required Most Current Year Budget Approval % Prior Year Budget Approval % Two Years Prior Budget Approval % Three Years Prior Budget Approval % Four Years Prior Budget Approval % Five Years Prior Budget Approval %	3	15%
			Calculation (Current Year Budget Approval % - Prior Year Budget Approval %) \div Prior Year Budget Approval %		

Quick Reference Guide Environmental Indicators School Districts

Category	Indicator	Scoring	Data Required	Points	Weight
Graduation Rate	5 Graduation Rate %	3 Points - Graduation % is 1.5 standard deviations below the average graduation % in three or more of the last four fiscal years 2 Points - Graduation % is 1.5 standard deviations below the average graduation % in two of the last four fiscal years 1 Point - Graduation % is 1.5 standard deviations below the average graduation % in one of the last four fiscal years 0 Points - Graduation % is 1.5 standard deviations below the average graduation % in none of the last four fiscal years	Data Required Current yr. # of students that graduated in 4 years # of students entering 9th grade 4 years prior <i>The most recent 4 years of corresponding information will be required</i>	3	15%
			Calculation # of students that graduated in 4 yrs ÷ # of students entering 9th grade 4 years prior		
Free or Reduced Priced Lunch	6 Free or Reduced Priced Lunch %	3 Points - three fiscal years average is ≥ 75% 2 Points - three fiscal years average is ≥ 65% but < 75% 1 Point - three fiscal years average is ≥ 55% but < 65% 0 Points - three fiscal years average < 55% <i>Perform the calculation for the most recent 3 years and average the results.</i>	Data Required Current yr. # of students K-6 who are eligible for free or reduced price lunch Current yr. K-6 enrollment <i>The most recent 3 years of corresponding information will be required</i>	3	20%
			Calculation Current yr. # of students K-6 who are eligible for free or reduced price lunch ÷ Current year K-6 enrollment		

Designation/Percent Range (out of 18 max points)

### (Significant Environmental Stress)	60 - 100%
## (Moderate Environmental Stress)	45 - 59.9%
# (Susceptible Environmental Stress)	30 - 44.9%
No Designation	0 - 29.9%
