Revenue Bond Tax Fund	\$1,679.4 million
Local Government Assistance Tax Fund	237.9
Sales Tax Revenue Bond Tax Fund	223.5
Clean Water/Clean Air Fund	74.2

Also included in Debt Service funds are transfers to Special Revenue funds representing receipts in excess of lease-purchase obligations that are used to finance a portion of the operating expenses for Departments of Health (\$10.2m) and Mental Hygiene (\$75.6m).

Capital Projects Funds "Transfers To Other Funds" includes transfers to the General Fund (\$.6m), and the General Debt Service Fund (\$74.1m).

3. The State receives moneys that represent refunds, pharmacy rebates, reimbursements, or disallowances of medical assistance payments previously made from appropriated State and Federal funds. These monies are initially credited to an agency escrow account and shortly after receipt are allocated and refunded to State or Federal fund appropriations from which the medical assistance payments were originally made.

At month end, the following balances remained in agency escrow accounts. For accounting purposes, adjustments have been made to reduce medical assistance spending and count these monies as financial resources of the General Fund and the Special Revenue Federal Fund.

4. The State Special Revenue April 1, 2015 balance has been adjusted by \$0.5m to reverse out a prior period adjustment.

5. Pursuant to a settlement agreement between New York State Department of Health and the Centers for Medicare and Medicaid Services (CMS), Medicaid spending and revenue in Special Revenue - Federal Funds has been reduced by \$850 million and spending has been increased in the General Fund by \$850 million to reflect the initial payment pursuant the agreement. The agreement resolves a disallowance for prior year claims that the State paid for services related to developmental centers and other intermediate care facilities for individuals with intellectual disabilities operated by the New York State Office for People with Developmental Disabilities (OPWDD). The spending is reclassed to Transfer To and From Other Funds in the respective funds. The impact to the financial statements is an increase in the General Fund Transfer To Other Funds and a decrease in Special Revenue - Federal Funds by the \$850 million to reflect the additional Medicaid costs.

Chapter 1 of the Laws of 2002 authorized the conversion of Empire Health Choice, d/b/a Empire Blue Cross and Blue Shield from a not-for-profit corporation to a for-profit corporation. Chapter 1 requires, in part, that upon such conversion, assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to a fund designated as the "Public Asset Fund" and 5 percent transferred to a Charitable Foundation - as set forth in Section 7317 of the Insurance Law. On December 28, 2005, WellChoice, Inc. (previously known as Empire Blue Cross, Blue Shield) approved a takeover by WellPoint, Inc. This conversion was also subject to the same Chapter 1 requirements of assigning assets representing 95 percent of the fair market value of the not-for-profit corporation be transferred to the "Public Asset Fund".

As of April 30, 2015, \$8,956,302.31 (representing the remaining balance of the State's 95 percent share of the fair market value of the not-for-profit corporation plus interest) is on deposit in the sole custody account titled Public Asset Fund. In accordance with Section 4301(j)(4)(F) and (O) of the Insurance Law and at the direction of the Director of the Budget, these funds are available for transfer to HCRA Resources Fund (20800-20849).

(*) Pursuant to §98 of the State Finance Law, the State Comptroller is authorized to invest and keep invested all moneys, in any fund, held by the State. The Short Term investment Pool (STIP) represents an accounting mechanism that allows for the separate accounting of individual funds (on deposit in the State's General Checking account) for the purpose of making short term investments. Pursuant to State Finance Law §4(5) the STIP is authorized to temporarily loan to the General Fund-State Operations Account (10050) funds for a period of four months or the end of the fiscal year, whichever is shorter. However, it must be noted that certain funds are invested as part of STIP, but are held by the State Comptroller in a fiduciary capacity. Fiduciary fund balances are restricted and may not be used for any State purposes since moneys in such funds are held by the State in a trustee (or fiduciary) capacity or as an agent for individuals, private organizations, or non-State governmental units (e.g. local governments and public authorities). Therefore, Fiduciary fund balances are not available to be temporarily loaned to the General Fund-State Operations Account. Fiduciary fund balances are presented in Schedules 3 and 4 of this report.

(*) Temporary Loans are authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and Chapter 60, Part I, Section 1 and 1A, of the Laws of 2015-16. The loans represent authorizations made by the Legislature to allow certain fund/saccounts to make appropriated payments regardless of the fund (cash) balance. Such loans are made from the State's Short-Term Investment Pool (STIP) and are intended to satisfy temporary cash shortfalls whenever scheduled disbursements exceed available revenues during the fiscal year. Generally, temporary loans are repaid from the first cash receipts of the fund or account; however, in some cases actual revenues are not sufficient to repay all loans made to the fund or account and a transfer from the General Fund "Repayment of Receivables" appropriation is approved by the Budget Director. The balances reported here in Appendix G are the actual fund balances as of the close of business on the last day of the reporting month and do not include post-closing adjustments. Please refer to Schedule 1 for a detailed analysis of the "reported" cash balances of the fund group.

(**) A total of \$16.3 million was transferred to the Highway and Bridge Capital Fund (30051) in March 2015. This was the final transfer of costs that were previously disallowed by the Federal Highway Administration.

(***) Except for DOT-Highways see note (**), temporary loans to federal funds are typically reimbursed within 2-3 days. Such loans are made pursuant to federal

regulations which require the State to disburse funds prior to making a reimbursement claim from the U.S. Treasury.

(****) Per Section 72 of the State Finance Law, the General Fund includes the Local Assistance Fund (10000) and State Purpose Fund (10050).

(*****) Temporary Loan authorized pursuant to Subdivision 5 of Section 4 of the State Finance Law and Chapter 55, Part I, Section 1 and 1A, of the Laws of 2014-15.
