Section 1. Chapter 18-A of the consolidated laws is added to read as follows:

CHAPTER 18-A OF THE CONSOLIDATED LAWS
FINANCIAL SERVICES LAW
ARTICLE 1
GENERAL PROVISIONS

Section 101. Short title.

§ 101. Short title. This chapter shall be known and may be cited as the "financial services law".

§ 101-a. Legislative findings and determinations. The legislature finds and determines that the banking, insurance and financial services industries constitute a critical sector of New York state's economy. The legislature also finds and determines that responsive, effective, innovative, state banking and insurance regulation is necessary to operate in a global, evolving and competitive market place. The legislature additionally finds and determines that this legislation is necessary to modernize and transform the present state banking department and state insurance department into a new integrated department of financial services.

§ 102. Department of financial services. The legislature hereby declares that the purpose of this chapter is to consolidate the departments of insurance and banking, and provide for the enforcement of the insurance, banking and financial services laws, under the auspices of a single state agency to be known as the "department of financial services" and to accomplish goals including the following:

(a) To encourage, promote and assist banking, insurance and other financial services institutions to effectively and productively locate, operate, employ, grow, remain, and expand in New York state;

(b) To establish a modern system of regulation, rule making and adjudication that is responsive to the needs of the banking and insurance industries and to the needs of the state's consumers and residents;

(c) To provide for the effective and efficient enforcement of the banking and insurance laws;

(d) To expand the attractiveness and competitiveness of the state charter for banking institutions and to promote the conversion of banks to such status;

(e) To promote and provide for the continued, effective state regulation of the insurance industry;

(f) To provide for the regulation of new financial services products;

(g) To promote the prudent and continued availability of credit, insurance and financial products and services at affordable costs to New York citizens, businesses and consumers;

(h) To promote, advance and spur economic development and job creation in New York;

(i) To ensure the continued safety and soundness of New York's banking, insurance and financial services industries, as well as the prudent conduct of the providers of financial products and services, through responsible regulation and supervision;

(j) To protect the public interest and the interests of depositors, creditors, policyholders, underwriters, shareholders and stockholders;
To promote the reduction and elimination of fraud, criminal abuse
and unethical conduct by, and with respect to, banking, insurance and
other financial services institutions and their customers; and

ARTICLE 2

ORGANIZATION OF THE DEPARTMENT OF FINANCIAL SERVICES

Section 201. Declaration of policy.

202. Superintendent.

203. Deputies; employees.

204. Offices of the department.

205. Bureaus.

205-b. State charter advisory board.

206. Assessments to defray operating expenses of the department.

§ 201. Declaration of policy. (a) It is the intent of the legislature that the superintendent shall supervise the business of, and the persons providing, financial products and services, including any persons subject to the provisions of the insurance law and the banking law.

(b) The superintendent shall take such actions as the superintendent believes necessary to:

(1) foster the growth of the financial industry in New York and spur state economic development through judicious regulation and vigilant supervision;

(2) ensure the continued solvency, safety, soundness and prudent conduct of the providers of financial products and services;

(3) ensure fair, timely and equitable fulfillment of the financial obligations of such providers;

(4) protect users of financial products and services from financially impaired or insolvent providers of such services;

(5) encourage high standards of honesty, transparency, fair business practices and public responsibility;

(6) eliminate financial fraud, other criminal abuse and unethical conduct in the industry; and

(7) educate and protect users of financial products and services and ensure that users are provided with timely and understandable information to make responsible decisions about financial products and services.

§ 202. Superintendent. (a) The head of the department shall be the superintendent of financial services, who shall be appointed by the governor, by and with the advice and consent of the senate, and who shall hold office at the pleasure of the governor. The superintendent shall possess the rights, powers, and duties in connection with financial services and protection in this state, expressed or reasonably implied by this chapter or any other applicable law of this state.

(b) The superintendent may, in the superintendent's discretion, designate one of the superintendent's deputies to act as superintendent during the superintendent's absence or inability to act. If the office of superintendent is vacant, or if the superintendent's absence or
inability to act continues for a period of more than thirty successive
days, the governor may designate a deputy to act as superintendent until
the filling of the vacancy or the return or recovery of the superinten-
dent.

(c) Whenever in this chapter, the banking law, the insurance law or
any other law the superintendent is authorized but not required to take
any action or the superintendent's approval is required as a condition
precedent to the doing of any act, the taking of such action and the
giving of such approval shall be within the superintendent's sound
discretion. In taking any action with respect to any banking organiza-
tion, and in approving or disapproving any application made by a banking
organization, the superintendent shall give due consideration to the
policy of the state of New York as set forth in section ten of the bank-
ing law.

§ 203. Deputies; employees. (a) The superintendent shall appoint a
deputy for insurance who shall be the head of the insurance division and
a deputy for banking who shall be the head of the banking division. The
superintendent may appoint such other deputies as the superintendent
deems necessary to fulfill the responsibilities of the department. The
superintendent may remove at will any deputy appointed by the super-
intendent, except as may be otherwise provided by the civil service law.
(b) The superintendent may appoint and remove from time to time, in
accordance with law and any applicable rules of the state civil service
commission, such employees, under such titles as the superintendent may
assign, as the superintendent may deem necessary for the efficient
administration of the department. They shall perform such duties as the
superintendent shall assign to them. The compensation of such employees
shall be determined by the superintendent in accordance with law.
(c) Any action that the superintendent is required or authorized here-
after by this chapter, the banking law, the insurance law or other
laws to take may be taken by a deputy or authorized employee to whom the
duty of taking such action has been delegated or assigned by the super-
intendent.

§ 204. Offices of the department. Suitable offices for conducting the
business of the department shall be located in the cities of Albany and
New York, and such other cities as the superintendent deems necessary.
Necessary additional office, filing and storage space that cannot be
supplied by the state commissioner of general services may be leased by
the superintendent, and rent or expenses incurred pursuant to any such
lease shall, unless otherwise provided for, be paid on the certificate
of the superintendent and the audit and warrant of the comptroller.

§ 205. Bureaus. The superintendent shall establish an insurance divi-
sion and a banking division. The superintendent may establish such other
bureaus, divisions, and other units within the department as may be
necessary for the administration and operation of the department and the
proper exercise of its powers and the performance of its duties, under
this chapter, and may, from time to time, consolidate or abolish such
divisions, bureaus or other units within the department. Notwithstanding
any inconsistent provision of law, the superintendent may determine the
official functions of each division, bureau, or other unit within the
department. There shall be a head of each bureau, division or other unit
to be appointed by the superintendent, who shall serve at the pleasure
of the superintendent, except as may be otherwise provided by the civil
service law. The heads of bureaus, divisions or units in the banking and
insurance departments who are in office when this chapter takes effect
shall continue in office at the pleasure of the superintendent, except as may be otherwise provided by the civil service law.

§ 205-a. Report. Such working group shall consult, in making its examination, with representatives of the banking, insurance and financial services industries. On or before January first, two thousand twelve, the superintendent shall issue a report on the results of this review to the governor, the speaker of the assembly and the temporary president of the senate.

§ 205-b. State charter advisory board. There shall be within the department a state charter advisory board to work with the superintendent in retaining state chartered banking institutions, encouraging federally chartered institutions to convert to a state charter and promoting the state banking system. There shall be nine members of the advisory board who shall be appointed by the superintendent. The membership shall consist of: (a) one representative of credit unions, (b) one representative of consumers, (c) one representative of foreign banks; and (d) representatives of banks which, to the extent practicable, reflect a range of size and geographical location, provided, however, that at least one shall represent institutions of more than three billion dollars in assets; at least two shall represent institutions of less than five hundred million dollars in assets. The superintendent shall make rules to govern the method by which state chartered institutions may nominate persons to the board and the process for selecting such members, provided that the representative of consumers shall be selected by the superintendent. The term of each member of such advisory board shall be three years, or until a successor is appointed and vacancies shall be filled for the unexpired term only. The board shall meet at least three times annually pursuant to the call of the superintendent. Such meetings may be held by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time. The members of the advisory board shall receive no compensation nor reimbursement for expenses. The advisory board may:

(1) consider and recommend ways to maintain the state charter as a viable and attractive option, including bringing to the superintendent's attention issues of concern to state chartered banking institutions;

(2) consider and recommend ways to encourage banking institutions to offer a diversity of financial products and services throughout the state;

(3) recommend to the superintendent the establishment of such laws as may be deemed necessary, and the amendment or repeal thereof;

(4) recommend to the superintendent the promulgation of rules and regulations not inconsistent with the law, as may be deemed necessary, and the amendment or repeal thereof; and

(5) report within thirty days after receipt, on any proposed regulations, amendments thereto, or repeal thereof, prior to final action thereon by the superintendent.

The advisory board shall have no executive, administrative or appointive powers or duties.

§ 206. Assessments to defray operating expenses of the department.

(a) For each fiscal year commencing on or after April first, two thousand twelve, assessments to defray operating expenses, including all
direct and indirect costs, of the department, except expenses incurred
in the liquidation of banking organizations, shall be assessed by the
superintendent in accordance with this subsection. Persons regulated
under the insurance law shall be assessed by the superintendent for the
operating expenses of the department that are solely attributable to
regulating persons under the insurance law, which shall include any
expenses that were permissible to be assessed in fiscal year two thou-
sand nine-two thousand ten, with the assessments allocated pro rata upon
all domestic insurers and all licensed United States branches of alien
insurers domiciled in this state within the meaning of paragraph four of
subsection (b) of section seven thousand four hundred eight of the
insurance law, in proportion to the gross direct premiums and other
considerations, written or received by them in this state during the
calendar year ending December thirty-first immediately preceding the end
of the fiscal year for which the assessment is made (less return premi-
ums and considerations thereon) for policies or contracts of insurance
covering property or risks resident or located in this state the issu-
ance of which policies or contracts requires a license from the super-
intendent. Persons regulated under the banking law shall be assessed by
the superintendent for the operating expenses of the department that are
solely attributable to regulating persons under the banking law in such
proportions as the superintendent shall deem just and reasonable. Oper-
ating expenses of the department not covered by the assessments set
forth above shall be assessed by the superintendent in such proportions
as the superintendent shall deem just and reasonable upon all domestic
insurers and all licensed United States branches of alien insurers domi-
ciled in this state within the meaning of paragraph four of subsection
(b) of section seven thousand four hundred eight of the insurance law,
and upon any regulated person under the banking law, other than mortgage
loan originators, except as otherwise provided by sections one hundred
fifty-one and two hundred twenty-eight of the workers' compensation law
and by section sixty of the volunteer firefighters' benefit law. The
provisions of this subsection shall not be applicable to a bank holding
company, as that term is defined in article three-A of the banking law.
Persons regulated under the banking law will not be assessed for
expenses that the superintendent deems to benefit solely persons regu-
lated under the insurance law, and persons regulated under the insurance
law will not be assessed for expenses that the superintendent deems to
benefit solely persons regulated under the banking law.

(b) For each fiscal year commencing on or after April first, two thou-
sand twelve, a partial payment shall be made by each entity subject to
this section in a sum equal to twenty-five per centum, or such other per
centum or per centums as the superintendent may prescribe, of the annual
expenses assessed upon it for the fiscal year as estimated by the super-
intendent. Such payment shall be made on March tenth of the preceding
fiscal year and on June tenth, September tenth and December tenth of
each year, or at such other dates as the superintendent may prescribe.
The balance of assessments for the fiscal year shall be paid upon deter-
mination of the actual amount due in accordance with the provisions of
this section. Any overpayment of annual assessment resulting from
complying with the requirements of this subsection shall be applied
against the next estimated quarterly assessment, if less than or equal
to such amount, with any excess refunded to the assessed. As an alterna-
tive, if the estimated annual assessment for the fiscal year is equal to
or less than the annual minimum assessment set by the superintendent,
the superintendent may require full payment to be made on or before
(c) The expenses incurred in making examinations of, or for special services performed on account of, any bank holding company, as that term is defined in the banking law, or any regulated person under the banking law, shall be assessed provided, however, that the superintendent, in the superintendent's sole discretion, may determine, with respect to expenses incurred in the making of any specific examination or investigation, or the performing of any special services, that any such expense shall be assessed against and paid by the bank holding company or any other regulated person under the banking law for which they were incurred or performed.

(d) The expenses incurred in making an examination of any affiliate of a banking organization pursuant to the banking law, and the expenses incurred in making an examination, pursuant to the banking law, of a non-banking subsidiary of a corporation or any other entity that is an affiliate of a banking organization, shall be assessed against and paid by such banking organization if the affiliate cannot be assessed pursuant to the provisions of the banking law.

(e) The superintendent may, in the superintendent's sole discretion, upon notice, suspend the license, registration, certificate or authority (for purposes of this section, a license) granted to any person pursuant to this chapter, the banking law or insurance law, upon the failure of such person to make any payment required by this section within thirty days after the due date. If the superintendent has suspended any such license, such license may be reinstated if the superintendent determines that such person has made any such payments within ninety days after the date of such notice of suspension. Otherwise, unless the superintendent, in the superintendent's sole discretion, has extended such suspension, the license of such person shall be deemed to be automatically terminated by operation of law at the close of business on such ninetieth day.

(f) (1) The expenses of every examination of the affairs of any regulated person subject to the insurance law, including an appraisal of such regulated person's real property or of any real property on which such regulated person holds a mortgage, made pursuant to the authority conferred by any provision of this chapter, the insurance law or the banking law, shall be borne and paid by the regulated person so examined, but the superintendent, with the approval of the comptroller, may in the superintendent's discretion for good cause shown remit such charges.

(2) (A) For any such examination by the superintendent or a deputy superintendent personally, the charge made shall be only for necessary traveling expenses and other actual expenses. In all other cases, the expenses of examination shall also include reimbursement for the compensation paid for the services of persons employed by the superintendent or by the superintendent's authority to make such examination or appraisal.

(B) Notwithstanding any provisions of this section to the contrary, in case of an examination or appraisal of a domestic insurer made within this state, the traveling and living expense of the person or persons making the examination shall be considered a cost of operation, as referred to in section three hundred thirty-two of the insurance law and not an expense of examination.

(3) All charges, including necessary traveling and other actual expenses, except as hereinabove provided, as audited by the comptroller
and paid on the comptroller's warrant in the usual manner by the comptroller to the person or persons making the examination or appraisal, shall be presented to the insurer, or other person whose duty it is to pay the same, in the form of a copy of the itemized bill therefor as certified and approved by the superintendent or by any deputy superintendent or authorized employee of the department. Upon receiving such certified copy the insurer or other person whose duty it is to pay such charges shall pay the amount thereof to the superintendent, to be paid by the superintendent into the state treasury.

§ 402. Legislative declaration. The legislature hereby finds and declares that financial frauds take many forms across multiple industries. The legislature further finds that financial fraud is detrimental to the social and economic well-being of the citizens of this state. In order to more thoroughly uncover, investigate and eliminate the myriad financial frauds that may be perpetrated in, and may involve the people of, New York state, the legislature finds that it is appropriate that the responsibilities of the insurance frauds bureau and the criminal investigations bureau that were administered by the department of insurance and the department of banking, respectively, prior to the enactment of this article, be consolidated into a new financial frauds and consumer protection unit under the supervision of the superintendent.

§ 403. Financial frauds and consumer protection unit. (a) The superintendent shall establish a financial frauds and consumer protection unit in the department of financial services.

(b) The financial frauds and consumer protection unit shall be a qualified agency, as defined in section eight hundred thirty-five of the executive law, to enforce the provisions of this article and article four of the insurance law and article II-B of the banking law.

§ 404. Powers of the financial frauds and consumer protection unit. (a) The superintendent has authority under this article, the banking law, the insurance law and other applicable laws to investigate activities that may constitute violations subject to section four hundred eight of this article or violations of the insurance law or banking law and to develop evidence thereon.

(b) If the financial frauds and consumer protection unit has a reasonable suspicion that a person or entity has engaged, or is engaging, in fraud or misconduct with respect to the banking law, the insurance law, the provisions of this chapter or other laws pursuant to which the superintendent has investigatory or enforcement powers, then the superintendent, in the enforcement of relevant statutes and regulations, may undertake an investigation thereon, provided, however, that the scope of authority set forth in this section shall not be deemed to otherwise limit or impair the ability of the superintendent to assist any other entity in an investigation involving a violation of law, and provided further that the responsibility and power to investigate any specific frauds or misconduct enumerated in this chapter, the banking law, the
insurance law and other laws pursuant to which the superintendent has investigatory or enforcement powers shall be included under the jurisdiction of the financial frauds and consumer protection unit.

(c) Nothing in this chapter shall be construed to grant or authorize the financial frauds and consumer protection unit the specific powers or responsibilities of the consumer protection division of the department of state.

§ 405. Immunity. In the absence of fraud or bad faith, no person subject to the provisions of this chapter, the banking law or the insurance law shall be subject to civil liability, and no civil cause of action of any nature shall arise against such person for any: (a) information relating to suspected violations of the banking law or the insurance law furnished to law enforcement officials, their agents and employees; (b) information relating to suspected violations of the banking law or the insurance law furnished to other persons subject to the provisions of this chapter; and (c) information furnished in reports to the financial frauds and consumer protection unit, its agents or employees or any state agency investigating fraud or misconduct relating to financial fraud, its agents or employees. Nothing herein is intended to abrogate or modify in any way any common law privilege or immunity heretofore enjoyed by any person.

§ 406. Other law enforcement authority, powers and duties not affected or impaired. This article shall not:

(a) Preempt the authority or relieve the duty of other law enforcement agencies to investigate and prosecute suspected violations of law;

(b) Prevent or prohibit a person from voluntarily disclosing any information concerning violations of this article, the banking law or the insurance law to any law enforcement agency; or

(c) Limit any of the powers granted elsewhere in the banking law or insurance law or other laws to the superintendent or the department to investigate possible violations of law and take appropriate action.

§ 407. Intentionally omitted.

The superintendent shall have discretion to determine how operating expenses which are not solely attributable to regulating persons under either the insurance law or the banking law shall be allocated. 

§ 409. Reports. § 77. Criminal investigations bureau. The superintendent shall establish a criminal investigations bureau in the department.

§ 78. Powers of the bureau with respect to certain crimes and frauds. Provided, however, that. Notwithstanding the above-referenced laws or articles, the scope of authority set forth in this section shall not be deemed to otherwise limit or impair the ability of the department to assist any other entity in an investigation involving a violation of law.

§ 79. Immunity. In the absence of fraud or bad faith, no person or entity subject to the provisions of this chapter shall be subject to civil liability, and no civil cause of action of any nature shall arise against such person or entity, for providing information to law enforcement officials, including persons assigned to the criminal investigations bureau, relating to suspected criminal violations of this chapter or the affecting entities or persons subject to the jurisdiction of the department.

§ 80. Other law enforcement authority, powers and duties not affected or impaired. This article shall not:

§ 3. Section 401 of the insurance law is amended to read as follows:

§ 401. Title; legislative declaration and purpose. This article shall be known and may be cited as the "insurance frauds prevention act".

(a) The legislature finds and declares that the business of insurance directly and indirectly affects all sectors of the public, business and government. It further finds that the business of insurance, including organization and licensing, the issuance of policies, and the adjustment and payment of claims and losses, involve many transactions which have potential for abuse and illegal activities.

(b) The superintendent and the department have broad authority under this chapter to investigate activities which may be fraudulent and to develop evidence thereon. This article is intended to permit the full utilization of the expertise of the superintendent and the department so that they may more effectively investigate and discover insurance frauds, halt fraudulent activities and assist and receive assistance from federal and state law enforcement agencies in the prosecution of persons who are parties to insurance frauds.

(c) Arson for insurance fraud is a particularly damaging crime against society, destroying lives, property and neighborhoods. Insurance losses resulting from arson are reflected in higher premiums charged to residents of this state.

(d) This article establishes a framework within which the superintendent and the department can more effectively assist in the elimination of arson for insurance fraud. That increased capacity, together with a more effective monitoring of fire loss claims and payments by the insurance industry through centralized reporting and oversight, is intended to make it more difficult to perpetrate the crime of insurance fraud by arson.

If the superintendent shall determine not to [recommend approval of] approve such application, the superintendent shall notify the applicant or applicants in writing that the applicant or applicants may not exercise such federally permitted power. If the superintendent [determines to recommend approval of such application, and the banking board approves such application by adoption of a resolution,] approves such application, the superintendent shall notify the applicant or applicants in writing thereof, and the applicant or applicants may exercise such federally permitted power subject to such terms and conditions as the [banking board] superintendent may have approved. [If the banking board declines to approve such application, the superintendent shall notify the applicant or applicants in writing thereof.] Notwithstanding any other law, the [banking board, upon the recommendation of the] superintendent[,] may[by resolution,] make the approval of an application under this section applicable to one or more additional state chartered banking institutions that are qualified to exercise the same federally permitted powers as the applicant or applicants pursuant to subdivision two of this section, subject to such terms and conditions as the superintendent shall find necessary and appropriate [and as approved by the banking board].

(i) consistent with the policy of the state of New York as declared in section ten of this article and thereby protects the public interest, including the interests of depositors, creditors, shareholders, stockholders and consumers; and

(ii) necessary to achieve or maintain parity between state chartered banking institutions and their counterpart federally chartered banking institutions with respect to rights, powers, privileges, benefits, activities, loans, investments or transactions.

7. (a) In those instances where state chartered banking institutions are permitted to engage in the business of insurance pursuant to this section, they shall do so subject to regulation by the department of insurance and pursuant to all insurance laws, rules, and regulations; provided, however, that the superintendent may exempt state chartered banking institutions from any insurance law, rule or regulation which has been preempted under federal law, rule or regulation for federally chartered banking institutions if such law, rule or regulation has been preempted because it applies to insurance activities of federally chartered banking institutions and not to those of other entities.

(b) In those instances where a federally permitted power authorized pursuant to this section is subject to regulation by an agency, as defined in subdivision one of section one hundred two of the state administrative procedure act, other than the superintendent, then when a state chartered banking institution exercises such federally permitted power, unless it is so authorized by other New York state law, or a rule, regulation or policy adopted pursuant to such other New York state law, or by a judicial decision, it shall do so subject to such regulation to the same extent and in the same manner as such agency regulates entities other than state chartered banking institutions, except to the extent that federally chartered banking institutions are not subject to such regulation.

(i) is not a deposit;

(ii) is not insured by the federal deposit insurance corporation or the national credit union share insurance fund, as applicable; and

This prohibition shall not prevent a state chartered banking institution or federally chartered banking institution from informing a customer that insurance is required in order to obtain a loan or credit, that loan or credit approval is contingent upon the customer's procurement of acceptable insurance, or that insurance is available from the state chartered banking institution or federally chartered banking institution; provided, however, that the state chartered banking institution or federally chartered banking institution shall also inform the customer in writing that his or her choice of insurance provider shall not affect the state chartered banking institution's or federally chartered banking institution's credit decision or credit terms in any way. Such dis- closure shall be given prior to or at the time that a state chartered bank- ing institution or federally chartered banking institution or person selling insurance on the premises thereof solicits the purchase of any insurance from a customer who has applied for a loan or extension of credit.

(f) No state chartered banking institution or federally chartered banking institution shall require a debtor, insurer, or insurance agent or broker to pay a separate charge in connection with the handling of insurance that is required in connection with a loan or other extension of credit or the provision of another traditional banking product solely because the insurance is being provided by an insurance agent or broker which is not the state chartered banking institution or federally char- tered banking institution or any subsidiary or affiliate thereof.

(g)] (c) Any state chartered banking institution or federally char- tered banking institution and any subsidiary or affiliate thereof which is licensed to sell insurance in this state shall maintain separate and distinct books and records relating to its insurance transactions, including all files relating to and reflecting consumer complaints, and such insurance books and records shall be made available to the super- intendent [of insurance] for inspection upon reasonable notice.

PART C

Section 1. This act enacts into law major components of legislation which are necessary to implement the state fiscal plan for the 2011-2012 state fiscal year. Each component is wholly contained within a Subpart identified as Subparts A and B. The effective date for each particular provision contained within such Subpart is set forth in the last section of such Subpart. Any provision in any section contained within a Subpart, including the effective date of the Subpart, which makes a reference to a section "of this act", when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Subpart in which it is found. Section three of this act sets forth the general effective date of this act.

SUBPART A

Section 1. Legislative intent. In 1996, the legislature changed the penal law to include as an express purpose of imprisonment, the promotion of inmates' successful and productive reentry into society. Toward this end, many new responsibilities have been placed on both corrections officials and parole officials to ready inmates for their release into the community such as: obtaining their birth certificates and social security cards prior to release, preparing Medicaid applications as warranted, securing identification cards from the department of motor vehicles, and providing them with voter registration forms. In addition, transitional services programs have now become mandatory for all inmates. Transition accountability plans will be developed for each inmate, starting with their time in general confinement and culminating with the inmate's successful reintegration into the community. Furthermore, direct linkages with local agencies have been greatly enhanced with the creation of Re-entry Task Forces throughout the state. As a result of the evolution of the sentencing structure and focus on reentry the historical separation of the department of correctional services and the division of parole is no longer warranted. In view of the commonality of purpose governing the fundamental missions of both agencies, a single new state agency should be created to oversee the combined responsibilities of both and, in effect, provide for a seamless
network for the care, custody, treatment and supervision of a person, from the day a sentence of state imprisonment commences, until the day such person is discharged from supervision in the community. This not only will enhance public safety by achieving better outcomes for the greatest number of individuals being released from prison, but also will allow for greater efficiencies and the elimination of duplicative responsibilities, thus resulting in significant savings for the state.

However, it is not the intent of the legislature in enacting this merger, to diminish in any way the significant roles corrections officers and parole officers serve in the criminal justice system, and it is not to imply that they are interchangeable. The purpose of this legislation is to recognize where the mission of both entities is similar and that by combining the administrations of each, not only can fiscal efficiencies be achieved but also that services can be provided on a continuum rather than an abrupt transfer of responsibility.

It is fundamental that the board of parole retain its authority to make release decisions based on the board members' independent judgment and application of statutory criteria as well as decisions regarding revocations of release. To this end, the legislation makes clear that the board shall continue to exercise its independence when making such decisions. The new agency's provision of administrative support will not undermine the board's independent decision-making authority.

§ 1-a. Subdivisions 1, 2 and 18 of section 2 of the correction law, subdivisions 1 and 2 as separately amended by chapters 475 and 476 of the laws of 1970 and subdivision 18 as amended by section 1 of part AAA of chapter 56 of the laws of 2009, are amended and a new subdivision 31 is added to read as follows:

Any expense incurred under the provisions of this section, with respect to any inmate permitted to attend a funeral or visit a relative during last illness, shall be deemed an expense of maintenance of the institution and be paid from moneys available therefor; but the superintendent, if the rules and regulations of the commissioner [of correctional services] shall so provide, may allow the inmate or anyone in his behalf to reimburse the state for such expense. [Any expense of custodial officers incurred in delivering and returning inmates to and from an induction center shall be deemed an expense of the institution and be paid from moneys available therefor but expenses of such inmates shall not be defrayed by the institution or department or the state.]

However, no such contract shall be for a period of more than one year and any prices fixed by such contract shall be the prices established pursuant to section one hundred eighty-six of this article for like articles or shall be approved by the department of [correctional services] corrections and community supervision and the director of the budget on presentation to them of a copy of such contract or proposed contract, and provided further that any distribution or diversification of industries provided for by such contract

However, the price established by the commissioner for license plates sold to the New York state department of motor vehicles shall in no event exceed an amount approved by the director of the budget.

Such compensation shall be graded by the department of [correctional services] corrections and community supervision based upon the work performed by such prisoners with regard to inmates employed in prison industries, and by the sheriffs in all local correctional facilities for inmates confined therein.

2. The department of [correctional services] corrections and community supervision shall adopt rules, subject to the approval of the director of the budget, for establishing in all of the state correctional facilities a system of compensation for the inmates confined therein. 3. The department shall prepare graded wage schedules for inmates, which [schedule] schedules shall be based upon classifications according to the value of work performed by each. Such schedules need not be uniform in all institutions. The rules of the department shall also provide for the establishment of a credit system for each inmate and the

4. Any compensation paid to an inmate under this article shall be based on the work performed by such inmate. Compensation may be paid from moneys appropriated to the department and available to facilities for nonpersonal service.

3. In determining the amount of the proceeds from a sale of a product that may be deposited to the account of an inmate, the commissioner may provide for the deduction from the sum of the proceeds the reasonable expenses of the department including but not limited to, the value of materials and supplies for the production of the product supplied without financial charge to the inmate and the expenses of transporting the product for sale or display or otherwise.

§ 32. The correction law is amended by adding a new article 8 to read as follows:

ARTICLE 8
COMMUNITY SUPERVISION
Section 201. Authority and responsibility for community supervision.

Section 205. Merit termination of sentence and discharge from presumptive release, parole, conditional release and release to post-release supervision.
Section 206. Applications for presumptive release or conditional release.
Section 207. Cooperation.
Section 208. Deputization of out-of-state officers.
other data required by the state board of parole in the exercise of its independent decision making functions.

2. In accordance with the provisions of this chapter, the department shall supervise inmates released to community supervision, except that the department may consent to the supervision of a released inmate by the United States parole commission pursuant to the witness security act of nineteen hundred eighty-four.

3. To facilitate the supervision of all inmates released to community supervision, the commissioner shall consider the implementation of a program of graduated sanctions, including but not limited to the utilization of a risk and needs assessment instrument that would be administered to all inmates eligible for community supervision. Such a program would include various components including approaches that concentrate supervision on new releases, alternatives to incarceration for technical parole violators and the use of enhanced technologies.

4. The department shall conduct such investigations as may be necessary in connection with alleged violations of community supervision.

5. The department shall assist inmates eligible for community supervision and inmates who are on community supervision to secure employment, educational or vocational training, and housing.

6. The department shall have the duty to provide written notice to inmates prior to release to community supervision or pursuant to subdivision six of section 410.91 of the criminal procedure law of any requirement to report to the office of victim services any funds of a convicted person as defined in section six hundred thirty-two-a of the executive law, the procedure for such reporting and any potential penalty for a failure to comply.

7. The department shall encourage apprenticeship training of such persons through the assistance and cooperation of industrial, commercial and labor organizations.

8. The department may establish a community supervision transition program, which is hereby defined as community-based residential facilities designed to aid community supervision violators to develop an increased capacity for adjustment to community living. Presumptive releasees, parolees, conditional releasees and those under post-release supervision who have either (a) been found pursuant to article twelve-B of the executive law to have violated one or more conditions of release in an important respect, or (b) allegedly violated one or more of such conditions upon a finding of probable cause at a preliminary hearing or upon the waiver thereof may be placed in a community supervision transition facility. Placement in such a facility upon a finding of probable cause or the waiver thereof shall not preclude the conduct of a revocation hearing, nor, absent a waiver, operate to deny the releasee's right to such revocation hearing.

9. (a) The department shall collect a fee of thirty dollars per month, from all persons over the age of eighteen who after the effective date of this subdivision are supervised on presumptive release, parole, conditional release or post-release supervision. The department shall waive all or part of such fee where, because of the indigence of the offender, the payment of said fee would work an unreasonable hardship on the person convicted, his or her immediate family, or any other person who is dependent on such person for financial support.

(b) The supervision fee authorized by this subdivision shall not constitute nor be imposed as a condition of community supervision.

(c) In the event of non-payment of any fees that have not been waived, the department may seek to enforce payment in any manner permitted by

New York Office of the State Comptroller
law for enforcement of a debt owed to the state; provided, however, such enforcement shall not include use of any private debt collection agency or service.

(d) Nothing contained in this subdivision affects or limits the provisions of section two hundred fifty-nine-mm of the executive law, relating to out-of-state parole supervision. Prior to a transfer of parole supervision to another state, the department shall eliminate any supervision fee imposed pursuant to this subdivision. The department may collect a fee, pursuant to this subdivision and regulations promulgated thereunder, from any person whose parole supervision is transferred to this state from another.

10. The department shall have the power to grant and revoke certificates of relief from disabilities and certificates of good conduct as provided for by law.

11. In any case where a person is entitled to jail time credit under the provisions of paragraph (c) of subdivision three of section 70.40 of the penal law, to certify to the person in charge of the institution in which such person's sentence is being served the amount of such credit.

12. The department shall supervise all persons who are released and subject to a regimen of strict and intensive supervision and treatment pursuant to article ten of the mental hygiene law. The department shall issue and periodically update rules and regulations concerning the supervision of such persons in consultation with the office of sex offender management in the division of criminal justice services and the office of mental health.

13. The department shall perform such other functions as are necessary and proper in furtherance of the objective of maintaining an effective, efficient and fair system of community supervision.

14. The commissioner shall promulgate such regulations as are necessary and proper for the efficient performance of the functions set forth in this article. He or she shall have the authority to contract with public or private agencies for the performance of the functions set forth in this section as are necessary or appropriate to promote the efficient performance of such responsibilities, except the functions defined in subdivisions one, two, four, ten and twelve of this section.

15. The commissioner shall provide an annual report to the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and minority leader of the assembly, commencing January first, two thousand twelve. Such report shall include but not be limited to the number of persons: released to community supervision and the release type; supervised on community supervision during the preceding year; whose community supervision was revoked; returned to incarceration for conviction of a new felony committed while on community supervision; transferred out of state pursuant to the Interstate Compact for Adult Supervision. In addition, the commissioner shall provide other available information regarding community supervision to the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and minority leader of the assembly upon request.

§ 203. Regulations for release of certain sex offenders. 1. The commissioner shall promulgate rules and regulations that shall include guidelines and procedures on the placement of sex offenders designated as level two or level three offenders pursuant to article six-C of this chapter. Such regulations shall provide instruction on certain factors to be considered when investigating and approving the residence of level two or level three sex offenders released on presumptive release,
parole, conditional release or post-release supervision. Such factors shall include the following:

(a) the location of other sex offenders required to register under the sex offender registration act, specifically whether there is a concentration of registered sex offenders in a certain residential area or municipality;

(b) the number of registered sex offenders residing at a particular property;

(c) the proximity of entities with vulnerable populations;

(d) accessibility to family members, friends or other supportive services, including, but not limited to, locally available sex offender treatment programs with preference for placement of such individuals into programs that have demonstrated effectiveness in reducing sex offender recidivism and increasing public safety; and

(e) the availability of permanent, stable housing in order to reduce the likelihood that such offenders will be transient.

2. The department shall have the duty, prior to the release to community supervision of an inmate designated a level two or three sex offender pursuant to the sex offender registration act, to provide notification to the local social services district in the county in which the inmate expects to reside, when information available or any other pre-release procedures indicates that such inmate is likely to seek to access local social services for homeless persons. The department shall provide such notice, when practicable, thirty days or more before such inmate's release, but in any event, in advance of such inmate's arrival in the jurisdiction of such local social services district.

§ 205. Merit termination of sentence and discharge from presumptive release, parole, conditional release and release to post-release supervision. 1. The department may grant to any person a merit termination of sentence from presumptive release, parole, conditional release or release to post-release supervision prior to the expiration of the full term or maximum term, provided it is determined by the department that such merit termination is in the best interests of society, such person is not required to register as a sex offender pursuant to article six-C of this chapter, and such person is not on presumptive release, parole, conditional release or release to post-release supervision from a term of imprisonment imposed for any of the following offenses, or for an attempt to commit any of the following offenses:

(a) a violent felony offense as defined in section 70.02 of the penal law;

(b) murder in the first degree or murder in the second degree;

(c) an offense defined in article one hundred thirty of the penal law;

(d) unlawful imprisonment in the first degree, kidnapping in the first degree, or kidnapping in the second degree, in which the victim is less than seventeen years old and the offender is not the parent of the victim;

(f) disseminating indecent material to minors in the first degree or disseminating indecent material to minors in the second degree;

(g) incest;

(h) an offense defined in article two hundred sixty-three of the penal law;

(i) a hate crime as defined in section 485.05 of the penal law; or

(j) an offense defined in article four hundred ninety of the penal law.
2. A merit termination granted by the department under this section shall constitute a termination of the sentence with respect to which it was granted. No such merit termination shall be granted unless the department is satisfied that termination of sentence from presumptive release, parole, conditional release or post-release supervision is in the best interest of society, and that the parolee or releasee, otherwise financially able to comply with an order of restitution and the payment of any mandatory surcharge previously imposed by a court of competent jurisdiction, has made a good faith effort to comply there-with.

3. A merit termination of sentence may be granted after two years of presumptive release, parole, conditional release or release to post-release supervision to a person serving a sentence for a class A felony offense as defined in article two hundred twenty of the penal law. A merit termination of sentence may be granted to all other eligible persons after one year of presumptive release, parole, conditional release or release to post-release supervision.

4. The department must grant termination of sentence after three years of unrevoked presumptive release or parole to a person serving an indeterminate sentence for a class A felony offense defined in article two hundred twenty of the penal law, and must grant termination of sentence after two years of unrevoked presumptive release or parole to a person serving an indeterminate sentence for any other felony offense defined in article two hundred twenty or two hundred twenty-one of the penal law.

5. The commissioner, in consultation with the chairman of the board of parole, shall promulgate rules and regulations governing the issuance of merit terminations of sentence and discharges from presumptive release, parole, conditional release or post-release supervision to assure that such terminations and discharges are consistent with public safety. The board of parole shall have access to merit termination application case files and corresponding decisions to assess the effectiveness of the rules and regulations in ensuring public safety. Such review will in no manner effect the decisions made with regard to individual merit termination determinations.

§ 206. Applications for presumptive release or conditional release.
1. All requests for presumptive release or conditional release shall be made in writing on forms prescribed and furnished by the department. Within one month from the date any such application is received, if it appears that the applicant is eligible for presumptive release or conditional release or will be eligible for such release during such month, the conditions of release shall be fixed in accordance with rules prescribed by the board of parole. Such conditions shall be substantially the same as conditions imposed upon parolees.

2. No person shall be presumptively released or conditionally released, unless the applicant has agreed in writing to the conditions of release. The agreement shall state in plain, easily understandable language the consequences of a violation of one or more of the conditions of release.

§ 207. Cooperation. It shall be the duty of the commissioner of corrections and community supervision to insure that all officers and employees of the department shall at all times cooperate with the board of parole and shall furnish to such members and employees of the board of parole such information as may be appropriate to enable them to perform their independent decision making functions. It is also his or her duty to ensure that the functions of the board of parole are not

(a) (i) Except as provided in subparagraph (ii) of this paragraph, at least one month prior to the date on which an inmate may be paroled pursuant to subdivision one of section 70.40 of the penal law, a member or members as determined by the rules of the board shall personally interview such inmate and determine whether he should be paroled in accordance with the guidelines adopted pursuant to subdivision four of section two hundred fifty-nine-c of this article. If parole is not granted upon such review, the inmate shall be informed in writing within two weeks of such appearance of the factors and reasons for such denial of parole. Such reasons shall be given in detail and not in conclusory terms. The board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If the inmate is released, he shall be given a copy of the conditions of parole. Such conditions shall where appropriate, include a requirement that the parolee comply with any restitution order, mandatory surcharge, sex offender registration fee and DNA databank fee previously imposed by a court of competent jurisdiction that applies to the parolee. The board of parole conditions shall indicate which restitution collection agency established under subdivision eight of section 420.10 of the criminal procedure law, shall be responsible for collection of restitution, mandatory surcharge, sex offender registration fees and DNA databank fees as provided for in section 60.35 of the penal law and section eighteen hundred nine of the vehicle and traffic law.

(ii) Any inmate who is scheduled for presumptive release pursuant to section eight hundred six of the correction law shall not appear before the parole board as provided in subparagraph (i) of this paragraph unless such inmate’s scheduled presumptive release is forfeited, canceled, or rescinded subsequently as provided in such law. In such event, the inmate shall appear before the parole board for release consideration as provided in subparagraph (i) of this paragraph as soon thereafter as is practicable.

(b) Persons presumptively released, paroled, conditionally released or released to post-release supervision from an institution under the jurisdiction of the department of correctional services or the office of children and family services shall, while on presumptive release, parole, conditional release or post-release supervision, be in the legal custody of the division of parole department until expiration of the maximum term or period of sentence, or expiration of the period of supervision, including any period of post-release supervision, or return to imprisonment in the custody of the department, as the case may be.

(A) Discretionary release on parole shall not be granted merely as a reward for good conduct or efficient performance of duties while confined but after considering if there is a reasonable probability that, if such inmate is released, he will live and remain at liberty without violating the law, and that his release is not incompatible with
the welfare of society and will not so deprecate the seriousness of his crime as to undermine respect for law. In making the parole release decision, the [guidelines] procedures adopted pursuant to subdivision four of section two hundred fifty-nine-c of this article shall require that the following be considered: (i) the institutional record including program goals and accomplishments, academic achievements, vocational education, training or work assignments, therapy and [interpersonal relationships] interactions with staff and inmates; (ii) performance, if any, as a participant in a temporary release program; (iii) release plans including community resources, employment, education and training and support services available to the inmate; (iv) any deportation order issued by the federal government against the inmate while in the custody of the department [of correctional services] and any recommendation regarding deportation made by the commissioner of the department [of correctional services] pursuant to section one hundred forty-seven of the correction law; (v) any statement made to the board by the crime victim or the victim's representative, where the crime victim is deceased or is mentally or physically incapacitated; [and (vi) the length of the determinate sentence to which the inmate would be subject had he or she received a sentence pursuant to section 70.70 or section 70.71 of the penal law for a felony defined in article two hundred twenty or article two hundred twenty-one of the penal law; (vii) the seriousness of the offense with due consideration to the type of sentence, length of sentence and recommendations of the sentencing court, the district attorney, the attorney for the inmate, the pre-sentence probation report as well as consideration of any mitigating and aggravating factors, and activities following arrest prior to confinement; and (viii) prior criminal record, including the nature and pattern of offenses, adjustment to any previous probation or parole supervision and institutional confinement. The board shall provide toll free telephone access for crime victims. In the case of an oral statement made in accordance with subdivision one of section 440.50 of the criminal procedure law, the parole board member shall present a written report of the statement to the parole board. A crime victim's representative shall mean the crime victim's closest surviving relative, the committee or guardian of such person, or the legal representative of any such person. Such statement submitted by the victim or victim's representative may include information concerning threatening or intimidating conduct toward the victim, the victim's representative, or the victim's family, made by the person sentenced and occurring after the sentencing. Such information may include, but need not be limited to, the threatening or intimidating conduct of any other person who or which is directed by the person sentenced. [Notwithstanding the provisions of this section, in making the parole release decision for persons whose minimum period of imprisonment was not fixed pursuant to the provisions of subdivision one of this section, in addition to the factors listed in this paragraph the board shall consider the factors listed in paragraph (a) of subdivision one of this section.]

(d) (i) Notwithstanding the provisions of paragraphs (a), (b) and (c) of this subdivision, after the inmate has served his minimum period of imprisonment imposed by the court, or at any time after the inmate's period of imprisonment has commenced for an inmate serving a determinate or indeterminate term of imprisonment, provided that the inmate has had a final order of deportation issued against him and provided further that the inmate is not convicted of either an A-I felony offense other than an A-I felony offense as defined in article two hundred twenty of

S. 2812--C 79 A. 4012--C
the penal law or a violent felony offense as defined in section 70.02 of
the penal law, if the inmate is subject to deportation by the United
States Bureau of Immigration and Naturalization Service, Customs
Enforcement, in addition to the criteria set forth in paragraph (c) of
this subdivision, the board may consider, as a factor warranting earlier
release, the fact that such inmate will be deported, and may grant
parole from an indeterminate sentence or release for deportation from a
determinate sentence to such inmate conditioned specifically on his
prompt deportation. The board may make such conditional grant of early
parole from an indeterminate sentence or release for deportation from a
determinate sentence only where it has received from the United States
Bureau of Immigration and Naturalization Service, Customs Enforcement
assurance (A) that an order of deportation will be executed or that
proceedings will promptly be commenced for the purpose of deportation
upon release of the inmate from the custody of the department of correc-
tional services, and (B) that the inmate, if granted parole or release
for deportation pursuant to this paragraph, will not be released from
the custody of the United States Bureau of Immigration and Naturaliza-
tion Service, Customs Enforcement, unless such release be as a result of
deportation without providing the board a reasonable opportunity to
arrange for execution of its warrant for the retaking of such person.
(ii) An inmate who has been granted parole from an indeterminate
sentence or release for deportation from a determinate sentence pursuant
to this paragraph shall be delivered to the custody of the United States
Bureau of Immigration and Naturalization Service, Customs Enforcement
along with the board's warrant for his retaking to be executed in the
event of his release from such custody other than by deportation. In the
event that such person is not deported, the board shall execute the
warrant, effect his return to imprisonment in the custody of the depart-
ment of correctional services and within sixty days after such return,
provided that the person is serving an indeterminate sentence and the
minimum period of imprisonment has been served, personally interview him
to determine whether he should be paroled in accordance with the
provisions of paragraphs (a), (b) and (c) of this subdivision. The
return of a person granted parole from an indeterminate sentence or
release for deportation from a determinate sentence pursuant to this
paragraph for the reason set forth herein shall not be deemed to be a
parole delinquency and the interruptions specified in subdivision three
of section 70.40 of the penal law shall not apply, but the time spent in
the custody of the United States Bureau of Immigration and Naturaliza-
tion Service, Customs Enforcement shall be credited against the term of
the sentence in accordance with the rules specified in paragraph (c) of
that subdivision. Notwithstanding any other provision of law, any
inmate granted parole from an indeterminate sentence or release for
deportation from a determinate sentence pursuant to this paragraph who
is subsequently committed to imprisonment in the custody of the depart-
ment of correctional services for a felony offense committed after
release pursuant to this paragraph shall have his parole eligibility
date on the indeterminate sentence for the new felony offense, or his
conditional release date on the determinate sentence for the new felony
offense, as the case may be, extended by the amount of time between the
date on which such inmate was released from imprisonment in the custody
of the department of correctional services pursuant to this paragraph
and the date on which such inmate would otherwise have completed service
of the minimum period of imprisonment on the prior felony offense.
(i) If the parole officer having charge of a presumptively released, paroled or conditionally released person or a person released to post-release supervision or a person received under the uniform act for out-of-state parolee supervision shall have reasonable cause to believe that such person has lapsed into criminal ways or company, or has violated one or more conditions of his presumptive release, parole, conditional release or post-release supervision, such parole officer shall report such fact to a member of the board [of parole], or to any officer of the [division] department designated by the board, and thereupon a warrant may be issued for the retaking of such person and for his temporary detention in accordance with the rules of the board. The retaking and detention of any such person may be further regulated by rules and regulations of the [division] department not inconsistent with this article. A warrant issued pursuant to this section shall constitute sufficient authority to the superintendent or other person in charge of any jail, penitentiary, lockup or detention pen to whom it is delivered to hold in temporary detention the person named therein; except that a warrant issued with respect to a person who has been released on medical parole pursuant to section two hundred fifty-nine-r of this article and whose parole is being revoked pursuant to paragraph (h) of subdivision four of such section shall constitute authority for the immediate placement of the parolee only into imprisonment in the custody of the department [of correctional services] to hold in temporary detention. A warrant issued pursuant to this section shall also constitute sufficient authority to the person in charge of a drug treatment campus, as defined in subdivision twenty of section two of the correction law, to hold the person named therein, in accordance with the procedural requirements of this section, for a period of at least ninety days to complete an intensive drug treatment program mandated by the board [of parole] as an alternative to presumptive release or parole or conditional release revocation, or the revocation of post-release supervision, and shall also constitute sufficient authority for return of the person named therein to local custody to hold in temporary detention for further revocation proceedings in the event said person does not successfully complete the intensive drug treatment program. The board’s rules shall provide for cancellation of delinquency and restoration to supervision upon the successful completion of the program.

(iii) Where the alleged violator is detained in another state pursuant to such warrant and is not under parole supervision pursuant to the uniform act for out-of-state parolee supervision or where an alleged violator under parole supervision pursuant to the uniform act for out-of-state parolee supervision is detained in a state other than the receiving state, the warrant will not be deemed to be executed until the alleged violator is detained exclusively on the basis of such warrant and the [division-of-parole] department has received notification that the alleged violator (A) has formally waived extradition to this state or (B) has been ordered extradited to this state pursuant to a judicial determination. The alleged violator will not be considered to be within the convenience and practical control of the [division-of-parole] department until the warrant is deemed to be executed.

(x) If the presiding officer is satisfied that there is a preponderance of evidence that the alleged violator violated one or more conditions of release in an important respect, he or she shall so find. For each violation so found, the presiding officer may (A) direct that the presumptive releasee, parolee, conditional releasee or person serving a period of post-release supervision be restored to supervision; (B) as an
alternative to reincarceration, direct the presumptive releasee, parolee, conditional releasee or person serving a period of post-release supervision be placed in a parole transition facility for a period not to exceed one hundred eighty days and subsequent restoration to supervision; (C) in the case of presumptive releasees, parolees or conditional releasees, direct the violator's reincarceration and fix a date for consideration by the board for re-release on presumptive release, or parole or conditional release, as the case may be; or (D) in the case of persons released to a period of post-release supervision, direct the violator's reincarceration up to the balance of the remaining period of post-release supervision, not to exceed five years; provided, however, that a defendant serving a term of post-release supervision for a conviction of a felony sex offense defined in section 70.80 of the penal law may be subject to a further period of imprisoninent up to the balance of the remaining period of post-release supervision. [Where a date has been fixed for the violator's re-release on presumptive release, parole or conditional release, as the case may be, the board or board member may waive the personal interview between a member or members of the board and the violator to determine the suitability for re-release; provided, however, that the board shall retain the authority to suspend the date fixed for re-release and to require a personal interview based on the violator's institutional record or on such other basis as is authorized by the rules and regulations of the board. If an interview is required, the board shall notify the violator of the time of such interview in accordance with the rules and regulations of the board. If the violator is placed in a parole transition facility or restored to supervision, the presiding officer may impose such other conditions of presumptive release, parole, conditional release, or post-release supervision as he or she may deem appropriate, as authorized by rules of the board.] For the violator serving an indeterminate sentence who while re-incarcerated has not been found by the department to have committed a serious disciplinary infraction, such violator shall be re-released on the date fixed at the revocation hearing. For the violator serving an indeterminate sentence who has been found by the department to have committed a serious disciplinary infraction while re-incarcerated, such violator shall be re-released on the date fixed at the revocation hearing. The board shall retain the authority to suspend the date fixed for re-release based on the violator's commission of a serious disciplinary infraction and shall in such case require a personal interview be conducted within a reasonable time between a panel of members of the board and the violator to determine suitability for re-release. If an interview is required, the board shall notify the violator in advance of the date and time of such interview in accordance with the rules and regulations of the board.

(i) Where there is reasonable cause to believe that a presumptive releasee, parolee, conditional releasee or person under post-release supervision has absconded from supervision the board may declare such person to be delinquent. This paragraph shall not be construed to deny such person a preliminary revocation hearing upon his retaking, nor to relieve the [division of parole] department of any obligation it may have to exercise due diligence to retake the alleged absconder, nor to
§ 38-f-2. Paragraph (a) of subdivision 2 of section 259-i of the executive law, as amended by chapter 396 of the laws of 1987, is amended to read as follows:

If parole is not granted upon such review, the inmate shall be informed in writing within two weeks of such appearance of the factors and reasons for such denial of parole. Such reasons shall be given in detail and not in conclusory terms. The board shall specify a date not more than twenty-four months from such determination for reconsideration, and the procedures to be followed upon reconsideration shall be the same. If the inmate is released, he shall be given a copy of the conditions of parole. Such conditions shall where appropriate, include a requirement that the parolee comply with any restitution order and mandatory surcharge previously imposed by a court of competent jurisdiction that applies to the parolee. The board of parole conditions shall indicate which restitution collection agency established under subdivision eight of section 420.10 of the criminal procedure law, shall be responsible for collection of restitution and mandatory surcharge as provided for in section 60.35 of the penal law and section eighteen hundred nine of the vehicle and traffic law.

2. A merit termination granted by the division of parole under this section shall constitute a termination of the sentence with respect to which it was granted. No such merit termination shall be granted unless the division of parole is satisfied that termination of sentence from presumptive release, parole or from conditional release is in the best interest of society, and that the parolee or releasee, otherwise financially able to comply with an order of restitution and the payment of any mandatory surcharge previously imposed by a court of competent jurisdiction, has made a good faith effort to comply therewith.

3. The division of parole must grant termination of sentence after three years of unrevoked presumptive release or parole to a person serving an indeterminate sentence for a class A felony offense as defined in article two hundred twenty of the penal law, and must grant termination of sentence after two years of unrevoked presumptive release or parole to a person serving an indeterminate sentence for any other felony offense defined in article two hundred twenty or article two hundred twenty-one of the penal law.

4] Discharge of sentence. 1. Except where a determinate sentence was imposed for a felony other than a felony defined in article two hundred twenty or article two hundred twenty-one of the penal law, if the board of parole is satisfied that an absolute discharge from presumptive release, parole, conditional release or release to a period of post-release supervision is in the best interests of society, the board may grant such a discharge prior to the expiration of the full term or maximum term to any person who has been on unrevoked presumptive release, parole, conditional release or release to post-release supervision for at least three consecutive years. A discharge granted under this section shall constitute a termination of the sentence with respect to which it was granted. No such discharge shall be granted unless the board is satisfied that the parolee or releasee, otherwise financially able to comply with an order of restitution and the payment of any mandatory surcharge, sex offender registration fee or DNA data bank fee previously imposed by a court of competent jurisdiction, has made a good faith effort to comply therewith.

[§] 2. The chairman of the board of parole shall promulgate rules and regulations governing the issuance of discharges from presumptive release, parole, conditional release or release to post-release community supervision pursuant to this section to assure that such discharges are consistent with public safety.

[6-] 3. Notwithstanding any other provision of this section to the contrary, where a term of post-release supervision in excess of five
years has been imposed on a person convicted of a crime defined in arti-

cle one hundred thirty of the penal law, including a sexually motivated
felony, the [division] board of parole may grant a discharge from post-
release supervision prior to the expiration of the maximum term of post-
release supervision. Such a discharge may be granted only after the
person has served at least five years of post-release supervision, and
only to a person who has been on unrevoked post-release supervision for
at least three consecutive years. No such discharge shall be granted
unless the [division] board of parole[–(a)] or the department acting
pursuant to its responsibility under subdivision one of section two
hundred one of the correction law consults with any licensed psychol-
ologist, qualified psychiatrist, or other mental health professional who
is providing care or treatment to the supervisee; [–(b)] and the board:
(a) determines that a discharge from post-release supervision is in the
best interests of society; and [–(c)] (b) is satisfied that the supervi-
see, otherwise financially able to comply with an order of restitution
and the payment of any mandatory surcharge, sex offender registration
fee, or DNA data bank fee previously imposed by a court of competent
jurisdiction, has made a good faith effort to comply therewith. Before
making a determination to discharge a person from a period of post-re-
lease supervision, the [division] board of parole may request that the
commissioner of the office of mental health arrange a psychiatric evalu-
ation of the supervisee. A discharge granted under this section shall
constitute a termination of the sentence with respect to which it was
granted.

§ 38-h. Section 259-jj of the executive law is REPEALED.

§ 38-i. Section 259-k of the executive law, as added by chapter 904 of
the laws of 1977, subdivision 3 as amended by chapter 230 of the laws of
1986, and subdivision 4 as added by chapter 707 of the laws of 1992, is
amended to read as follows:

§ 259-k. Access to records and institutions. 1. All case files shall
be maintained by the [division of parole] department for use by the
[division] department and board [of parole]. The [division] department
and board [of parole] and authorized officers and employees thereof
shall have complete access to such files and the board of parole shall
have the right to make such entries as the [division or] board of parole
shall deem appropriate in accordance with law.

2. The board shall make rules for the purpose of maintaining the
confidentiality of records, information contained therein and informa-

of the [division or] board of parole.

3. Members of the board and officers and employees of the [division]
department providing community supervision services and designated by
the [chairman] commissioner shall have free access to all inmates
confined in institutions under the jurisdiction of the department [of
correctional services], the office of children and family services and
the department of mental hygiene in order to enable them to perform
their functions, provided, however, that the department of mental
hygiene may temporarily restrict such access where it determines, for
significant clinical reasons, that such access would interfere with its
care and treatment of the mentally ill inmate. If under the provisions
of this subdivision an inmate is not accessible for release consider-
ation by the board, that inmate shall be scheduled to see the board in
the month immediately subsequent to the month within which he was not
available.
4. Upon a determination by the [division] department and board of parole that [its] records regarding an individual presently under the supervision of the [division and board] department are relevant to an investigation of child abuse or maltreatment conducted by a child protective service pursuant to title six of article six of the social services law, the [division] department and board shall provide the records determined to be relevant to the child protective service conducting the investigation. The [division] department and board shall promulgate rules for the transmission of records required to be provided under this section.

§ 38-j. Section 259-l of the executive law, as added by chapter 904 of the laws of 1977, is amended to read as follows:

It is also his or her duty to ensure that the functions of the board of parole are not hampered in any way, including but not limited to: a restriction of resources including staff assistance; limited access to vital information; and presentation of inmate information in a manner that may inappropriately influence the board in its decision making.

2. The official in charge of each institution wherein any person is confined under a definite sentence of imprisonment, all officers and employees thereof and all other public officials shall at all times cooperate with the board of parole, and shall furnish to such board, its officers and employees such information as may be required by the board to perform its functions hereunder. The members of the board, its officers and employees shall at all times be given free access to all persons confined in any such institution under such sentence and shall be furnished with appropriate working space in such institution for such purpose without charge therefor.

3. It shall be the duty of the clerk of the court, the commissioner of mental hygiene and all probation officers and other appropriate officials to send such information as may be in their possession or under their control to the chairman of the board [of parole] upon request in order to facilitate the work of the board.

1. No civil action shall be brought in any court of the state, except by the attorney general on behalf of the state, against any officer or employee of the [division] board of parole or former division of parole, in his personal capacity, for damages arising out of any act done or the failure to perform any act within the scope of the employment and in the discharge of the duties by such officer or employee.

2. Any claim for damages arising out of any act done or the failure to perform any act within the scope of the employment and in the discharge of the duties of any officer or employee of the [division] board of parole or former division of parole shall be brought in any court of the state within the period of limitation provided for in section 20 of article 28 of the civil practice law and rules.
parole or former division of parole shall be brought and maintained in
the court of claims as a claim against the state.

3. The state shall save harmless and indemnify any officer or employee
of the division board of parole or former division of parole from
financial loss resulting from a claim filed in a court of the United
States for damages arising out of an act done or the failure to perform
any act that was (a) within the scope of the employment and in the
discharge of the duties of such officer or employee, and (b) not done or
omitted with the intent to violate any rule or regulation of the divi-
sion or of any statute or governing case law of the state or of the

and employees of the division board of parole and shall not enlarge or diminish the rights of any other
party.

§ 38-l. Section 259-r of the executive law, as added by chapter 55 of
the laws of 1992, the section heading as amended by section 1, paragraph
(b) of subdivision 1 as amended by section 3, subdivision 2 as amended
by section 4, and subdivision 4 as amended by section 5 of part J of
chapter 56 of the laws of 2009, paragraph (a) of subdivision 1 as
amended by section 3 of chapter 495 of the laws of 2009, and subdivision
3 as amended by chapter 503 of the laws of 1994, is amended to read as
follows:

§ 259-r. Release on medical parole for terminally ill inmates. 1. (a)
The board shall have the power to release on medical parole any inmate
serving an indeterminate or determinate sentence of imprisonment who,
pursuant to subdivision two of this section, has been certified to be
suffering from a terminal condition, disease or syndrome and to be so
debilitated or incapacitated as to create a reasonable probability that
he or she is physically or cognitively incapable of presenting any
danger to society, provided, however, that no inmate serving a sentence
imposed upon a conviction for murder in the first degree or an attempt
or conspiracy to commit murder in the first degree shall be eligible for
such release, and provided further that no inmate serving a sentence
imposed upon a conviction for any of the following offenses shall be
eligible for such release unless in the case of an indeterminate
sentence he or she has served at least one-half of the minimum period of
the sentence and in the case of a determinate sentence he or she has
served at least one-half of the term of his or her determinate sentence:
murder in the second degree, manslaughter in the first degree, any
offense defined in article one hundred thirty of the penal law or an
attempt to commit any of these offenses. Solely for the purpose of
determining medical parole eligibility pursuant to this section, such
one-half of the minimum period of the indeterminate sentence and one-
half of the term of the determinate sentence shall not be credited with
any time served under the jurisdiction of the state department of
correctional services prior to the commencement of such sentence pursu-
ant to the opening paragraph of subdivision one of section 70.30 of the
penal law or subdivision two-a of section 70.30 of the penal law, except
(b) Such release shall be granted only after the board considers whether, in light of the inmate's medical condition, there is a reasonable probability that the inmate, if released, will live and remain at liberty without violating the law, and that such release is not incompatible with the welfare of society and will not so deprecate the seriousness of the crime as to undermine respect for the law, and shall be subject to the limits and conditions specified in subdivision four of this section. Except as set forth in paragraph (a) of this subdivision, such release may be granted at any time during the term of an inmate's sentence, notwithstanding any other provision of law.

(c) The board shall afford notice to the sentencing court, the district attorney and the attorney for the inmate that the inmate is being considered for release pursuant to this section and the parties receiving notice shall have fifteen days to comment on the release of the inmate. Release on medical parole shall not be granted until the expiration of the comment period provided for in this paragraph.

2. (a) The commissioner [of correctional services], on the commissioner's own initiative or at the request of an inmate, or an inmate's spouse, relative or attorney, may, in the exercise of the commissioner's discretion, direct that an investigation be undertaken to determine whether a diagnosis should be made of an inmate who appears to be suffering from a terminal condition, disease or syndrome. Any such medical diagnosis shall be made by a physician licensed to practice medicine in this state pursuant to section sixty-five hundred twenty-four of the education law. Such physician shall either be employed by the department [of correctional services], shall render professional services at the request of the department [of correctional services], or shall be employed by a hospital or medical facility used by the department [of correctional services] for the medical treatment of inmates. The diagnosis shall be reported to the commissioner [of correctional services] and shall include but shall not be limited to a description of the terminal condition, disease or syndrome suffered by the inmate, a prognosis concerning the likelihood that the inmate will not recover from such terminal condition, disease or syndrome, a description of the inmate's physical or cognitive incapacity which shall include a prediction respecting the likely duration of the incapacity, and a statement by the physician of whether the inmate is so debilitated or incapacitated as to be severely restricted in his or her ability to self-ambulate or to perform significant normal activities of daily living. This report also shall include a recommendation of the type and level of services and treatment the inmate would require if granted medical parole and a recommendation for the types of settings in which the services and treatment should be given.

(b) The commissioner, or the commissioner's designee, shall review the diagnosis and may certify that the inmate is suffering from such terminal condition, disease or syndrome and that the inmate is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society. If the commissioner does not so certify then the inmate shall not be referred to the board [of parole] for consideration for release on medical parole. If the commissioner does so certify, then the commissioner shall, within seven working days of receipt of such diagnosis, refer the inmate to the board [of parole] for consideration for release on medical parole. However, no such referral of an inmate to the board
shall be made unless the inmate has been examined by a physician and diagnosed as having a terminal condition, disease or syndrome as previously described herein at some time subsequent to such inmate's admission to a facility operated by the department of correctional services.

(c) When the commissioner refers an inmate to the board, the commissioner shall provide an appropriate medical discharge plan [jointly] established by the department [of correctional services and the division of parole]. The department [of correctional services and the division of parole are] is authorized to request assistance from the department of health and from the county in which the inmate resided and committed his or her crime, which shall provide assistance with respect to the development and implementation of a discharge plan, including potential placements of a releasee. The department [of correctional services, the division of parole] and the department of health shall jointly develop standards for the medical discharge plan that are appropriately adapted to the criminal justice setting, based on standards established by the department of health for hospital medical discharge planning. The board may postpone its decision pending completion of an adequate discharge plan, or may deny release based on inadequacy of the discharge plan.

3. Any certification by the commissioner or the commissioner's designee pursuant to this section shall be deemed a judicial function and shall not be reviewable if done in accordance with law.

4. (a) Medical parole granted pursuant to this section shall be for a period of six months.

(b) The board shall require as a condition of release on medical parole that the releasee agree to remain under the care of a physician while on medical parole and in a hospital established pursuant to article twenty-eight of the public health law, a hospice established pursuant to article forty of the public health law or any other placement that can provide appropriate medical care as specified in the medical discharge plan required by subdivision two of this section. The medical discharge plan shall state that the availability of the placement has been confirmed, and by whom. Notwithstanding any other provision of law, when an inmate who qualifies for release under this section is cognitively incapable of signing the requisite documentation to effectuate the medical discharge plan and, after a diligent search no person has been identified who could otherwise be appointed as the inmate's guardian by a court of competent jurisdiction, then, solely for the purpose of implementing the medical discharge plan, the facility health services director at the facility where the inmate is currently incarcerated shall be lawfully empowered to act as the inmate's guardian for the purpose of effectuating the medical discharge.

(c) Where appropriate, the board shall require as a condition of release that medical parolees be supervised on intensive caseloads at reduced supervision ratios.

(d) The board shall require as a condition of release on medical parole that the releasee undergo periodic medical examinations and a medical examination at least one month prior to the expiration of the period of medical parole and, for the purposes of making a decision pursuant to paragraph (e) of this subdivision, that the releasee provide the board with a report, prepared by the treating physician, of the results of such examination. Such report shall specifically state whether or not the parolee continues to suffer from a terminal condition, disease, or syndrome, and to be so debilitated or incapacitated as to be...
severely restricted in his or her ability to self-ambulate or to perform significant normal activities of daily living.

(e) Prior to the expiration of the period of medical parole the board shall review the medical examination report required by paragraph (d) of this subdivision and may again grant medical parole pursuant to this section; provided, however, that the provisions of paragraph (c) of subdivision one and subdivision two of this section shall not apply.

(f) If the updated medical report presented to the board states that a parolee released pursuant to this section is no longer so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society or if the parolee fails to submit the updated medical report then the board may not make a new grant of medical parole pursuant to paragraph (e) of this subdivision. Where the board has not granted medical parole pursuant to such paragraph (e) the board shall promptly conduct through one of its members, or cause to be conducted by a hearing officer designated by the board, a hearing to determine whether the parolee is suffering from a terminal condition, disease or syndrome and is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society and does not present a danger to society. If the board makes such a determination then it may make a new grant of medical parole pursuant to the standards of paragraph (b) of subdivision one of this section. At the hearing, the parolee shall have the right to representation by counsel, including the right, if the parolee is financially unable to retain counsel, to have the appropriate court assign counsel in accordance with the county or city plan for representation placed in operation pursuant to article eighteen-B of the county law.

(g) The hearing and determination provided for by paragraph (f) of this subdivision shall be concluded within the six month period of medical parole. If the board does not renew the grant of medical parole, it shall order that the parolee be returned immediately to the custody of the department [of correctional services].

(h) In addition to the procedures set forth in paragraph (f) of this subdivision, medical parole may be revoked at any time upon any of the grounds specified in paragraph (a) of subdivision three of section two hundred fifty-nine-i of this article, and in accordance with the procedures specified in subdivision three of section two hundred fifty-nine-i of this article.

(i) A parolee who is on medical parole and who becomes eligible for parole pursuant to the provisions of subdivision two of section two hundred fifty-nine-i of this article shall be eligible for parole consideration pursuant to such subdivision.

5. A denial of release on medical parole or expiration of medical parole in accordance with the provisions of paragraph (f) of subdivision four of this section shall not preclude the inmate from reapplying for medical parole or otherwise affect an inmate's eligibility for any other form of release provided for by law.

6. To the extent that any provision of this section requires disclosure of medical information for the purpose of processing an application or making a decision, regarding release on medical parole or renewal of medical parole, or for the purpose of appropriately supervising a person released on medical parole, and that such disclosure would otherwise be prohibited by article twenty-seven-F of the public health law, the provisions of this section shall be controlling.
7. The commissioner [of correctional services] and the chairman of the board [of parole] shall be authorized to promulgate rules and regulations for their respective agencies to implement the provisions of this section.

8. Any decision made by the board pursuant to this section may be appealed pursuant to subdivision four of section two hundred fifty-nine-i of this article.

9. The chairman shall report annually to the governor, the temporary president of the senate and the speaker of the assembly, the chairpersons of the assembly and senate codes committees, the chairperson of the senate crime and corrections committee, and the chairperson of the assembly corrections committee the number of inmates who have applied for medical parole; the number who have been granted medical parole; the nature of the illness of the applicants, the counties to which they have been released and the nature of the placement pursuant to the medical discharge plan; the categories of reasons for denial for those who have been denied; the number of releasees who have been granted an additional period or periods of medical parole and the number of such grants; the number of releasees on medical parole who have been returned to imprisonment in the custody of the department [of correctional services] and the reasons for return.

§ 38-l-1. Paragraph (a) of subdivision 1 of section 259-r of the executive law, as amended by section 4 of chapter 495 of the laws of 2009, is amended to read as follows:

(a) The board shall have the power to release on medical parole any inmate serving an indeterminate or determinate sentence of imprisonment who, pursuant to subdivision two of this section, has been certified to be suffering from a terminal condition, disease or syndrome and to be so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society, provided, however, that no inmate serving a sentence imposed upon a conviction for murder in the first degree or an attempt or conspiracy to commit murder in the first degree shall be eligible for such release, and provided further that no inmate serving a sentence imposed upon a conviction for any of the following offenses shall be eligible for such release unless in the case of an indeterminate sentence he or she has served at least one-half of the minimum period of the sentence and in the case of a determinate sentence he or she has served at least one-half of the term of his or her determinate sentence: murder in the second degree, manslaughter in the first degree, any offense defined in article one hundred thirty of the penal law or an attempt to commit any of these offenses. Solely for the purpose of determining medical parole eligibility pursuant to this section, such one-half of the minimum period of the indeterminate sentence and one-half of the term of the determinate sentence shall not be credited with any time served under the jurisdiction of the [state] department [of correctional services] prior to the commencement of such sentence pursuant to the opening paragraph of subdivision one of section 70.30 of the penal law or subdivision two-a of section 70.30 of the penal law, except to the extent authorized by subdivision three of section 70.30 of the penal law.

§ 38-m. Section 259-s of the executive law, as added by section 6 of part J of chapter 56 of the laws of 2009, paragraph (a) of subdivision 1 as amended by chapter 495 of the laws of 2009, is amended to read as follows:
§ 259-s. Release on medical parole for inmates suffering significant debilitating illnesses. 1. (a) The board shall have the power to release on medical parole any inmate serving an indeterminate or determinate sentence of imprisonment who, pursuant to subdivision two of this section, has been certified to be suffering from a significant and permanent non-terminal condition, disease or syndrome that has rendered the inmate so physically or cognitively debilitated or incapacitated as to create a reasonable probability that he or she does not present any danger to society, provided, however, that no inmate serving a sentence imposed upon a conviction for murder in the first degree or an attempt or conspiracy to commit murder in the first degree shall be eligible for such release, and provided further that no inmate serving a sentence imposed upon a conviction for any of the following offenses shall be eligible for such release unless in the case of an indeterminate sentence he or she has served at least one-half of the minimum period of the sentence and in the case of a determinate sentence he or she has served at least one-half of the term of his or her determinate sentence: murder in the second degree, manslaughter in the first degree, any offense defined in article one hundred thirty of the penal law or an attempt to commit any of these offenses. Solely for the purpose of determining medical parole eligibility pursuant to this section, such one-half of the minimum period of the indeterminate sentence and one-half of the term of the determinate sentence shall not be credited with any time served under the jurisdiction of the [state] department [of correctional services] prior to the commencement of such sentence pursuant to the opening paragraph of subdivision one of section 70.30 of the penal law or subdivision two-a of section 70.30 of the penal law, except to the extent authorized by subdivision three of section 70.30 of the penal law.

(b) Such release shall be granted only after the board considers whether, in light of the inmate's medical condition, there is a reasonable probability that the inmate, if released, will live and remain at liberty without violating the law, and that such release is not incompatible with the welfare of society and will not so deprecate the seriousness of the crime as to undermine respect for the law, and shall be subject to the limits and conditions specified in subdivision four of this section. In making this determination, the board shall consider: (i) the nature and seriousness of the inmate's crime; (ii) the inmate's prior criminal record; (iii) the inmate's disciplinary, behavioral and rehabilitative record during the term of his or her incarceration; (iv) the amount of time the inmate must serve before becoming eligible for release pursuant to section two hundred fifty-nine-i of this article; (v) the current age of the inmate and his or her age at the time of the crime; (vi) the recommendations of the sentencing court, the district attorney and the victim or the victim's representative; (vii) the nature of the inmate's medical condition, disease or syndrome and the extent of medical treatment or care that the inmate will require as a result of that condition, disease or syndrome; and (viii) any other relevant factor. Except as set forth in paragraph (a) of this subdivision, such release may be granted at any time during the term of an inmate's sentence, notwithstanding any other provision of law.

(c) The board shall afford notice to the sentencing court, the district attorney, the attorney for the inmate and, where necessary pursuant to subdivision two of section two hundred fifty-nine-i of this article, the crime victim, that the inmate is being considered for release pursuant to this section and the parties receiving notice shall
have thirty days to comment on the release of the inmate. Release on medical parole shall not be granted until the expiration of the comment period provided for in this paragraph.

2. (a) The commissioner, on the commissioner's own initiative or at the request of an inmate, or an inmate's spouse, relative or attorney, may, in the exercise of the commissioner's discretion, direct that an investigation be undertaken to determine whether a diagnosis should be made of an inmate who appears to be suffering from a significant and permanent non-terminal and incapacitating condition, disease or syndrome. Any such medical diagnosis shall be made by a physician licensed to practice medicine in this state pursuant to section sixty-five hundred twenty-four of the education law. Such physician shall either be employed by the department of correctional services, shall render professional services at the request of the department of correctional services, or shall be employed by a hospital or medical facility used by the department of correctional services for the medical treatment of inmates. The diagnosis shall be reported to the commissioner and shall include but shall not be limited to a description of the condition, disease or syndrome suffered by the inmate, a prognosis concerning the likelihood that the inmate will not recover from such condition, disease or syndrome, a description of the inmate's physical or cognitive incapacity which shall include a prediction respecting the likely duration of the incapacity, and a statement by the physician of whether the inmate is so debilitated or incapacitated as to be severely restricted in his or her ability to self-ambulate or to perform significant normal activities of daily living. This report also shall include a recommendation of the type and level of services and treatment the inmate would require if granted medical parole and a recommendation for the types of settings in which the services and treatment should be given.

(b) The commissioner, or the commissioner's designee, shall review the diagnosis and may certify that the inmate is suffering from such condition, disease or syndrome and that the inmate is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting any danger to society. If the commissioner does not so certify then the inmate shall not be referred to the board for consideration for release on medical parole. If the commissioner does so certify, then the commissioner shall, within seven working days of receipt of such diagnosis, refer the inmate to the board for consideration for release on medical parole. However, no such referral of an inmate to the board of parole shall be made unless the inmate has been examined by a physician and diagnosed as having a condition, disease or syndrome as previously described herein at some time subsequent to such inmate's admission to a facility operated by the department. If the commissioner refers an inmate to the board, the commissioner shall provide an appropriate medical discharge plan jointly established by the department and the division of parole. The department and the division of parole are authorized to request assistance from the department of health and from the county in which the inmate resided and committed his or her crime, which shall provide assistance with respect to the development and implementation of a discharge plan, including potential placements of a releasee. The department and the department of health shall jointly develop
standards for the medical discharge plan that are appropriately adapted
to the criminal justice setting, based on standards established by the
department of health for hospital medical discharge planning. The board
may postpone its decision pending completion of an adequate discharge
plan, or may deny release based on inadequacy of the discharge plan.

3. Any certification by the commissioner or the commissioner's desig-
nee pursuant to this section shall be deemed a judicial function and
shall not be reviewable if done in accordance with law.

4. (a) Medical parole granted pursuant to this section shall be for a
period of six months.

(b) The board shall require as a condition of release on medical
parole that the releasee agree to remain under the care of a physician
while on medical parole and in a hospital established pursuant to arti-
cle twenty-eight of the public health law, a hospice established pursu-
ant to article forty of the public health law or any other placement,
including a residence with family or others, that can provide appropri-
ate medical care as specified in the medical discharge plan required by
subdivision two of this section. The medical discharge plan shall state
that the availability of the placement has been confirmed, and by whom.
Notwithstanding any other provision of law, when an inmate who qualifies
for release under this section is cognitively incapable of signing the
requisite documentation to effectuate the medical discharge plan and,
after a diligent search no person has been identified who could other-
wise be appointed as the inmate's guardian by a court of competent
jurisdiction, then, solely for the purpose of implementing the medical
discharge plan, the facility health services director at the facility
where the inmate is currently incarcerated shall be lawfully empowered
to act as the inmate's guardian for the purpose of effectuating the
medical discharge.

(c) Where appropriate, the board shall require as a condition of
release that medical parolees be supervised on intensive caseloads at
reduced supervision ratios.

(d) The board shall require as a condition of release on medical
parole that the releasee undergo periodic medical examinations and a
medical examination at least one month prior to the expiration of the
period of medical parole and, for the purposes of making a decision
pursuant to paragraph (e) of this subdivision, that the releasee provide
the board with a report, prepared by the treating physician, of the
results of such examination. Such report shall specifically state wheth-
er or not the parolee continues to suffer from a significant and perma-
nent non-terminal and debilitating condition, disease, or syndrome, and
to be so debilitated or incapacitated as to be severely restricted in
his or her ability to self-ambulate or to perform significant normal
activities of daily living.

(e) Prior to the expiration of the period of medical parole the board
shall review the medical examination report required by paragraph (d) of
this subdivision and may again grant medical parole pursuant to this
section; provided, however, that the provisions of paragraph (c) of
subdivision one and subdivision two of this section shall not apply.

(f) If the updated medical report presented to the board states that a
parolee released pursuant to this section is no longer so debilitated or
incapacitated as to create a reasonable probability that he or she is
physically or cognitively incapable of presenting any danger to society
or if the releasee fails to submit the updated medical report then the
board may not make a new grant of medical parole pursuant to paragraph
(e) of this subdivision. Where the board has not granted medical parole
pursuant to such paragraph (e) the board shall promptly conduct through
one of its members, or cause to be conducted by a hearing officer desig-
nated by the board, a hearing to determine whether the releasee is

before receiving any such deposits, file a bond with the comptroller of
the state, subject to his or her approval, for such sum as he or she

§ 15. Subdivision 2 of section 120 of the correction law, as added by
chapter 202 of the laws of 2007, is amended to read as follows:
2. Nothing in this section shall limit in any way the authority of the
commissioner, or any county or the city of New York, to enter into any
contract authorized by subdivision eighteen of section two, section
seventy-two-a, section seventy-three, section ninety-five, article
five-A or article twenty-six of this chapter, or to limit the responsi-
bility of the [state division of parole] department of corrections and
community supervision to supervise inmates or parolees released to community supervision while away from an institution pursuant
to section seventy-two-a, section seventy-three or article twenty-

defined in subdivision twenty of section two of this chapter.
§ 16. Section 140-a of the correction law, as added by section 2 of
part UU of chapter 56 of the laws of 2009, is amended to read as
follows:
§ 140-a. Pilot project for filing medical assistance applications for
inmates prior to their release. 1. Subject to the availability of an
appropriation of no less than two hundred thousand dollars, the commis-
sioner, after consultation with the chairman of the [division] state
board of parole, the commissioner of the department of health, and the
commissioner of the office of temporary and disability assistance, shall
establish a pilot program at a designated correctional facility for the
purpose of filing applications for enrollment in the medical assistance
program established under title eleven of article five of the social
services law for eligible inmates prior to their release to the communi-
ty; provided, however, that the commissioner shall not establish such
pilot program at the Orleans correctional facility. For purposes of this
pilot program, eligible inmates shall not include any inmates who were
receiving such medical assistance immediately prior to their commitment
to the department and whose medical assistance was thereafter suspended
pursuant to the provisions of subdivision one-a of section three hundred sixty-six of the social services law.

2. In determining the facility where the pilot program shall be established, the commissioner shall give due consideration to the following factors, which shall include, but not be limited to: (i) the degree to which pre-release services and re-entry services are either already available at such facility or can be made readily available at such facility; (ii) the proximity of the facility to the communities to which the eligible inmates will be released; (iii) the availability of community linkages which would facilitate the preparation and submission of such medical assistance applications for eligible inmates; and (iv) the recommendations of the commissioner of the office of temporary and disability assistance, the commissioner of the department of health and the chairman of the [division] state board of parole.

3. The commissioner may use the appropriation for this pilot program of parole to establish one or more department positions to perform any responsibilities that may arise in connection with the preparation and submission of such medical assistance applications. The commissioner may also use the appropriation to enter into any contract with one or more outside individuals or entities to provide any services that may be needed in connection with this pilot program. Further, all or a portion of the funds appropriated for the pilot program may be transferred to another state agency in order to establish positions to perform any responsibilities which may be necessary to operate the pilot program.

4. Applications for medical assistance shall be submitted to the statewide enrollment center established by contract with the department of health pursuant to subdivision twenty-four of section two hundred sixty of the public health law in sufficient time before the anticipated release, conditional release or discharge of the eligible inmate to permit the enrollment center to process the application prior to such inmate's release from the custody; provided, however, that where the eligible inmate will be released to the same county where the pilot program is established, the application for medical assistance may be filed with the local county department of social services.

5. Upon receipt of an application filed pursuant to this section, the centralized statewide enrollment center shall determine the eligibility of such inmate for enrollment in the medical assistance program established under title eleven of article five of the social services law. Such determination shall be based on whether the inmate, except for his or her status as an inmate, would be eligible to receive medical assistance. Notwithstanding any inconsistent provision of law, enrollment in the medical assistance program shall be effective on the date an eligible inmate is released, conditionally released or discharged from custody in a department facility to the community. The commissioner, the commissioner of the state department of health and the chairman of the state [division] board of parole shall determine the process for issuing the medical assistance identification card so that the applicant will receive appropriate documentation of [his/her] his or her eligibility of medical assistance either upon release or as soon thereafter as practicable.

6. After the pilot program becomes operational, the commissioner shall periodically monitor all indicators related to the preparation and processing of inmate applications which shall include, but not be limited to: (i) the degree to which all of the requisite information for an application can be obtained while the inmate is incarcerated by the department; (ii) the average processing times to prepare and complete
applications; (iii) the most effective manner for the transmittal of a completed application for an eligibility determination; (iv) the average amount of time required before an eligibility determination can be completed and the necessary medical assistance eligibility card is provided to the eligible individual; and (v) the identification of issues and factors which may prevent, impede, or delay the preparation and submission of applications, which could be ameliorated by modifications to existing laws, rules and regulations, or policies and procedures.

7. After the pilot program has been operational for a period of twelve months, or sooner if determined to be appropriate by the commissioner, a report shall be prepared by the commissioner and submitted to the governor, the temporary president of the senate and the speaker of the assembly on the factors listed in subdivision six of this section. Such report shall also include any recommendations for additional legislative enactments that may be needed, or new appropriations that may be required, to improve, enhance and subsequently expand the program to other correctional facilities as determined to be appropriate by the commissioner, with the ultimate goal to assist as many inmates as feasible to submit applications for medical assistance prior to their release to the community.

8. The [division] state board of parole shall assist the department in any manner necessary to assure that the purposes and objective of this section are effectively accomplished.

9. The commissioner and the commissioner of the department of health may promulgate rules and regulations necessary for the uniform and timely preparation, submission, acceptance and processing of applications by eligible inmates prior to their release from custody.

§ 17. Section 148 of the correction law, as amended by chapter 81 of the laws of 1964, is amended to read as follows:

§ 148. Psychiatric and diagnostic clinics. The commissioner of corrections and community supervision is hereby authorized and directed to assist and cooperate with the commissioner of mental health in the establishment and conduct of such psychiatric and diagnostic clinics in the institutions and facilities under their jurisdiction as such commissioners may deem necessary within the amount appropriated therefor. The persons conducting the work of such clinics shall determine the physical and mental condition of all inmates serving an indeterminate term, having a minimum of one day and a maximum of natural life, and of such other inmates whose criminal record, behavior or other factors indicate to those in charge of such clinics the need of study and treatment. The work of the clinics shall include scientific study and psychiatric evaluation of each such inmate, including his or her career and life history, investigation of the cause of the crime and recommendations for the care, training and employment of such inmates with a view to their reformation and to the protection of society. Each of the different phases of the work of the clinics shall be so coordinated with all the other phases of clinic work as to be a part of a unified and comprehensive scheme in the study and treatment of such inmates. After classification in the clinics the inmate sentenced to state prison shall be certified to the warden and recommendation made to the commissioner of corrections and community supervision as to their disposition.

However, if the county jail remains unfit or unsafe for the confinement of some or all of such inmates beyond thirty days, the state commission of correction, with the consent of the commissioner of [correctional services] corrections and community supervision, may extend the availability of a state correctional institution for one or more additional thirty day periods. This section shall apply only to inmates in the custody of the commissioner, and releasees under the supervision of the [division of parole] department, upon whom a determinate sentence was imposed between September first, nineteen hundred ninety-eight, and the effective date of this section, which was required by law to include a term of post-release supervision:

2. Whenever it shall appear to the satisfaction of the department that an inmate in its custody[7] or [to the satisfaction of the division of parole] that a releasee under its supervision, is a designated person, [such agency] the department shall make notification of that fact to the court that sentenced such person, and to the inmate or releasee.

3. 4. (a) If the sentencing court shall not have issued a superseding commitment order, reflecting imposition of a term of post-release supervision, within ten days after receiving notice pursuant to subdivision two of this section, then the sentencing court shall appoint counsel pursuant to section seven hundred twenty-two of the county law, provide a copy of the notice pursuant to subdivision two of this section to such counsel, and calendar such person for a court appearance which shall occur no later than twenty days after receipt of said notice. At such court appearance, the court shall furnish a copy of such notice and the proceeding date pursuant to paragraph (c) of this subdivision to the district attorney, the designated person, assigned counsel and the department [or the division of parole].

(b) The court shall promptly seek to obtain sentencing minutes, plea minutes and any other records and shall provide copies to the parties and conduct any reconstruction proceedings that may be necessary to determine whether to resentence such person.

The department (or the division of parole) shall be notified by the court of any such extension.

§ 32. Subdivisions 1, 4 and 6 of section 702 of the correction law, subdivisions 1 and 4 as amended by chapter 342 of the laws of 1972 and subdivision 6 as amended by chapter 720 of the laws of 2006, are amended to read as follows:

1. Any court of this state may, in its discretion, issue a certificate of relief from disabilities to an eligible offender for a conviction that occurred in such court, if the court either (a) imposed a revocable sentence or (b) imposed a sentence other than one executed by commitment to an institution under the jurisdiction of the state department of corrections and community supervision. Such certificate may be issued (i) at the time sentence is pronounced, in which case it may grant relief from forfeitures, as well as from disabilities, or (ii) at any time thereafter, in which case it shall apply only to disabilities.

4. Where the court has imposed a revocable sentence and the certificate of relief from disabilities is issued prior to the expiration or termination of the time which the court may revoke such
sentence, the certificate shall be deemed to be a temporary certificate until such time as the court's authority to revoke the sentence has expired or is terminated. While temporary, such certificate (a) may be revoked by the court for violation of the conditions of the sentence, and (b) shall be revoked by the court if it revokes the sentence and commits the person to an institution under the jurisdiction of the state department of [correctional services] corrections and community supervision. In its discretion, the court may except from disclosure a part or parts of the report which are not relevant to the granting of a certificate, or sources of information which have been obtained on a promise of confidentiality, or any other portion thereof, disclosure of which would not be in the interest of justice. The action of the court excepting information from disclosure shall be subject to appellate review. The court, in its discretion, may hold a conference in open court or in chambers to afford an applicant an opportunity to controvert or to comment upon any portions of the report. The court may also conduct a summary hearing at the conference on any matter relevant to the granting of the application and may take testimony under oath.

§ 76. Subdivisions 1, 6 and 8 of section 410.91 of the criminal procedure law, subdivision 1 as amended by chapter 121 of the laws of 2010 and subdivisions 6 and 8 as added by chapter 3 of the laws of 1995, are amended to read as follows:

1. A sentence of parole supervision is an indeterminate sentence of imprisonment, or a determinate sentence of imprisonment imposed pursuant to paragraphs (b) and (d) of subdivision three of section 70.70 of the penal law, which may be imposed upon an eligible defendant, as defined in subdivision two of this section. If an indeterminate sentence, such sentence shall have a minimum term and a maximum term within the ranges specified by subdivisions three and four of section 70.06 of the penal law. If a determinate sentence, such sentence shall have a term within the ranges specified by subparagraphs (iii) and (iv) of paragraph (b) of subdivision three of section 70.70 of the penal law. Provided, however, if the court directs that the sentence be executed as a sentence of
parole supervision, it shall remand the defendant for immediate delivery
to a reception center operated by the state department of corrections and community supervision, in accordance with
section 430.20 of this chapter and section six hundred one of the
correction law, for a period not to exceed ten days. An individual who
receives such a sentence shall be placed under the immediate supervision
of the [state division of parole] department of corrections and communi-
ty supervision and must comply with the conditions of parole, which
shall include an initial placement in a drug treatment campus for a
period of ninety days at which time the defendant shall be released therefrom.

6. Upon delivery of the defendant to the reception center, he or she
shall be given a copy of the conditions of parole by a representative of the
division of parole department of corrections and community super-
vision and shall acknowledge receipt of a copy of the conditions in
writing. The conditions shall be established in accordance with article
twelve-B of the executive law and the rules and regulations of the
[division] board of parole. Thereafter and while the parolee is partic-
ipating in the intensive drug treatment program provided at the drug
treatment campus, the [division of parole] department of corrections and
community supervision shall assess the parolee's special needs and shall
develop an intensive program of parole supervision that will address the
parolee's substance abuse history and which shall include periodic
urinalysis testing. Unless inappropriate, such program shall include the
provision of treatment services by a community-based substance abuse
service provider which has a contract with the [division of parole]
department of corrections and community supervision.

8. If the parole officer having charge of a person sentenced to parole
supervision pursuant to this section has reasonable cause to believe
that such person has violated the conditions of his or her parole, the
procedures of subdivision three of section two hundred fifty-nine-i of
the executive law shall apply to the issuance of a warrant and the
conduct of further proceedings; provided, however, that a parole
violation warrant issued for a violation committed while the parolee is
being supervised at a drug treatment campus shall constitute authority
for the immediate placement of the parolee into a correctional facility
operated by the department of corrections and community supervision, which to the extent practicable shall be reason-
ably proximate to the place at which the violation occurred, to hold in
temporary detention pending completion of the procedures required by
subdivision three of section two hundred fifty-nine-i of the executive
law.

§ 77. Subdivisions 2 and 4 of section 430.20 of the criminal procedure
law, as amended by chapter 3 of the laws of 1995, are amended to read as
follows:

2. Indeterminate and determinate sentences. In the case of an indeter-
minate or determinate sentence of imprisonment, commitment must be to
the custody of the state department of corrections and community supervision as provided in subdivision one of
section 70.20 of the penal law. The order of commitment must direct that
the defendant be delivered to an institution designated by the commis-
sioner of corrections and community supervision in accordance with the provisions of the correction law.

4. Certain resentences. When a sentence of imprisonment that has been
imposed on a defendant is vacated and a new sentence is imposed on such
defendant for the same offense, or for an offense based upon the same
act, if the term of the new definite or determinate sentence or the
maximum term of the new indeterminate sentence so imposed is less than
or equal to that of the vacated sentence:
(a) where the time served by the defendant on the vacated sentence is
equal to or greater than the term or maximum term of the new sentence,
the new sentence shall be deemed to be served in its entirety and the
defendant shall not be committed to a correctional facility pursuant to
said sentence; and
(b) where the defendant was under the supervision of a local condi-
tional release commission or the department of corrections and community supervision at the time the sentence was vacated, then the commitment shall direct that said conditional release or parole be recommenced, and the defendant shall not be committed to a correctional facility pursuant to said sentence, except as a result of revocation of parole or of conditional release; and
(c) where the defendant was not under the supervision of the department of corrections and community supervision at the time the indeterminate or determinate sentence was vacated, but would immediately be eligible for conditional release from the new indetermi-
minate or determinate sentence, the court shall ascertain from the depart-
ment of corrections and community supervision whether the defendant has earned a sufficient amount of good time under the vacated sentence so as to require the conditional release of the defendant under the new sentence; in the event the defendant has earned a sufficient amount of good time, the court shall stay execution of sentence until the defendant surrenders at a correctional facility pursuant to the direction of the department of corrections and community supervision, which shall occur no later than sixty days after imposition of sentence; upon said stay of execution, the court clerk shall immediately mail to the commissioner of corrections and community supervision a certified copy of the commitment reflecting said stay of execution and the name, mailing address and telephone number of the defendant's legal representa-
tive; in the event the defendant fails to surrender as directed by the department of corrections and community supervision, the department shall notify the court which shall thereafter remand the defendant to custody pursuant to section 430.30 of this article; and
(d) upon the resentencing of a defendant as described in this subdivi-
sion, the court clerk shall immediately mail a certified copy of the
commitment to the commissioner of corrections and community supervision if the vacated sentence or the new sentence is an indeterminate or determinate sentence and no mailing is required by paragraph (c) of this subdivision; additionally, the court clerk shall immediately mail a certified copy of the new commitment to the head of the appropriate local correctional facility if the vacated sentence or the new sentence is a definite sentence.
§ 78. Subdivisions 2 and 4 of section 430.20 of the criminal procedure law, subdivision 2 as amended by chapter 788 of the laws of 1971 and subdivision 4 as amended by chapter 370 of the laws of 1994, are amended to read as follows:
2. Indeterminate sentences. In the case of an indeter-
minate sentence sentence of imprisonment, commitment must be to the custody of the state department of corrections and community supervision as provided in subdivision one of section 70.20 and section 75.05 of the penal law. The order of commit-
ment must direct that the defendant be delivered to an institution
designated by the commissioner of [correctional services] corrections
and community supervision in accordance with the provisions of the
correction law.

4. Certain resentences. When a sentence of imprisonment that has been
imposed on a defendant is vacated and a new sentence is imposed on such
defendant for the same offense, or for an offense based upon the same
act, if the term of the new definite sentence or the maximum term of the
new indeterminate sentence so imposed is less than or equal to that of
the vacated sentence:
(a) where the time served by the defendant on the vacated sentence is
equal to or greater than the term or maximum term of the new sentence,
the new sentence shall be deemed to be served in its entirety and the
defendant shall not be committed to a correctional facility pursuant to
said sentence; and
(b) where the defendant was under the supervision of a local condi-
tional release commission or the [division of parole] department of
corrections and community supervision at the time the sentence was
vacated, then the commitment shall direct that said conditional release
or parole be recommenced, and the defendant shall not be committed to a
correctional facility pursuant to said sentence, except as a result of
revocation of parole or of conditional release; and
(c) where the defendant was not under the supervision of the [division
of parole] department of corrections and community supervision at the
time the indeterminate sentence was vacated, but would immediately be
eligible for conditional release from the new indeterminate sentence,
the court shall ascertain from the department of [correctional services]
corrections and community supervision whether the defendant has earned a
sufficient amount of good time under the vacated sentence so as to
require the conditional release of the defendant under the new sentence;
in the event the defendant has earned a sufficient amount of good time,
the court shall stay execution of sentence until the defendant surren-
ders at a correctional facility pursuant to the direction of the depart-
ment of [correctional services] corrections and community supervision,
which shall occur no later than sixty days after imposition of sentence;
upon said stay of execution, the court clerk shall immediately mail to
the commissioner of [correctional services] corrections and community
supervision a certified copy of the commitment reflecting said stay of
execution and the name, mailing address and telephone number of the
defendant's legal representative; in the event the defendant fails to
surrender as directed by the department of [correctional services]
corrections and community supervision, the department shall notify the
court which shall thereafter remand the defendant to custody pursuant to
section 430.30 of this article; and
(d) upon the resentence of a defendant as described in this subdivi-
sion, the court clerk shall immediately mail a certified copy of the
commitment to the commissioner of [correctional services] corrections
and community supervision if the vacated sentence or the new sentence is
an indeterminate sentence and no mailing is required by paragraph (c) of
this subdivision; additionally, the court clerk shall immediately mail a
certified copy of the new commitment to the head of the appropriate
local correctional facility if the vacated sentence or the new sentence
is a definite sentence.
§ 79. Subdivision 1 of section 440.46 of the criminal procedure law,
as added by section 9 of part AAA of chapter 56 of the laws of 2009, is
amended to read as follows:
1. Any person in the custody of the department of [correctional services] corrections and community supervision convicted of a class B felony offense defined in article two hundred twenty of the penal law which was committed prior to January thirteenth, two thousand five, who is serving an indeterminate sentence with a maximum term of more than three years, may, except as provided in subdivision five of this section, upon notice to the appropriate district attorney, apply to be resentenced to a determinate sentence in accordance with sections 60.04 and 70.70 of the penal law in the court which imposed the sentence.

§ 80. Subdivision 1 of section 440.50 of the criminal procedure law, as amended by chapter 186 of the laws of 2005, is amended to read as follows:

1. Upon the request of a victim of a crime, or in any event in all cases in which the final disposition includes a conviction of a violent felony offense as defined in section 70.02 of the penal law or a felony defined in article one hundred twenty-five of such law, the district attorney shall, within sixty days of the final disposition of the case, inform the victim by letter of such final disposition. If such final disposition results in the commitment of the defendant to the custody of the department of [correctional services] corrections and community supervision for an indeterminate sentence, the notice provided to the crime victim shall also inform the victim of his or her right to submit a written, audiotaped, or videotaped victim impact statement to the [state division of parole] department of corrections and community supervision or to meet personally with a member of the state board of parole at a time and place separate from the personal interview between a member or members of the board and the inmate and make such a statement, subject to procedures and limitations contained in rules of the board, both pursuant to subdivision two of section two hundred fifty-nine-i of the executive law. The right of the victim under this subdivision to submit a written victim impact statement or to meet personally with a member of the state board of parole applies to each personal interview between a member or members of the board and the inmate.

§ 81. Subdivisions 8 and 9 of section 530.12 of the criminal procedure law, subdivision 8 as amended by section 5 of part D of chapter 56 of the laws of 2008, and subdivision 9 as amended by chapter 530 of the laws of 1980, are amended to read as follows:

8. In any proceeding in which an order of protection or temporary order of protection or a warrant has been issued under this section, the clerk of the court shall issue to the complainant and defendant and defense counsel and to any other person affected by the order a copy of the order of protection or temporary order of protection and ensure that a copy of the order of protection or temporary order of protection be transmitted to the local correctional facility where the individual is or will be detained, the state or local correctional facility where the individual is or will be imprisoned, and the supervising probation department or [division of parole] department of corrections and community supervision where the individual is under probation or parole supervision. The presentation of a copy of such order or a warrant to any peace officer acting pursuant to his or her special duties or police officer shall constitute authority for him or her to arrest a person who has violated the terms of such order and bring such person before the court and, otherwise, so far as lies within his or her power, to aid in securing the protection such order was intended to afford.

9. If no warrant, order or temporary order of protection has been issued by the court, and an act alleged to be a family offense as
defined in section 530.11 of this chapter is the basis of the arrest, the magistrate shall permit the complainant to file a petition, information or accusatory instrument and for reasonable cause shown, shall thereupon hold such respondent or defendant, admit to, fix or accept bail, or parole him or her for hearing before the family court or appropriate criminal court as the complainant shall choose in accordance with the provisions of section 530.11 of this chapter.

§ 82. Subdivision 6 of section 530.13 of the criminal procedure law, as amended by section 6 of part D of chapter 56 of the laws of 2008, is amended to read as follows:

6. In any proceeding in which an order of protection or temporary order of protection or a warrant has been issued under this section, the clerk of the court shall issue to the victim and the defendant and defense counsel and to any other person affected by the order, a copy of the order of protection or temporary order of protection and ensure that a copy of the order of protection or temporary order of protection be transmitted to the local correctional facility where the individual is or will be detained, the state or local correctional facility where the individual is or will be imprisoned, and the supervising probation department or [division of parole] department of corrections and community supervision where the individual is under probation or parole supervision. The presentation of a copy of such order or a warrant to any police officer or peace officer acting pursuant to his or her special duties shall constitute authority for him or her to arrest a person who has violated the terms of such order and bring such person before the court and, otherwise, so far as lies within his or her power, to aid in securing the protection such order was intended to afford.

§ 83. Subdivisions 4, 5 and 6 of section 530.70 of the criminal procedure law, subdivisions 4 and 5 as added and subdivision 6 as renumbered by chapter 565 of the laws of 1988 and subdivision 6 as amended by chapter 456 of the laws of 1981, are amended to read as follows:

4. The issuing court may authorize the delegation of such warrant. Where the issuing court has so authorized, a police officer to whom a bench warrant is addressed may delegate another police officer to whom it is not addressed to execute such warrant as his or her agent when:

(a) He or she has reasonable cause to believe that the defendant is in a particular county other than the one in which the warrant is returnable; and

(b) The geographical area of employment of the delegated police officer embraces the locality where the arrest is to be made.

5. Under circumstances specified in subdivision four, the police officer to whom the bench warrant is addressed may inform the delegated officer, by telecommunication, mail or any other means, of the issuance of the warrant, of the offense charged in the underlying accusatory instrument and of all other pertinent details, and may request him or her to act as his or her agent in arresting the defendant pursuant to such bench warrant. Upon such request, the delegated police officer is to the same extent as the delegating officer, authorized to make such arrest pursuant to the bench warrant within the geographical area of such delegated officer's employment. Upon so arresting the defendant, he or she must without unnecessary delay deliver the defendant or cause him or her to be delivered to the custody of the police officer by whom he or she was so delegated, and the latter must then without unnecessary delay bring the defendant before the court in which such bench warrant is returnable.
6. A bench warrant may be executed by an officer of the state [division of parole] department of corrections and community supervision or a probation officer when the person named within the warrant is under the supervision of the [division of parole] department of corrections and community supervision or a department of probation and the probation officer is authorized by his or her probation director, as the case may be. The warrant must be executed upon the same conditions and in the same manner as is otherwise provided for execution by a police officer.

§ 84. Section 570.54 of the criminal procedure law, subdivisions 2 and 3 as amended by chapter 2 of the laws of 1980, is amended to read as follows:

§ 570.54 Application for issuance of requisition; by whom made; contents.

1. When the return to this state of a person charged with crime in this state is required, the district attorney of the county in which the offense was committed, or, if the offense is one which is cognizable by him or her, the attorney general shall present to the governor his or her written application for a requisition for the return of the person charged, in which application shall be stated the name of the person so charged, the crime charged against him or her, the approximate time, place and circumstances of its commission, the state in which he or she is believed to be, including the location of the accused therein at the time the application is made and certifying that, in the opinion of the said district attorney or attorney general the ends of justice require the arrest and return of the accused to this state for trial and that the proceeding is not instituted to enforce a private claim.

2. When there is required the return to this state of a person who has been convicted of a crime in this state and has escaped from confinement or broken the terms of his or her bail, probation or parole, the district attorney of the county in which the offense was committed, [parole board, or] the warden of the institution or sheriff of the county, from which escape was made, or the commissioner of the state department of [correctional services] corrections and community supervision or his or her designee shall present to the governor a written application for a requisition for the return of such person, in which application shall be stated the name of the person, the crime of which he or she was convicted, the circumstances of his or her confinement or of the breach of the terms of his or her bail, probation or parole, the state in which he or she is believed to be, including the location of the person therein at the time the application is made.

3. The application shall be verified by affidavit, shall be executed in duplicate and shall be accompanied by two certified copies of the accusatory instrument stating the offense with which the accused is charged, or of the judgment of conviction or of the sentence. The district attorney, attorney general, [parole board,] warden, sheriff or the commissioner of the state department of [correctional services] corrections and community supervision or his or her designee may also attach such further affidavits and other documents in duplicate as he or she shall deem proper to be submitted with such application. One copy of the application, with the action of the governor indicated by endorsement thereon, and one of the certified copies of the accusatory instrument, or of the judgment of conviction or the sentence shall be filed in the office of the secretary of state to remain of record in that office. The other copies of all papers shall be forwarded with the governor's requisition.
§ 85. Section 570.56 of the criminal procedure law, as amended by chapter 193 of the laws of 1995, is amended to read as follows:

§ 570.56 Expense of extradition.

The expenses of extradition must be borne by the county from which the application for a requisition comes or, where the application is made by the attorney general, by the county in which the offense was committed. In the case of extradition of a person who has been convicted of a crime in this state and has escaped from a state prison or reformatory, the expense of extradition shall be borne by the department of corrections and community supervision. Where a person has broken the terms of his or her parole from a state prison or reformatory, the expense of extradition shall be borne by the state division of parole. Where a person has broken the terms of his or her bail or probation, the expense of extradition shall be borne by the county. Where a person has been convicted but not yet confined to a prison, or has been sentenced for a felony to a county jail or penitentiary and escapes, the expenses of extradition shall be charged to the county from whose custody the escape is effected. Nothing in this section shall preclude a county, or the department of correctional services or the state division of parole, corrections and community supervision, as the case may be, from collecting the expenses involved in extradition from the person who was extradited.

§ 86. Section 650.10 of the criminal procedure law, as amended by chapter 550 of the laws of 1978, is amended to read as follows:

§ 650.10 Securing attendance of prisoner in this state as witness in proceeding without the state.

If a judge of a court of record in any other state, which by its laws has made provision for commanding a prisoner within that state to attend and testify in this state, certifies under the seal of that court that there is a criminal prosecution pending in such court or that a grand jury investigation has commenced, and that a person confined in a New York state correctional institution or prison within the department of corrections and community supervision, other than a person confined as criminally mentally ill, or as a defective delinquent, or confined in the death house awaiting execution, is a material witness in such prosecution or investigation and that his or her presence is required for a specified number of days, upon presentment of such certificate to a judge of a superior court in the county where the person is confined, upon notice to the attorney general, such judge shall fix a time and place for a hearing and shall make an order directed to the person having custody of the prisoner requiring that such prisoner be produced at the hearing.

If at such hearing the judge determines that the prisoner is a material and necessary witness in the requesting state, the judge shall issue an order directing that the prisoner attend in the court where the prosecution or investigation is pending, upon such terms and conditions as the judge prescribes, including among other things, provision for the return of the prisoner at the conclusion of his or her testimony, proper safeguards on his or her custody, and proper financial reimbursement or other payment by the demanding jurisdiction for all expenses incurred in the production and return of the prisoner.

The attorney general is authorized as agent for the state of New York, when in his or her judgment it is necessary, to enter into such agreements with the appropriate authorities of the demanding jurisdiction as
he or she determines necessary to ensure proper compliance with the order of the court.

§ 87. Subdivisions 1, 2 and 4 of section 720.35 of the criminal procedure law, subdivision 1 as amended by chapter 452 of the laws of 1992, subdivision 2 as amended by chapter 412 of the laws of 2001 and subdivision 4 as added by chapter 7 of the laws of 2007, are amended to read as follows:

1. A youthful offender adjudication is not a judgment of conviction for a crime or any other offense, and does not operate as a disqualification of any person so adjudged to hold public office or public employment or to receive any license granted by public authority but shall be deemed a conviction only for the purposes of transfer of supervision and custody pursuant to section two hundred fifty-nine-m of the executive law.

2. Except where specifically required or permitted by statute or upon specific authorization of the court, all official records and papers, whether on file with the court, a police agency or the division of criminal justice services, relating to a case involving a youth who has been adjudicated a youthful offender, are confidential and may not be made available to any person or public or private agency, other than the designated educational official of the public or private elementary or secondary school in which the youth is enrolled as a student provided that such local educational official shall only have made available a notice of such adjudication and shall not have access to any other official records and papers, such youth or such youth's designated agent (but only where the official records and papers sought are on file with a court and request therefor is made to that court or to a clerk thereof), an institution to which such youth has been committed, the division of corrections and community supervision and a probation department of this state that requires such official records and papers for the purpose of carrying out duties specifically authorized by law; provided, however, that information regarding an order of protection or temporary order of protection issued pursuant to section 530.12 of this chapter or a warrant issued in connection therewith may be maintained on the statewide automated order of protection and warrant registry established pursuant to section two hundred twenty-one-a of the executive law during the period that such order of protection or temporary order of protection is in full force and effect or during which such warrant may be executed. Such confidential information may be made available pursuant to law only for purposes of adjudicating or enforcing such order of protection or temporary order of protection and, where provided to a designated educational official, as defined in section 380.90 of this chapter, for purposes related to the execution of the student's educational plan, where applicable, successful school adjustment and reentry into the community. Such notification shall be kept separate and apart from such student's school records and shall be accessible only by the designated educational official. Such notification shall not be part of such student's permanent school record and shall not be appended to or included in any documentation regarding such student and shall be destroyed at such time as such student is no longer enrolled in the school district. At no time shall such notification be used for any purpose other than those specified in this subdivision.

4. Notwithstanding subdivision two of this section, whenever a person is adjudicated a youthful offender and the conviction that was vacated and replaced by the youthful offender finding was for a sex offense as that term is defined in article ten of the mental hygiene law, all
records pertaining to the youthful offender adjudication shall be
included in those records and reports that may be obtained by the
commissioner of mental health or the commissioner of [mental retardation
and developmental disabilities] developmental disabilities, as appropriate;
the case review panel; and the attorney general pursuant to section
10.05 of the mental hygiene law.
§ 88. Paragraph b of subdivision 1 of section 272 of the education
law, as amended by chapter 787 of the laws of 1978, is amended to read
as follows:
b. The "area served" by a public library system for the purposes of
this article shall mean the area which the public library system
proposes to serve in its approved plan of service. In determining the
population of the area served by the public library system the popu-
lation shall be deemed to be that shown by the latest federal census for
the political subdivisions in the area served. Such population shall be
certified in the same manner as provided by section fifty-four of the
state finance law except that such population shall include the reserva-
tion and school Indian population and inmates of state institutions
under the direction, supervision or control of the state department of
[correction] corrections and community supervision, the state department
of mental hygiene and the state department of social welfare. In the
event that any of the political subdivisions receiving library service
are included within a larger political subdivision which is a part of
the public library system the population used for the purposes of
computing state aid shall be the population of the larger political
subdivision, provided however, that where any political subdivision
within a larger political subdivision shall have taken an interim census
since the last census taken of the larger political subdivision, the
population of the larger political subdivision may be adjusted to
reflect such interim census and, as so adjusted, may be used until the
next census of such larger political subdivision. In the event that the
area served is not coterminous with a political subdivision, the popu-
lation of which is shown on such census, or the area in square miles of
which is available from official sources, such population and area shall
be determined, for the purpose of computation of state aid pursuant to
section two hundred seventy-three of this part by applying to the popu-
lation and area in square miles of such political subdivision, the ratio
which exists between the assessed valuation of the portion of such poli-
tical subdivision included within the area served and the total assessed
valuation of such political subdivision.
§ 89. Subparagraph 3 of paragraph a of subdivision 9 of section 605 of
the education law, as amended by chapter 523 of the laws of 1992, is

Each member agency may designate an officer of that agency, with responsibility for disaster preparedness matters, who may represent that agency on the commission. The commissioner of the division of homeland security and emergency services shall serve as chair of the commission, and the governor shall designate the vice chair of the commission. The members of the commission, except those who serve ex officio, shall be allowed their actual and necessary expenses incurred in the performance of their duties under this article but shall receive no additional compensation for services rendered pursuant to this article.

Such commissioner shall provide training in the use of safe and appropriate security interventions to employees responsible for transporting persons under this article.

(d) The commissioner shall have the discretion to enter into agreements with the department of [correctional services] corrections and community supervision for the provision of security services relating to this article.

§ 118-e. Paragraphs 1 and 2 of subdivision (a), paragraph 1 of subdivision (b), subdivision (c), paragraph 1 of subdivision (d) and subdivision (f) of section 10.11 of the mental hygiene law, as added by chapter 7 of the laws of 2007, are amended to read as follows:
(1) Before ordering the release of a person to a regimen of strict and
intensive supervision and treatment pursuant to this article, the court
shall order that the department of corrections and community supervision recommend supervision requirements to the court. These supervision requirements, which shall be developed in consultation with the commissioner, may include but need not be limited to, electronic monitoring or global positioning satellite tracking for an appropriate period of time, polygraph monitoring, specification of residence or type or residence, prohibition of contact with identified past or potential victims, strict and intensive supervision by a parole officer, and any other lawful and necessary conditions that may be imposed by a court. In addition, after consultation with the psychiatrist, psychologist or other professional primarily treating the respondent, the commissioner shall recommend a specific course of treatment. A copy of the recommended requirements for supervision and treatment shall be given to the attorney general and the respondent and his or her counsel a reasonable time before the court issues its written order pursuant to this section.

(2) Before issuing its written order, the court shall afford the parties an opportunity to be heard, and shall consider any additional submissions by the respondent and the attorney general concerning the proposed conditions of the regimen of strict and intensive supervision and treatment. The court shall issue an order specifying the conditions of the regimen of strict and intensive supervision and treatment, which shall include specified supervision requirements and compliance with a specified course of treatment. A written statement of the conditions of the regimen of strict and intensive supervision and treatment shall be given to the respondent and to his or her counsel, any designated service providers or treating professionals, the commissioner, the attorney general and the supervising parole officer. The court shall require the department of corrections and community supervision to take appropriate actions to implement the supervision plan and assure compliance with the conditions of the regimen of strict and intensive supervision and treatment. A regimen of strict and intensive supervision does not toll the running of any form of supervision in criminal cases, including but not limited to post-release supervision and parole.

(1) Persons ordered into a regimen of strict and intensive supervision and treatment pursuant to this article shall be subject to a minimum of six face-to-face supervision contacts and six collateral contacts per month. Such minimum contact requirements shall continue unless subsequently modified by the court or the department of corrections and community supervision.

(c) An order for a regimen of strict and intensive supervision and treatment places the person in the custody and control of the department of corrections and community supervision. A person ordered to undergo a regimen of strict and intensive supervision and treatment pursuant to this article is subject to lawful conditions set by the court and the department of corrections and community supervision.

(1) A person's regimen of strict and intensive supervision and treatment may be revoked if such a person violates a condition of strict and intensive supervision. If a parole officer has reasonable cause to believe that the person has violated a condition of the regimen of strict and intensive supervision and treatment or, if there is an oral or written evaluation or report by a treating professional indicating
that the person may be a dangerous sex offender requiring confinement, a parole officer authorized in the same manner as provided in subparagraph (i) of paragraph (a) of subdivision three of section two hundred fifty-nine-i of the executive law may take the person into custody and transport the person for lodging in a secure treatment facility or a local correctional facility for an evaluation by a psychiatric examiner, which evaluation shall be conducted within five days. A parole officer may take the person, under custody, to a psychiatric center for prompt evaluation, and at the end of the examination, return the person to the place of lodging. A parole officer, as authorized by this paragraph, may direct a peace officer, acting pursuant to his or her special duties, or a police officer who is a member of an authorized police department or force or of a sheriff's department, to take the person into custody and transport the person as provided in this paragraph. It shall be the duty of such peace officer or police officer to take into custody and transport any such person upon receiving such direction. The [division of parole] department of corrections and community supervision shall promptly notify the attorney general and the mental hygiene legal service, when a person is taken into custody pursuant to this paragraph. No provision of this section shall preclude the [division] board of parole from proceeding with a revocation hearing as authorized by subdivision three of section two hundred fifty-nine-i of the executive law.

(f) The court may modify or terminate the conditions of the regimen of strict and intensive supervision and treatment on the petition of the supervising parole officer, the commissioner or the attorney general. Such petition shall be served on the respondent and the respondent's counsel. A person subject to a regimen of strict and intensive supervision and treatment pursuant to this article may petition every two years for modification or termination, commencing no sooner than two years after the regimen of strict and intensive supervision and treatment commenced, with service of such petition on the attorney general, the [division of parole] department of corrections and community supervision, and the commissioner. Upon receipt of a petition for modification or termination pursuant to this section, the court may require the [division of parole] department of corrections and community supervision and the commissioner to provide a report concerning the person's conduct while subject to a regimen of strict and intensive supervision and treatment. If more than one petition is filed, the petitions may be considered in a single hearing.

(a) That such incarceration was due to an arrest or surrender based upon the failure to return; or

(b) That such incarceration arose from an arrest on another charge which culminated in a dismissal or an acquittal; or

(c) That such custody arose from an arrest on another charge which culminated in a conviction, but in such case, if a sentence of imprisonment was imposed, the credit allowed shall be limited to the portion of the time spent in custody that exceeds the period, term or maximum term of imprisonment imposed for such conviction.

ment and the indeterminate sentence or sentences of imprisonment, if
any. The remaining portion of any maximum or aggregate maximum term
shall then be held in abeyance until the successful completion of the
period of post-release supervision or the person's return to the custody
of the [department of correctional services] department of corrections
and community supervision, whichever occurs first.

(b) Upon the completion of the period of post-release supervision, the
running of such sentence or sentences of imprisonment shall resume and
only then shall the remaining portion of any maximum or aggregate maxi-
mum term previously held in abeyance be credited with and diminished by
such period of post-release supervision. The person shall then be under
the jurisdiction of the [division of parole] department of corrections
and community supervision for the remaining portion of such maximum or
aggregate maximum term.

(c) When a person is subject to two or more periods of post-release
supervision, such periods shall merge with and be satisfied by discharge
of the period of post-release supervision having the longest unexpired
time to run; provided, however, any time served upon one period of post-
release supervision shall not be credited to any other period of post-
release supervision except as provided in subdivision five of section
70.30 of this article.

(d) When a person is alleged to have violated a condition of post-re-
lease supervision and the [division of parole] department of corrections
and community supervision has declared such person to be delinquent: (i)
the declaration of delinquency shall interrupt the period of post-re-
lease supervision; (ii) such interruption shall continue until the
person is restored to post-release supervision; (iii) if the person is
restored to post-release supervision without being returned to the
department of [correctional services] corrections and community super-

restoration to post-release supervision shall first be credited to the
maximum or aggregate maximum term of the sentence or sentences of impri-
sonment, but only to the extent authorized by subdivision three of
section 70.40 of this article. Any time spent in custody solely pursuant
to such delinquency after completion of the maximum or aggregate maximum
term of the sentence or sentences of imprisonment shall be credited to
the period of post-release supervision, if any; and (iv) if the person
is ordered returned to the department of [correctional services]
corrections and community supervision, the person shall be required to
serve the time assessment before being re-released to post-release
supervision. In the event the balance of the remaining period of post-
release supervision is six months or less, such time assessment may be
up to six months unless a longer period is authorized pursuant to subdi-
vision one of this section. The time assessment shall commence upon the
issuance of a determination after a final hearing that the person has
violated one or more conditions of supervision. While serving such
assessment, the person shall not receive any good behavior allowance
pursuant to section eight hundred three of the correction law. Any time
spent in custody from the date of delinquency until return to the
department of [correctional services] corrections and community super-
vision shall first be credited to the maximum or aggregate maximum term
of the sentence or sentences of imprisonment, but only to the extent
authorized by subdivision three of section 70.40 of this article. The
maximum or aggregate maximum term of the sentence or sentences of impri-
sonment shall run while the person is serving such time assessment in
the custody of the department of [correctional services] corrections and
community supervision. Any time spent in custody solely pursuant to
such delinquency after completion of the maximum or aggregate maximum
term of the sentence or sentences of imprisonment shall be credited to
the period of post-release supervision, if any.

(e) Notwithstanding paragraph (d) of this subdivision, in the event a
person is sentenced to one or more additional indeterminate or determi-

nate term or terms of imprisonment prior to the completion of the period
of post-release supervision, such period of post-release supervision
shall be held in abeyance and the person shall be committed to the
custody of the department of [correctional services] corrections and
community supervision in accordance with the requirements of the prior
and additional terms of imprisonment.

(f) When a person serving a period of post-release supervision is
returned to the department of [correctional services] corrections and
corrections and community supervision pursuant to an additional consecutive sentence of
imprisonment and without a declaration of delinquency, such period of
post-release supervision shall be held in abeyance while the person is
in the custody of the department of [correctional services] corrections
and community supervision. Such period of post-release supervision
shall resume running upon the person's re-release.

AN ACT to amend the domestic relations law, in relation to the ability to marry

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "Marriage Equality Act".
2 § 2. Legislative intent. Marriage is a fundamental human right. Same-sex couples should have the same access as others to the protections, responsibilities, rights, obligations, and benefits of civil marriage. Stable family relationships help build a stronger society. For the welfare of the community and in fairness to all New Yorkers, this act formally recognizes otherwise-valid marriages without regard to whether the parties are of the same or different sex.
4 It is the intent of the legislature that the marriages of same-sex and different-sex couples be treated equally in all respects under the law. The omission from this act of changes to other provisions of law shall not be construed as a legislative intent to preserve any legal distinction between same-sex couples and different-sex couples with respect to marriage. The legislature intends that all provisions of law

the same or different sex.

2. No government treatment or legal status, effect, right, benefit,
privilege, protection or responsibility relating to marriage, whether
deriving from statute, administrative or court rule, public policy,
common law or any other source of law, shall differ based on the parties
to the marriage being or having been of the same sex rather than a
different sex. When necessary to implement the rights and responsibil-
ities of spouses under the law, all gender-specific language or terms
shall be construed in a gender-neutral manner in all such sources of
law.

§ 10-b. Application. 1. Notwithstanding any other provision of law,
pursuant to subdivision nine of section two hundred ninety-two of the
executive law, a corporation incorporated under the benevolent orders
law or described in the benevolent orders law but formed under any other
law of this state or a religious corporation incorporated under the
education law or the religious corporations laws shall be deemed to be
in its nature distinctly private and therefore, shall not be required to
provide accommodations, advantages, facilities or privileges related to
the solemnization or celebration of a marriage.

2. A refusal by a benevolent organization or a religious corporation,
incorporated under the education law or the religious corporations law,
to provide accommodations, advantages, facilities or privileges in
connection with section ten-a of this article shall not create a civil
claim or cause of action.

3. Pursuant to subdivision eleven of section two hundred ninety-six of
the executive law, nothing in this article shall be deemed or construed
to prohibit any religious or denominational institution or organization,
or any organization operated for charitable or educational purposes,
which is operated, supervised or controlled by or in connection with a
religious organization from limiting employment or sales or rental of
housing accommodations or admission to or giving preference to persons
of the same religion or denomination or from taking such action as is

before the marriage ceremony may be performed. In case of a marriage
contracted pursuant to subdivision four of section eleven of this chap-
ter, such license shall be delivered to the judge of the court of record

such license may be obtained from any justice of the peace residing on
such island, and such justice, in respect to powers and duties relating
to marriage licenses, shall be subject to the provisions of this article
governing town clerks and shall file all statements or affidavits

If, upon examination pursuant to sections thirty-three and thirty-four of this chapter, the state comptroller finds that a local government levied taxes in excess of the applicable tax levy limit, the local government, as soon as practicable, shall place an amount equal to the excess amount of the levy in such reserve in accordance with this subdivision.

7. All local governments subject to the provisions of this section shall, prior to adopting a budget for the coming fiscal year, submit to the state comptroller, in a form and manner as he or she may prescribe, any information necessary for calculating the tax levy limit for the coming fiscal year.

school district which is equal to one plus the quantity change factor.

3. Computation of tax levy limits. a. Each school district shall
calculate the tax levy limit for each school year which shall be deter-
mined as follows:

(1) Ascertain the total amount of taxes levied for the prior school
year.

(2) Multiply the result by the tax base growth factor, if any.

(3) Add any payments in lieu of taxes that were receivable in the
prior school year.

(4) Subtract the tax levy necessary to support the expenditures pursu-
ant to subparagraph (i) and (iv) of paragraph i of subdivision two of
this section for the prior school year, if any.

(5) Multiply the result by the allowable levy growth factor.

(6) Subtract any payments in lieu of taxes receivable in the coming
fiscal year.

(7) Add the available carryover, if any.

b. On or before March first of each year, any school district subject
to the provisions of this section shall submit to the state comptroller,
the commissioner, and the commissioner of taxation and finance, in a
form and manner prescribed by the state comptroller, any information
necessary for the calculation of the tax levy limit; and the school
district's determination of the tax levy limit pursuant to this section
shall be subject to review by the commissioner and the commissioner of
taxation and finance.

4. Reorganized school districts. When two or more school districts
reorganize, the commissioner shall determine the tax levy limit for the
reorganized school district for the first school year following the
reorganization based on the respective tax levy limits of the school
districts that formed the reorganized district from the last school year
in which they were separate districts, provided that in the event of
formation of a new central high school district, the tax levy limits for
the new central high school district and its component school districts
shall be determined in accordance with a methodology prescribed by the
commissioner.

5. Erroneous levies. In the event a school district's actual tax levy
for a given school year exceeds the maximum allowable levy as estab-
lished pursuant to this section due to clerical or technical errors, the
school district shall place the excess amount of the levy in reserve in
accordance with such requirements as the state comptroller may
prescribe, and shall use such funds and any interest earned thereon to
offset the tax levy for the ensuing school year.

6. (a) Notwithstanding any other provision of law to the contrary, in
the event the trustee, trustees or board of education of a school
district that is subject to the provisions of this section proposes a
budget that will require a tax levy that exceeds the tax levy limit for
the corresponding school year, not including any levy necessary to
support the expenditures pursuant to subparagraphs (i) through (iv) of paragraph i of subdivision two of this section, then such budget shall be approved if sixty percent of the votes cast thereon are in the affirmative.

(b) Where the trustee, trustees or board of education proposes a budget subject to the requirements of paragraph (a) of this subdivision, the ballot for such budget shall include the following statement in substantially the same form: "Adoption of this budget requires a tax levy increase of which exceeds the statutory tax levy increase limit of for this school fiscal year and therefore exceeds the state tax cap and must be approved by sixty percent of the qualified voters present and voting."

7. In the event that the original proposed budget is not approved by the voters, the sole trustee, trustees or board of education may adopt a final budget pursuant to subdivision eight of this section or resubmit to the voters the original or a revised budget at a special district meeting in accordance with subdivision three of section two thousand seven of this part. Upon one defeat of such resubmitted budget, the sole trustee, trustees or board of education shall adopt a final budget pursuant to subdivision eight of this section.

8. Notwithstanding any other provision of law to the contrary, if the qualified voters fail to approve the proposed school district budget upon resubmission or upon a determination not to resubmit for a second vote pursuant to subdivision seven of this section, the sole trustee, trustees or board of education shall levy a tax no greater than the tax that was levied for the prior school year.

9. Nothing in this section shall preclude the trustee, trustees, or board of education of a school district, in their discretion, from submitting additional items of expenditures to the voters for approval as separate propositions or the voters from submitting propositions pursuant to sections two thousand eight and two thousand thirty-five of this part; provided however, except in the case of a proposition submitted for any expenditure contained within subparagraphs (i) through (iv) of paragraph i of subdivision two of this section, if any proposition, or propositions collectively that are subject to a vote on the same date, would require an expenditure of money that would require a tax levy and would result in the tax levy limit being exceeded for the corresponding school year then such proposition shall be approved if sixty percent of the votes cast thereon are in the affirmative.

§ 3. Section 2023 of the education law, as amended by section 24 of part A of chapter 436 of the laws of 1997, subdivision 1 as amended by chapter 682 of the laws of 2002, subparagraphs (v) and (vi) of paragraph b of subdivision 4 as separately amended by section 1 of part D-2 of chapter 57 of the laws of 2007 and chapter 422 of the laws of 2007, subparagraph (vii) of paragraph b of subdivision 4 as added by section 1 of part D-2 of chapter 57 of the laws of 2007, subparagraph (vii) of paragraph b of subdivision 4 as added by chapter 422 of the laws of 2007 and paragraph b-1 of subdivision 4 as amended by section 5 of part B of chapter 57 of the laws of 2008, is amended to read as follows:

§ 2023. Levy of tax for certain purposes without vote; contingency budget. 1. If the qualified voters shall neglect or refuse to vote the sum estimated necessary for teachers' salaries, after applying thereto the public school moneys, and other moneys received or to be received for that purpose, or if they shall neglect or refuse to vote the sum estimated necessary for ordinary contingent expenses, including the purchase of library books and other instructional materials associated
with a library and expenses incurred for interschool athletics, field trips and other extracurricular activities and the expenses for cafeteria or restaurant services, the sole trustee, board of trustees, or board of education shall adopt a contingency budget including such expenses and shall levy a tax, subject to the restrictions as set forth in subdivision four of this section and subdivision eight of section two thousand twenty-three-a of this part, for the same, in like manner as if the same had been voted by the qualified voters, subject to the limitations contained in subdivisions three and four of this section.

2. Notwithstanding the defeat of a school budget, school districts shall continue to transport students to and from the regular school program in accordance with the mileage limitations previously adopted by the qualified voters of the school district. Such mileage limits shall change only when amended by a special proposition passed by a majority of the qualified voters of the school district. In cases where the school budget is defeated by such qualified voters of the school district, appropriations for transportation costs for purposes other than for transportation to and from the regular school program, and transportation that would constitute an ordinary contingent expense pursuant to subdivision one of this section, shall be authorized in the budget only after approval by the qualified voters of the district.

3. The administrative component of a contingency budget shall not comprise a greater percentage of the contingency budget exclusive of the capital component than the lesser of (1) the percentage the administrative component had comprised in the prior year budget exclusive of the capital component; or (2) the percentage the administrative component had comprised in the last proposed defeated budget exclusive of the capital component.

4. a. The contingency budget shall not result in a [percentage increase in total spending over the district's total spending under—the school district budget for the prior school year that exceeds the lesser of: (i) the result obtained when one hundred twenty percent is multiplied by the percentage increase in the consumer price index, with the result rounded to two decimal places; or (ii) four percent.

   b. The following types of expenditures shall be disregarded in determining total spending:

   (i) expenditures resulting from a tax certiorari proceeding;

   (ii) expenditures resulting from a court order or judgment against the school district;

   (iii) expenditures that are certified by the commissioner as necessary as a result of damage to, or destruction of, a school building or school equipment;

   (iv) capital expenditures resulting from the construction, acquisition, reconstruction, rehabilitation or improvement of school facilities, including debt service and lease expenditures, subject to the approval of the qualified voters where required by law;

   (v) expenditures in the contingency budget attributable to projected increases in public school enrollment, which, for the purpose of this subdivision, may include increases attributable to the enrollment of students attending a pre-kindergarten program established in accordance with section thirty-six hundred two-a of this chapter, to be computed based upon an increase in enrollment from the year prior to the base year for which the budget is being adopted, provided that where the trustees or board of education have documented evidence that a further increase in enrollment will occur during the school year for which the contingency budget
is prepared because of new construction, inception of a pre-kindergarten program, growth or similar factors, the expenditures attributable to such additional enrollment may also be disregarded.

(vi) non-recurring expenditures in the prior year’s school district budget; and

(vii) expenditures for payments to charter schools pursuant to section twenty-eight hundred fifty-six of this chapter.

(vii) expenditures for self-supporting programs. For purposes of this subparagraph, “self-supporting programs” shall mean any programs that are entirely funded by private funds that cover all the costs of the program.

b-1. Notwithstanding any other provision of this subdivision to the contrary, in the event a state grant in aid provided to the district in the prior year is eliminated and incorporated into a non-categorical general state aid in the current school year, the amount of such grant may be included in the computation of total spending for the prior school year, provided that the commissioner has verified that the grant in aid has been incorporated into such non-categorical general state aid tax levy greater than the tax levied for the prior school year.

c. The resolution of the trustee, board of trustees, or board of education adopting a contingency budget shall incorporate by reference a statement specifying the projected percentage increase or decrease in total spending for the school year, and explaining the reasons for disregarding any portion of an increase in spending in formulating the contingency budget.

d. Notwithstanding any other provision of law to the contrary, the trustees or board of education shall not be authorized to amend or revise a final contingency budget where such amendment or revision would result in total spending in excess of the spending limitation in paragraph (a) of this subdivision; provided that the trustees or board of education shall be authorized to add appropriations for:

(i) the categories of expenditures excluded from the spending limitations set forth in paragraph (b) of this subdivision, subject to approval of the qualified voters where required by law;

(ii) expenditures resulting from an actual increase in enrollment over the projected enrollment used to develop the contingency budget, provided that where such actual enrollment is less than such projected enrollment, it shall be the duty of the trustees or board of education to use such excess funds to reduce taxes; and

(iii) the expenditure of gifts, grants in aid for specific purposes or for general use or insurance proceeds authorized pursuant to subdivision two of section seventeen hundred eighteen of this chapter in addition to that which has been previously budgeted.

e. For the purposes of this subdivision:

(i) “Base school year” shall mean the school year immediately preceding the school year for which the contingency budget is prepared.

(ii) “Consumer price index” shall mean the percentage that represents the average of the national consumer price indexes determined by the United States department of labor, for the twelve month period preceding January first of the current year.

(iii) “Current year” shall mean the calendar year in which the school district budget is submitted for a vote of the qualified voters.

(iv) “Resident public school district enrollment shall mean the resident public school enrollment of the school district as defined in paragraph n of subdivision one of section thirty-six hundred two of this chapter.”
"Total spending" shall mean the total amount appropriated under
the school district budget for the school year.

§ 4. Paragraph a of subdivision 7 of section 1608 of the education
law, as amended by chapter 238 of the laws of 2007, is amended to read
as follows:

a. Each year, commencing with the proposed budget for the two thou-
sand--two thousand one school year, the trustee or board of trustees
shall prepare a property tax report card, pursuant to regulations of the
commissioner, and shall make it publicly available by transmitting it to
local newspapers of general circulation, appending it to copies of the
proposed budget made publicly available as required by law, making it
available for distribution at the annual meeting, and otherwise dissem-
inating it as required by the commissioner. Such report card shall
include: (i) the amount of total spending and total estimated school tax
levy that would result from adoption of the proposed budget and the
percentage increase or decrease in total spending and total school tax
levy from the school district budget for the preceding school year; and
(ii) the district's tax levy limit determined pursuant to section two
thousand twenty-three-a of this title, and the estimated school tax
levy, excluding any levy necessary to support the expenditures pursuant
to subparagraphs (i) through (iv) of paragraph i of subdivision two of
section two thousand twenty-three-a of this title, that would result
from adoption of the proposed budget; and (iii) the projected enrollment
growth for the school year for which the budget is prepared, and the

percentage of the proposed budget that the unappropriated unreserved
fund balance represents, the actual unappropriated unreserved fund
balance retained in the school district budget for the preceding school
year, and the percentage of the school district budget for the preceding
school year that the actual unappropriated unreserved fund balance
represents.

§ 5. Paragraph a of subdivision 7 of section 1716 of the education
law, as amended by chapter 238 of the laws of 2007, is amended to read
as follows:

a. Each year, commencing with the proposed budget for the two thou-

and shall make it publicly available by transmitting it to local newspa-
pers of general circulation, appending it to copies of the proposed
budget made publicly available as required by law, making it available
for distribution at the annual meeting, and otherwise disseminating it
as required by the commissioner. Such report card shall include: (i) the
amount of total spending and total estimated school tax levy that would
result from adoption of the proposed budget and the percentage increase
or decrease in total spending and total school tax levy from the school
district budget for the preceding school year; and (ii) the district's
tax levy limit determined pursuant to section two thousand
twenty-three-a of this title, and the estimated school tax levy, excluding any levy necessary to support the expenditures pursuant to subpara-
graphs (i) through (iv) of paragraph i of subdivision two of section two
thousand twenty-three-a of this title, that would result from adoption
§ 6. Section 2008 of the education law is amended by adding a new subdivision 3 to read as follows:

3. Notwithstanding any other provision of law to the contrary, any proposition submitted by the voters that requires the expenditure of money shall be subject to the requirements set forth in subdivision nine of section two thousand twenty-three-a of this part.
voters for approval as separate propositions or the voters from submit-
ing propositions pursuant to [section] sections two thousand eight and
two thousand thirty-five of this [article] part; provided however that
such propositions shall be subject to the requirements set forth in
subsection nine of section two thousand twenty-three-a of this part.
2-a. Every common, union free, central, central high school district
and city school district to which this article applies shall mail a
school budget notice to all qualified voters of the school district
after the date of the budget hearing, but no later than six days prior
to the annual meeting and election or special district meeting at which
a school budget vote will occur. The school budget notice shall compare
the percentage increase or decrease in total spending under the proposed
budget over total spending under the school district budget adopted for
the current school year, with the percentage increase or decrease in the
consumer price index, from January first of the prior school year to
January first of the current school year, and shall also include the
information required by paragraphs a and b of this subdivision. The
notice shall also set forth the date, time and place of the school budg-
et vote, in the same manner as in the notice of annual meeting, and
shall also include the district's tax levy limit pursuant to section two
thousand twenty-three-a of this part, and the estimated school tax levy,
excluding any levy necessary to support the expenditures pursuant to
subparagraphs (i) through (iv) of paragraph i of subdivision two of
section two thousand twenty-three-a of this part, that would result from
adoption of the proposed budget. Such notice shall be in a form
prescribed by the commissioner.

a. Commencing with the proposed budget for the two thousand one--two
thousand two school year, such notice shall also include a description
of how total spending and the tax levy resulting from the proposed budg-
et would compare with a projected contingency budget adopted pursuant to
section two thousand twenty-three-a of this article, assuming that such
contingency budget is adopted on the same day as the vote on the
proposed budget. Such comparison shall be in total and by component
(program, capital and administrative), and shall include a statement of
the assumptions made in estimating the projected contingency budget.

b. Commencing with the proposed budget for the two thousand eight--two
thousand nine school year, such notice shall also include, in a format
prescribed by the commissioner, an estimate of the tax savings that
would be available to an eligible homeowner under the basic school tax
relief (STAR) exemption authorized by section four hundred twenty-five
of the real property tax law if the proposed budget were adopted. Such
estimate shall be made in the manner prescribed by the commissioner, in
consultation with the office of real property services.

3. In all elections for trustees or members of boards of education or
votes involving the expenditure of money, or authorizing the levy of
taxes, the vote thereon shall be by ballot, or, in school districts that
prior to nineteen hundred ninety-eight conducted their vote at the annu-
al meeting, may be ascertained by taking and recording the ayes and noes
of such qualified voters attending and voting at such district meetings.

4. The budget adoption process shall conform to the requirements set
forth in section two thousand twenty-three-a of this part. In the event
that the original proposed budget is not approved by the voters, the
sole trustee, trustees or board of education may adopt a final budget
pursuant to subdivision five of this section or resubmit to the voters
the original or a revised budget pursuant to subdivision three of
section two thousand seven of this part. Upon one defeat of such resub-
mitted budget, the sole trustee, trustees or board of education shall adopt a final budget pursuant to subdivision five of this section. Notwithstanding any other provision of law to the contrary, the school district budget for any school year, or any part of such budget or any propositions involving the expenditure of money for such school year shall not be submitted for a vote of the qualified voters more than twice.

5. If the qualified voters fail to approve the proposed school district budget upon resubmission or upon a determination not to resubmit for a second vote pursuant to subdivision four of this section, the sole trustee, trustees or board of education, after applying thereto the public school moneys and other moneys received or to be received for that purpose, shall levy a tax for the sum necessary for teachers' salaries and other ordinary contingent expenses in accordance with the provisions of this subdivision and [section] sections two thousand twenty-three and two thousand twenty-three-a of this article.

6. Notwithstanding the provisions of subdivision four of section eighteen hundred four and subdivision five of section nineteen hundred six of this title, subdivision one of section two thousand two of this article, subdivision one of this section, subdivision two of section twenty-six hundred one-a of this title and any other provision of law to the contrary, the annual district meeting and election of every common, union free, central and central high school district and the annual meeting of every city school district in a city having a population of less than one hundred twenty-five thousand inhabitants that is scheduled to be held on the third Tuesday of May, two thousand three is hereby adjourned until the first Tuesday in June, two thousand three. The trustees or board of education of each such school district shall provide notice of such adjourned meeting to the qualified voters in the manner prescribed for notice of the annual meeting, and such notice shall provide for an adjourned budget hearing. The adjourned district meeting or district meeting and election shall be deemed the annual meeting or annual meeting and election of the district for all purposes under this title and the date of the adjourned meeting shall be deemed the statewide uniform voting day for all purposes under this title. Notwithstanding the provisions of subdivision seven of section sixteen hundred eighty or subdivision seven of section seventeen hundred sixteen of this title or any other provision of law, rule or regulation to the contrary, in two thousand three the property tax report card shall be submitted to the department no later than twenty days prior to the date of the adjourned meeting and the department shall make its compilation available electronically at least seven days prior to such date.

§ 8. Section 2035 of the education law is amended by adding a new subdivision 3 to read as follows:

3. Any proposition submitted pursuant to this section shall be subject to the requirements set forth in subdivision nine of section two thousand twenty-three-a of this part.

§ 9. Section 2601-a of the education law, as added by chapter 171 of the laws of 1996, subdivision 2 as amended by section 6 and subdivision 4 as amended by section 8 of part M of chapter 57 of the laws of 2005, subdivision 3 as amended by chapter 640 of the laws of 2008, subdivision 5 as amended by section 29 of part A of chapter 436 of the laws of 1997, subdivision 6 as amended and subdivision 7 as added by chapter 474 of the laws of 1996, is amended to read as follows:

§ 2601-a. Procedures for adoption of school budgets in small city school districts. 1. The board of education of each city school district
subject to this article shall provide for the submission of a budget for approval of the voters pursuant to the provisions of this section and in accordance with the requirements set forth in section two thousand twenty-three-a of this title.

2. The board of education shall conduct all annual and special school district meetings for the purpose of adopting a school district budget in the same manner as a union free school district in accordance with the provisions of article forty-one of this title, except as otherwise provided by this section. The annual meeting and election of each such city school district shall be held on the third Tuesday of May in each year, provided, however that such annual meeting and election shall be held on the second Tuesday in May if the commissioner at the request of a local school board certifies no later than March first that such election would conflict with religious observances, and any school budget revote shall be held on the date and in the same manner specified in subdivision three of section two thousand seven of this title. The provisions of this article, and where applicable subdivisions nine and nine-a of section twenty-five hundred two of this title, governing the qualification and registration of voters, and procedures for the nomination and election of members of the board of education shall continue to apply, and shall govern the qualification and registration of voters and voting procedures with respect to the adoption of a school district budget.

3. The board of education shall prepare a proposed school district budget for the ensuing year in accordance with the provisions of section seventeen hundred sixteen of this chapter, including all provisions relating to required notices and appendices to the statement of expenditures. No board of education shall incur a school district liability except as authorized by the provisions of section seventeen hundred eighteen of this chapter. Such proposed budget shall be presented in three components: a program component, a capital component and an administrative component which shall be separately delineated in accordance with regulations of the commissioner after consultation with local school district officials. The administrative component shall include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, salaries and benefits of all school administrators and supervisors, including business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining agreements, any and all expenditures associated with the operation of the board of education, the office of the superintendent of schools, general administration, the school business office, consulting costs not directly related to direct student services and programs, planning and all other administrative activities. The program component shall include, but need not be limited to, all program expenditures of the school district, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses. The capital component shall include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments in tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the school district, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the school district, and the costs of construction, acquisition, reconstruction,
rehabilitation or improvement of school buildings, provided that such
budget shall include a rental, operations and maintenance section that
includes base rent costs, total rent costs, operation and maintenance
charges, cost per square foot for each facility leased by the school
district, and any and all expenditures associated with custodial sala-
ries and benefits, service contracts, supplies, utilities, and mainte-
nance and repairs of school facilities. For the purposes of the develop-
ment of a budget for the nineteen hundred ninety-seven--ninety-eight
school year, the board of education shall separate its program, capital
and administrative costs for the nineteen hundred ninety-six--ninety-
seven school year in the manner as if the budget for such year had been
presented in three components. Except as provided in subdivision four of
this section, nothing in this section shall preclude the board, in its
discretion, from submitting additional items of expenditure to the
voters for approval as separate propositions or the voters from submit-
ting propositions pursuant to sections two thousand eight and two thou-
sand thirty-five of this chapter subject to the requirements set forth
in subdivision nine of section two thousand twenty-three-a of this part.
4. The budget adoption process shall conform to the requirements set
forth in section two thousand twenty-three-a of this title. In the event
the qualified voters of the district reject the budget proposed pursuant
to subdivision three of this section, the board may propose to the
voters a revised budget pursuant to subdivision three of section two
thousand seven of this title or may adopt a contingency budget pursuant
to subdivision five of this section and subdivision five of section two
thousand twenty-two of this title. The school district budget for any
school year, or any part of such budget or any propositions involving
the expenditure of money for such school year shall not be submitted for
a vote of the qualified voters more than twice. In the event the qual-
fied voters reject the resubmitted budget, the board shall adopt a
contingency budget in accordance with subdivision five of this section
and subdivision five of such section two thousand twenty-two of this
title.
5. If the qualified voters fail or refuse to vote the sum estimated to
be necessary for teachers' salaries and other ordinary contingent
expenses, the board shall adopt a contingency budget in accordance with
this subdivision and shall levy a tax for that portion of such sum
remaining after applying thereto the moneys received or to be received
from state, federal or other sources, in the same manner as if the budg-
et had been approved by the qualified voters; subject to the limitations
imposed in subdivision four of section two thousand twenty-three of this
chapter, subdivision eight of section two thousand twenty-three-a of
this title and this subdivision. The administrative component shall not
comprise a greater percentage of the contingency budget exclusive of the
capital component than the lesser of (1) the percentage the administra-
tive component had comprised in the prior year budget exclusive of the
capital component; or (2) the percentage the administrative component
had comprised in the last proposed defeated budget exclusive of the
capital component. Such contingency budget shall include the sum deter-
mined by the board to be necessary for:
(a) teachers' salaries, including the salaries of all members of the
teaching and supervising staff;
(b) items of expense specifically authorized by statute to be incurred
by the board of education, including, but not limited to, expenditures
for transportation to and from regular school programs included as ordi-
nary contingent expenses in subdivision twelve of section twenty-five
hundred three of this chapter, expenditures for textbooks, required
services for non-public school students, school health services, special
education services, kindergarten and nursery school programs, and the
district's share of the administrative costs and costs of services
provided by a board of cooperative educational services;
(c) items of expense for legal obligations of the district, including,
but not limited to, contractual obligations, debt service, court orders
or judgments, orders of administrative bodies or officers, and standards
and requirements of the board of regents and the commissioner that have
the force and effect of law;
(d) the purchase of library books and other instructional materials
associated with a library;
(e) items of expense necessary to maintain the educational programs of
the district, preserve the property of the district or protect the
health and safety of students and staff, including, but not limited to,
support services, pupil personnel services, the necessary salaries for
the necessary number of non-teaching employees, necessary legal
expenses, water and utility charges, instructional supplies for teach-
ers' use, emergency repairs, temporary rental of essential classroom
facilities, and expenditures necessary to advise school district voters
concerning school matters; and
(f) expenses incurred for interschool athletics, field trips and other
extracurricular activities; and
(g) any other item of expense determined by the commissioner to be an
ordinary contingent expense in any school district.
6. The commissioner shall determine appeals raising questions as to
what items of expenditure are ordinary contingent expenses pursuant to
subdivision five of this section in accordance with section two thousand
twenty-four and three hundred ten of this chapter.
7. Each year, the board of education shall prepare a school district
report card, pursuant to regulations of the commissioner, and shall make
it publicly available by transmitting it to local newspapers of general
circulation, appending it to copies of the proposed budget made publicly
available as required by law, making it available for distribution at
the annual meeting, and otherwise disseminating it as required by the
commissioner. Such report card shall include measures of the academic
performance of the school district, on a school by school basis, and
measures of the fiscal performance of the district, as prescribed by the
commissioner. Pursuant to regulations of the commissioner, the report
card shall also compare these measures to statewide averages for all
public schools, and statewide averages for public schools of comparable
wealth and need, developed by the commissioner. Such report card shall
include, at a minimum, any information on the school district regarding
pupil performance and expenditure per pupil required to be included in
the annual report by the regents to the governor and the legislature
pursuant to section two hundred fifteen-a of this chapter; and any other
information required by the commissioner. School districts (i) identi-
fied as having fifteen percent or more of their students in special
education, or (ii) which have fifty percent or more of their students
with disabilities in special education programs or services sixty
percent or more of the school day in a general education building, or
(iii) which have eight percent or more of their students with disabili-
ties in special education programs in public or private separate educa-
tional settings shall indicate on their school district report card
their respective percentages as defined in this paragraph and paragraphs
(i) and (ii) of this subdivision as compared to the statewide average.
§ 10. Paragraph b-1 of subdivision 4 of section 3602 of the education law, as amended by section 26 of part A of chapter 58 of the laws of 2011, is amended to read as follows:

b-1. Notwithstanding any other provision of law to the contrary, for the two thousand seven--two thousand eight school year and thereafter, the additional amount payable to each school district pursuant to this subdivision in the current year as total foundation aid, after deducting the total foundation aid base, shall be deemed a state grant in aid identified by the commissioner for general use for purposes of sections seventeen hundred eighteen and two thousand twenty-three of this chapter.

§ 11. Paragraph a of subdivision 1 of section 3635 of the education law, as amended by chapter 69 of the laws of 1992, is amended to read as follows:

a. Sufficient transportation facilities (including the operation and maintenance of motor vehicles) shall be provided by the school district for all the children residing within the school district to and from the school they legally attend, who are in need of such transportation because of the remoteness of the school to the child or for the promotion of the best interest of such children. Such transportation shall be provided for all children attending grades kindergarten through eight who live more than two miles from the school which they legally attend and for all children attending grades nine through twelve who live more than three miles from the school which they legally attend and shall be provided for each such child up to a distance of fifteen miles, the distances in each case being measured by the nearest available route from home to school. The cost of providing such transportation between two or three miles, as the case may be, and fifteen miles shall be considered for the purposes of this chapter to be a charge upon the district and an ordinary contingent expense of the district. Transportation for a lesser distance than two miles in the case of children attending grades kindergarten through eight and for a greater distance than fifteen miles may be provided by the district with the approval of the qualified voters, and, if provided, shall be offered equally to all children in like circumstances residing in the district; provided, however, that this requirement shall not apply to transportation offered pursuant to section thirty-six hundred thirty-five-b of this article.

§ 12. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 46. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after June 24, 2011; provided, however, that:

claim chargeable to another. No money shall be paid out by the treasurer
except upon the warrant of the clerk of the board of education after
audit and allowance by such board, or if a claims auditor or deputy
claims auditor shall have been appointed, except upon the warrant of
such claims auditor or deputy claims auditor after audit and allowance thereof; provided, however, when provision for payment has been made in the annual budget the treasurer may pay, without such warrant or prior audit and allowance, (a) the principal of and interest on bonds, notes or other evidences of indebtedness of the district or for the payment of which the district shall be liable, and (b) compensation for services of officers or employees engaged at agreed wages by the hour, day, week, month or year upon presentation of a duly certified payroll; and provided further that in the case of a city school district with a public school enrollment of ten thousand students or more, the board of education may, at its discretion, use a risk-based or sampling methodology to determine which claims are to be audited in lieu of auditing all claims so long as it is determined by resolution of the board of education that the methodology for choosing the sample provides reasonable assurance that all the claims represented in the sample are proper charges against the school district. By resolution duly adopted, the board may determine to enter into a contract to provide for the deposit of the periodic payroll of the school district in a bank or trust company for disbursal by it in accordance with provisions of section ninety-six-b of the banking law.

§ 12. Subdivision 1 of section 2524 of the education law, as amended by chapter 263 of the laws of 2005, is amended to read as follows:

1. No claim against a city school district, except for compensation for services of an officer or employee engaged at agreed wages by the hour, day, week, month or year or for the principal of or interest on indebtedness of the district, shall be paid unless an itemized voucher therefor approved by the officer whose action gave rise or origin to the claim, shall have been presented to the board of education, or the claims auditor or deputy claims auditor of the city school district and shall have been audited and allowed, provided that in the case of a city school district with a public school enrollment of ten thousand students or more, the board of education may, at its discretion, use a risk-based or sampling methodology to determine which claims are to be audited in lieu of auditing all claims so long as it is determined by resolution of the board of education that the methodology for choosing the sample provides reasonable assurance that all the claims represented in the sample are proper charges against the school district. The board of education shall be authorized, but not required, to prescribe the form of such voucher.

§ 13. Section 2525 of the education law, as amended by chapter 263 of the laws of 2005, is amended to read as follows:

§ 2525. Audit of claims. 1. The board of education, in considering any claim or where applicable a sampling of claims, may require any person presenting the same to be sworn before it or before any member thereof and to give testimony relative to the justness and accuracy of such claim, and may take evidence and examine witnesses under oath in respect to the claim, and for that purpose may issue subpoenas for the attendance of witnesses. When a claim or where applicable a sampling of claims has been finally audited by the board of education the clerk of such board shall endorse thereon or attach thereto a certificate of such audit and file the same as a public record in his or her office. When any claim has been so audited and a certificate thereof so filed, the clerk of the board of education shall draw a warrant specifying the name of the claimant, the amount allowed and the fund, function and object chargeable therewith and such other information as may be deemed necessary and essential, directed to the treasurer of the district, authoriz-
ing and directing him or her to pay to the claimant the amount allowed upon his or her claim. A copy of such warrant shall be filed in the office of the clerk.

2. In a city school district in which the office of claims auditor or deputy claims auditor has been created, the claims auditor or deputy claims auditor in considering a claim or where applicable a sampling of claims, may require any person presenting the same to be sworn before him or her and to give testimony relative to the justness and accuracy of such claim, and may take evidence and examine witnesses under oath in respect to the claim, and for that purpose may issue subpoenas for the attendance of witnesses. When a claim, or where applicable a sampling of claims, has been finally audited by the claims auditor or deputy claims auditor he or she shall endorse thereon or attach thereto a certificate of such audit and file the same as a public record in his or her office. When any claim has been so audited and a certificate thereof so filed, the claims auditor or deputy claims auditor shall draw a warrant specifying the number of the claim, the name of the claimant, the amount allowed and the fund, function and object chargeable therewith and such other information as may be deemed necessary or essential, directed to the treasurer of the district, authorizing and directing him or her to pay to the claimant the amount allowed upon his or her claim. In the case of a city school district with a public school enrollment of ten thousand students or more, the board of education may, at its discretion, use a risk-based or sampling methodology to determine which claims are to be audited in lieu of auditing all claims so long as it is determined by resolution of the board of education that the methodology for choosing the sample provides reasonable assurance that all the claims represented in the sample are proper charges against the school district. A copy of such warrant shall be filed in the office of the clerk.

§ 14. Section 2526 of the education law, as amended by chapter 263 of the laws of 2005, is amended to read as follows:

§ 2526. Claims auditor. 1. The board of education of a city school district may adopt a resolution establishing the office of claims auditor and appoint a claims auditor who shall hold his or her position subject to the pleasure of such board of education. In its discretion, the board may adopt a resolution establishing the office of deputy claims auditor who shall act as claims auditor in the absence of the claims auditor. Such board of education, at any time after the establishment of the office of claims auditor or deputy claims auditor, may adopt a resolution abolishing such office, whereupon such office shall be abolished.

2. When the office of claims auditor shall have been established and a claims auditor shall have been appointed and shall have qualified, the powers and duties of the board of education with respect to claims

exercised by such claims auditor, during the continuance of such office.
The board of education shall be permitted to delegate the claims audit
function to one or more independent entities by using (1) inter-munici-
pal cooperative agreements, (2) shared services to the extent authorized
by section nineteen hundred fifty of this title, or (3) independent
contractors, to fulfill this function.

3. When the board of education delegates the claims audit function
using an inter-municipal cooperative agreement, shared service author-
ized by section nineteen hundred fifty of this title, or an independent
contractor, the board shall be responsible for auditing all claims for

tion shall designate, shall, before they enter upon the duties of their
respective offices or positions, each execute to the school district and
file with the school district clerk an official undertaking in such sum
and with such corporate surety as the board of education shall direct
and approve. The board of education may, at any time, require any such
officer or employee to file a new official undertaking for such sum and
with such corporate surety as the board shall approve. Such undertakings
as shall have been approved by the board of education shall forthwith be
filed with the school district clerk. The expense of any undertaking
executed pursuant to this section shall be a school district charge.

shall be classified in the exempt class of civil service. The board of
education, at any time after the establishment of the office of claims

office. When the office of claims auditor shall have been established
and a claims auditor shall have been appointed and shall have qualified,
the powers and duties of the board of education with respect to auditing

during the continuance of the office. The board of education shall be permitted to delegate the claims audit function to one or more independent entities by using (1) inter-municipal cooperative agreements, or (2) independent contractors, to fulfill this function.

c. When the board of education delegates the claims audit function using an inter-municipal cooperative agreement, shared service authorized by section nineteen hundred fifty of this title, or an independent contractor, the board shall be responsible for auditing all claims for services from the entity providing the delegated claims auditor, either directly or through a delegation to a different independent entity.

§ 17. Subdivision 2 of section 2562 of the education law, as amended by chapter 263 of the laws of 2005, is amended to read as follows:

The said board of education may require any person presenting for settlement an account or claim for any cause whatever against it to be sworn before it or a committee thereof, or before the claims auditor or deputy claims auditor, or before any person designated by said board, touching such account or claim, and when so sworn, to answer orally as to any facts relative to the justness of such account or claim. A member of the board, the claims auditor, or any other person designated as hereinbefore stated, shall have the power to administer an oath to any person who shall give testimony to the justness of such account or claim, and for the purpose of securing such testimony may issue subpoena for the attendance of witnesses. Wilful false swearing before the said board of education, a committee thereof, the claims auditor or deputy claims auditor, or before any person designated as hereinbefore stated, is perjury and punishable as such.

§ 18. Subdivision 6 of section 2566 of the education law, as amended by chapter 263 of the laws of 2005, is amended to read as follows:

6. To have supervision and direction of associate, assistant, district and other superintendents, directors, supervisors, principals, teachers, lecturers, medical inspectors, nurses, claims auditors, deputy claims auditors, attendance officers, janitors and other persons employed in the management of the schools or the other educational activities of the city authorized by this chapter and under the direction and management of the board of education, except that in the city school districts of the cities of Buffalo and Rochester to also appoint, within the amounts budgeted therefor, such associate, assistant and district superintendents and all other supervising staff who are excluded from the right to bargain collectively pursuant to article fourteen of the civil service law; to transfer teachers from one school to another, or from one grade of the course of study to another grade in such course, and to report immediately such transfers to said board for its consideration and action; to report to said board of education violations of regulations and cases of insubordination, and to suspend an associate, assistant, district or other superintendent, director, supervisor, expert, principal, teacher or other employee until the next regular meeting of the board, when all facts relating to the case shall be submitted to the board for its consideration and action.

addition, the expenses of personnel utilized to fulfill the internal
audit function pursuant to section twenty-one hundred sixteen-b of this
chapter title.
§ 20. Subdivisions 2 and 4 of section 2580 of the education law,
subdivision 2 as amended by chapter 263 of the laws of 2005 and subdivi-
sion 4 as amended by chapter 452 of the laws of 1964, are amended to
read as follows:
2. Such funds shall be disbursed by authority of the board of educa-
tion upon written orders drawn on the city treasurer or other fiscal
officer of the city. Such orders shall be signed by the superintendent
of schools and the secretary of the board of education or such other
officers as the board may authorize. If a claims auditor or deputy
claims auditor shall have been appointed, orders shall be signed by
such claims auditor; provided, however, that the board may
require, in addition, the signature of such other officer or officers as
it may by resolution direct. Orders shall be numbered consecutively and
shall specify the purpose for which they are drawn and the person or
corporation to whom they are payable.
4. It shall be unlawful for a city treasurer or other officer having
the custody of such city funds to permit their use for any purpose other
than that for which they are lawfully authorized; they shall be paid out
only on audit of the board of education or as otherwise provided herein;
provided, however, that the board of education may, at its discretion,
use a risk-based or sampling methodology to determine which claims are
to be audited in lieu of auditing all claims so long as it is determined
by resolution of the board of education that the methodology for choos-
ing the sample provides reasonable assurance that all the claims repres-
ented in the sample are proper charges against the school district.
Payments from such funds shall be made only by checks signed by the
treasurer or other custodian of such moneys and payable to the person or
persons entitled thereto and countersigned either by the comptroller, or
in a city having no comptroller, by an officer designated by the officer
or body having the general control of the financial affairs of such
city. The board of education of such city shall make, in addition to
such classification of its funds and accounts as it desires for its own
use and information, such further classification of the funds under its
management and control and of the disbursements thereof as the comp-
troller of the city, or the officer or body having the general control
of the financial affairs of such city, shall require, and such board
shall furnish such data in relation to such funds and their disburse-
ments as the comptroller or such other financial officer or body of the
city shall require.
§ 21. The education law is amended by adding a new section 1527-c to
read as follows:
§ 1527-c. Shared superintendent program. Notwithstanding any other
provision of law, rule or regulation to the contrary, the governing
board of a school district with an enrollment of less than one thousand
students in the previous year shall be authorized to enter into a school
superintendent sharing contract with no more than two additional school
districts each of which had fewer than one thousand in enrolled pupils
in the previous year. Each shared superintendent arrangement shall be
governed by the boards of education of the school districts participat-
ing in the shared contract. Provided however, that this section shall
not be construed to alter, affect or impair any employment contract
which is in effect on or before July first, two thousand thirteen. Any
school district which has entered into a school superintendent sharing
program will continue to be eligible to complete such contract notwith-
standing that the enrollment of the school district exceeded one thou-
sand students after entering into a shared superintendent contract.
§ 22. Section 1604 of the education law is amended by adding a new
subdivision 21-b to read as follows:
  21-b. a. The trustees are authorized to provide regional transporta-
tion services by rendering such services jointly with other school
districts or boards of cooperative educational services. Such services
may include pupil transportation between home and school, transportation
during the day to and from school and a special education program or
service or a program at a board of cooperative educational services or
an approved shared program at another school district, transportation
for field trips or to and from extracurricular activities, and cooper-
ative school bus maintenance.
  b. The trustees are authorized to enter into a contract with another
school district, a county, municipality, or the state office of children
and family services to provide transportation for children, including
contracts to provide such transportation as regional transportation
services, provided that the contract cost is appropriate. In determining
the appropriate transportation contract cost, the transportation service
provider school district shall use a calculation consistent with regu-
lations adopted by the commissioner for the purpose of assuring that
charges reflect the true costs that would be incurred by a prudent
person in the conduct of a competitive transportation business.
§ 23. Paragraphs g and h of subdivision 25 of section 1709 of the
education law, paragraph g as added by chapter 367 of the laws of 1979
and paragraph h as added by chapter 700 of the laws of 1993, are amended
to read as follows:
  g. The board of education is authorized to provide regional transpor-
tation services by rendering such services jointly with other school
districts or boards of cooperative educational services. Such services
may include pupil transportation between home and school, transportation
during the day to and from school and a special education program or
service or a program at a board of cooperative educational services or
an approved shared program at another school district, transportation
for field trips or to and from extracurricular activities, and cooper-
ative school bus maintenance.
  h. The board of education is authorized to enter into a contract with
another school district, a county, municipality, or the state [division
for youth] office of children and family services to provide transporta-
tion for children, including contracts to provide such transportation as
regional transportation services, provided that the contract cost is
appropriate. In determining the appropriate transportation contract
cost, the transportation service provider school district shall use a
calculation consistent with regulations adopted by the commissioner for
the purpose of assuring that charges reflect the true costs that would
be incurred by a prudent person in the conduct of a competitive trans-
portation business.
§ 24. Paragraph b of subdivision 2 of section 33 of the general
municipal law, as added by chapter 267 of the laws of 2005, is amended
to read as follows:
  b. In undertaking such audits the comptroller's review shall include,
but not be limited to:
    (1) examining, auditing and evaluating financial documents and records
of school districts, BOCES and charter schools,
(2) assessing the current financial practices of school districts, BOCES and charter schools to ensure that they are consistent with established standards, including whether any school district that uses a risk-based or sampling methodology to determine which claims are to be audited in lieu of auditing all claims has adopted a methodology that provides reasonable assurance that all the claims represented in the sample are proper charges against the school district; and

(3) determining that school districts, BOCES, and charter schools provide for adequate protections against any fraud, theft, or professional misconduct.

§ 25. The comptroller shall review the effectiveness of allowing school districts to use a risk-based or sampling methodology to determine which claims are to be audited in lieu of auditing all claims including whether this practice maintains adequate school district fiscal accountability and any recommendations for improvements or modifications that should be made and whether school districts should be authorized to continue such practice. Such report shall be issued to the governor and the legislature by January 15, 2014.

§ 26. This act shall take effect immediately provided, however, that the provisions of section three of this act shall expire June 30, 2014 when upon such date the provisions of such section shall be deemed repealed; provided, further that the provisions of sections eight, eleven, twelve, thirteen and twenty of this act shall expire July 1, 2014 when upon such date the provisions of such sections shall be deemed repealed.

§ 2. Subdivision 4 of section 458-b of the social services law is amended by adding a new paragraph (d) to read as follows:

(d) Payments pursuant to this section may be made by direct deposit or debit card, as elected by the recipient, and administered electronically, and in accordance with section twenty-one-a of this chapter and with such guidelines as may be set forth by regulation of the office of children and family services. The office of children and family services may enter into contracts on behalf of local social services districts for such direct deposit or debit card services in accordance with section twenty-one-a of this chapter.

§ 3. This act shall take effect immediately; provided, however that section one of this act shall take effect on the ninetieth day after it shall have become law; provided, further, that section two of this act shall take effect on the same date and in the same manner as section 4 of part F of chapter 58 of the laws of 2010, takes effect.

SUBPART H
Section 1. Section 204-a of the state administrative procedure act, as added by chapter 479 of the laws of 2001, is amended to read as follows:

§ 204-a. Alternate methods for implementing regulatory mandates. 1. As used in this section:

(a) "local government" means any county, city, town, village, school district, fire district or other special district;

(b) "regulatory mandate" means any rule which requires one or more local governments to create a new program, increase the level of service for an existing program or otherwise comply with mandatory requirements; and

(c) "petition" means a document submitted by a local government seeking approval of an alternate method for implementing a regulatory mandate.

2. A local government, or two or more local governments acting jointly, may seek approval for an alternate method of implementing a regulatory mandate by submitting to the appropriate state agency a petition which shall include but not be limited to:

(a) for each involved local government, an indication that submission has been approved by the governing body of the local government or by an officer duly authorized by the governing body to do so;

(b) an identification of the regulatory mandate which is the subject of the petition and information sufficient to establish that the proposed alternate method of implementation is consistent with and will effectively carry out the objectives of the regulatory mandate;

(c) information on the process used by the local government to ensure that all stakeholders have been appropriately involved in the process of developing the alternate method, including where relevant the date of any hearing, forum or other meeting to seek input on the alternate method sufficient to establish that the proposed alternate method of implementation is consistent with and will effectively carry out the objectives of the regulatory mandate;

(d) documentation that the petition has been submitted to the authorized agents of any certified or recognized employee organizations representing employees who would be effected by implementation of the alternate method;

(e) a proposed plan and timetable for compiling and reporting information to facilitate evaluation of the effectiveness of the alternate method;

(f) if whether the state has provided financial assistance for complying with the regulatory mandate, any proposed amount or percentage of such assistance which would be returned to the state due to savings from implementing the alternate method; and

(g) the name, public office address and telephone number of the representative of the local government who will coordinate requests for additional information on the petition; and

3. Two or more local governments may submit a petition jointly, provided that each local government meets the requirements of paragraphs (a), (c), (d) and (g) of subdivision two of this section, and provided that the petition information which addresses the manner in which responsibility for implementation will be allocated between or among the participating local governments.

4. The agency shall cause a notice of the petition to be published in the state register and a newspaper of general circulation in the impacted community and shall receive comments on the petition for a period of thirty days. Such notice shall either include the full text.
of the information set forth in the petition or shall set forth the address of a website on which the full text has been posted. The notice shall include the name, public office address and telephone number, and may include a fax number and electronic mail address, of an agency representative from whom additional information on the petition can be obtained and to whom comments on the petition may be submitted.

[§5—(a)] 4. Not later than thirty days after the last day of the comment period, the agency shall approve or disapprove the petition. The agency may approve the petition without change or with such conditions or modifications as the agency deems appropriate. Notice of the agency determination shall be provided in writing to the local government and shall be published in the state register. The agency shall not grant a petition unless it determines that the petition has met the requirements of subdivision two of this section and that the local government has established that the alternate method is consistent with and will effectively carry out the objectives of the regulatory mandate; provided, however, that no petition shall be approved which would result in the contravention of any environmental, health or safety standard or would reduce any benefits or rights accorded by law or rule to third parties. In approving a petition, an agency may waive a statutory provision only if it is specifically authorized by law to waive such provision. An approval shall include a timetable for agency evaluation of the effectiveness of the alternate method.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, upon receipt of an objection to a petition from the authorized agent of any certified or recognized employee organization representing employees who would be affected by implementation of the alternate method, the agency shall provide any such organizations with an opportunity for a hearing. If an adjudicatory proceeding is requested, the petition shall not be approved unless the agency determines by a preponderance of the evidence that implementing the alternate method would not affect such employees by contravening any environmental, health or safety standard, reducing any rights or benefits or violating the terms of any negotiated agreement, and that all other requirements of this section have been met. The provisions of this subdivision are in addition to and shall not be construed to impair or modify any rights of such employees under any other law, regulation or contract.

5. A local government that objects to a state agency determination to modify or disapprove its petition may appeal in writing to the mandate relief council, who, upon review of the agency's findings and determination, may approve, modify or disapprove the petition.

6. Nothing in this section shall require a local government to commence or continue an alternate method of implementation if it determines, in its sole discretion not to do so, except to the extent that a local government has committed to commencing or continuing an alternate method in a joint petition submitted pursuant to subdivision [three] two of this section.

7. A state agency may rescind its approval of a petition [at any time if it determines, based on the information reported pursuant to para- graph (e) of subdivision two of this section or other information available to it, that the alternate method is not effectively carrying out the objectives of the regulatory mandate or is being implemented in a manner detrimental to the public interest] only after a hearing, provided, however, that the agency may suspend its approval of a petition prior to a hearing if it finds that immediate suspension is necessary to address an imminent threat to health or safety. Notice of a
hearing must be provided to the petitioner at least thirty days prior to
the hearing and must be posted on the agency’s website. Such notice must
state the basis for the agency’s decision to seek rescission and inform
the local government that it may request information relied upon by the
agency in making its determination, which information must be provided
to the local government at least seven days in advance of the hearing.
After such hearing, the agency may rescind its approval upon a finding
that the alternative method of implementation is not consistent with or
does not effectively carry out the objectives of the regulatory mandate.

[7.]
Notwithstanding any other provision of law, implementation of
an alternate method approved by an agency pursuant to this section shall
be deemed to lawfully meet all requirements of the regulatory mandate.
An agency shall retain the authority to enforce compliance with the
alternate method in the same manner as it may enforce compliance with
the underlying rule. Any action on a petition by a state agency shall be
subject to review pursuant to article seventy-eight of the civil prac-
tice law and rules.

[8.]
In accordance with the timetable established pursuant to
subdivision [four] three of this section, the agency shall evaluate the
effectiveness of the alternate method in carrying out the objectives of
the regulatory mandate. The evaluation shall identify any savings or
other benefits, and any costs or other disadvantages, of implementing
the alternate method, and shall address the desirability of incorporat-
ning the alternate method into the rules of the agency. Notice of avail-
ability of the evaluation shall be published in the state register.

§ 2. The executive law is amended by adding a new section 666 to read
as follows:

§ 666. Mandate relief council. 1. Definitions. a. "Mandate" means any
requirement that a local government perform or administer any program,
project or activity, required or imposed by a state law or state agency
that requires a higher level of service for an existing local government
program, project or activity.
b. "Local government" means a county, city, town, village, school
district, or special district.
c. "State agency" or "agency" means any state agency, department,
office, board, bureau, division, committee, council or office under the
direction or control of the executive.

2. Mandate relief council. There is hereby created within the execu-
tive department the mandate relief council, which shall be comprised of
eleven members as follows: the secretary to the governor, who shall
chair the council, the counsel to the governor, the director of the
division of the budget, the secretary of state, and three additional
members to be appointed by the governor from among his or her executive
chamber staff, two members to be appointed by the temporary president of
the senate, and two members to be appointed by the speaker of the assem-
ibly.
a. Six members of the council, or their designees in the case of the
director of the division of the budget and the secretary of state, shall
constitute a quorum.
b. The council shall meet regularly upon the call of its chair and as
frequently as its business may require. The members of the council shall
serve without compensation but shall receive reimbursement for their
reasonable and necessary expenses.
c. The council shall, upon request of a local government or one of the
members of the council, identify and review mandates that can be elimi-
nated or reformed, and make such other and further inquiries, reports
and recommendations as the council may deem necessary and prudent to
effectuate its mission of mandate relief. In identifying and determining
whether such mandates are unsound, unduly burdensome or costly, the
council shall receive and consider public comment about them and shall
review them in light of cost-benefit principles and such other and
further factors as the council shall deem necessary and prudent. The
council shall not make a referral to the governor that a mandate be
eliminated or reformed regarding any of the following mandates:
(i) those which are required to comply with federal laws or rules or
to meet eligibility standards for federal entitlements;
(ii) those which reapportion the costs of activities between boards of
education, counties, and municipalities;
(iii) those which implement provisions of the state constitution; and
(iv) those which the council determines are necessary for the mainte-
nance of the public health or safety of the people of New York state.
d. All votes of the council, and all deliberations and reports of its
proceedings shall be open to the public pursuant to article seven of the
public officers law.
3. Council actions on regulatory mandates. Upon a determination that a
mandate in any regulation, rule or order of any state agency has been
imposed upon any local government in an unsound, unduly burdensome or
costly manner so as to necessitate that it be eliminated or reformed,
the council shall have the power to:
a. refer a request by a local government for a review of such regula-
tory mandate, for petition by such local government for a waiver,
modification or repeal of such regulatory mandate pursuant to section
two hundred four-a of the state administrative procedure act. In the
event the council votes to make such referral on behalf of a local
government, the state agency that is charged with reviewing the petition
shall provide the technical assistance and support for such local
government to properly prepare and submit such petition. In the event
that such state agency reviewing the petition of the local government
pursuant to section two hundred four-a of the state administrative
procedure act does not provide the remedy sought by such local govern-
ment, the council may hear and consider an appeal of such decision and
grant such relief as it deems appropriate, including the making of a
referral to the governor for the waiving, modifying or repealing of such
regulatory mandate. The council shall adopt procedures by which it
shall consider, decide and effectuate the remedies of such appeals
consistent with this section.
b. upon a two-thirds vote, refer a regulation to the governor for
repeal or modification, where the council has previously determined that
such regulation imposes upon any local government a mandate in an
unsound, unduly burdensome or costly manner, so as to necessitate that
it be eliminated or reformed. Upon receipt of such referral by the
council, the governor shall within sixty days, direct the state agency
responsible for the promulgation, repeal or modification of such regu-
lation to effectuate such repeal or modification of the regulation
pursuant to the procedures that such agency would otherwise be required
to follow under the law, had such agency on its own accord sought to
repeal or modify the regulation.
4. Council actions on statutory mandates. The council may, upon a vote
of seven members, refer a statute to the governor for repeal or modifi-
cation, where the council has previously determined that such statute
imposes upon any local government a mandate in an unsound, unduly
burdensome or costly manner, so as to necessitate that it be eliminated
or reformed. Upon receipt of the referral by the council, the governor, within sixty days, shall have prepared a governor’s program bill, for introduction in both houses of the legislature, to effectuate such repeal or modification of the statute.

5. Local government request. A local government may, by resolution of its governing body, ask the council to review a specific statute, regulation, rule or order of state government to determine whether such statute, regulation, rule or order of state government is an unfunded mandate or is otherwise unsound, unduly burdensome or costly so as to require that it be eliminated or reformed. No local government may make more than three such requests in each calendar year. Upon such review, the council shall, by majority vote, determine whether such mandate has been imposed upon such local government in an unsound, unduly burdensome or costly manner, so as to necessitate that it be eliminated or reformed. A determination of the council shall resolve any dispute regarding whether such a statute, regulation, rule or order constitutes such an unfunded mandate, but shall not be deemed a judicial determination under the law.

6. Appeals. Upon an appeal of a petition previously decided by a state agency pursuant to section two hundred four-a of the state administrative procedure act, the council, upon request of the local government, shall review the state agency’s determination and may affirm, modify or reject such determination. Such appeal shall not preclude or limit a local government or any other party with standing from pursuing any right it may have pursuant to a proceeding instituted in accordance with the provisions of article seventy-eight of the civil practice law and rules or any other statute.

7. Reports. The council shall by December fifteenth of each year report to the governor and legislature regarding its activities, and regarding the issues, statutes, regulations, rules and orders which it reviewed, examined, proposed, referred, and/or considered. Such reports, which shall be adopted upon a majority vote of the members of the council, or their designees in the case of the director of the division of the budget or the secretary of state. All reports of the council shall be posted on a publicly accessible website.

8. Assistance of other agencies. To effectuate the purposes of this section, any state agency shall, at the request of the council, provide to the council such facilities, assistance and data as will enable the council to properly carry out its responsibilities and duties.

§ 3. This act shall take effect immediately; provided, however, that section one of this act shall take effect on the thirtieth day after it shall have become a law and shall expire January 1, 2015 or upon the departure from office of the fifty-sixth governor whichever comes first, provided however that section two of this act shall take effect January 15, 2012 and shall expire January 1, 2015 or upon the departure from office of the fifty-sixth governor whichever comes first.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or subpart of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or subpart thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.
§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Subparts A through H of this act shall be as specifically set forth in the last section of such Subparts.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Parts A through C of this act shall be as specifically set forth in the last section of such Parts; provided, however that Part B of this act shall remain in full force and effect at a minimum until and including June 15, 2015.

§ 3. This act shall take effect July 1, 2011.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would amend both the General Municipal Law and the Retirement and Social Security Law to increase the salary used in the computation of the special accidental death benefit by 3% in cases where the date of death was before 2011.

Insofar as this bill would amend the Retirement and Social Security Law, it is estimated that there would be an additional annual cost of approximately $372,000 above the approximately $8.3 million current annual cost of this benefit. This cost would be shared by the State of New York and all participating employers of the New York State and Local Police and Fire Retirement System.

This estimate, dated January 21, 2011 and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-26, prepared by the Actuary for the New York State and Local Police and Fire Retirement System.

Pursuant to Legislative Law, Section 50:

PROVISIONS OF PROPOSED LEGISLATION - OVERVIEW:
With respect to the City of New York (the "City"), this proposed legislation would amend the General Municipal Law ("GML") Section 208-f.c to increase certain Special Accidental Death Benefits ("SADB") for line-of-duty widows/widowers and/or children of former uniformed employees of the City and the New York City Health and Hospitals Corporation and certain former employees of the Triborough Bridge and Tunnel Authority who were members of certain New York City Retirement Systems ("NYCRS").

In addition, the proposed legislation would amend Retirement and Social Security Law Section 361-a.c to cover such SADB for certain survivors of deceased members of the New York State and Local Police and Fire Retirement System.

The Effective Date of the proposed legislation would be July 1, 2011.

IMPACT ON BENEFITS - SADB RECIPIENTS: With respect to the NYCRS, the proposed legislation would impact the SADB payable to certain survivors of members of the:
* New York City Employees' Retirement System ("NYCERS"), or
* New York City Police Pension Fund ("POLICE"), or
* New York City Fire Department Pension Fund ("FIRE"), and
who were employed by one of the following employers in certain positions:
* New York City Police Department - Uniformed Position,
* New York City Fire Department - Uniformed Position,
* New York City Housing Authority - Uniformed Position,
* New York City Transit Authority - Uniformed Position,
DESCRIPTION OF BENEFITS PAYABLE: Under the GML, the basic SADB is defined to equal:

The salary of the deceased member at date of death (or, in certain instances, a greater salary based on rank or other status) ("Final Salary"), less:

* Any death benefit as adjusted by any Supplementation or Cost-of-Living Adjustment ("COLA") paid by the NYCRS to the member's survivors,

* Any death benefit paid by Social Security to the member's survivors, and

* Any Worker's Compensation benefit paid to the member's survivors.

The SADB is paid to the deceased member's surviving widow or widower, if alive. If the widow/widower is no longer alive, then the SADB is paid to the deceased member's children until age eighteen or while attending school until age twenty-three.

The GML also provides that the SADB is subject to escalation based on the calendar year of death of the member. Each year since Calendar Year 1979 the SADB has been increased by an additional cumulative, incremental percentage of Final Salary. For example, for a covered member deceased in Calendar Year 1979, the SADB cumulative percentage is 150.0% of Final Salary as of July 1, 2010.

Under the proposed legislation, the additional, cumulative, incremental percentage of Final Salary to be effective July 1, 2011 would be 3.0%.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES OF BENEFITS ("APVB"): With respect to NYCRS members under the actuarial assumptions and methods as noted herein, the enactment of this proposed legislation would increase APVB by approximately $24.4 million as of June 30, 2011.

FINANCIAL IMPACT - EMPLOYER PAYMENTS: With respect to the NYCRS, as these SADB are provided on a pay-as-you-go basis, the additional annual employer payments expected to be paid during the first year, if the proposed legislation is enacted, would equal approximately $2.4 million.

Note: These additional payments represent an increase of approximately 5.0% in the annual rate of SADB being paid.

The SADB payments are made by the NYCRS who are reimbursed by the City who is then reimbursed by the State of New York.

OTHER COSTS: The enactment of this proposed legislation would also be expected to result in modest increases in administrative expenses of NYCERS, POLICE, FIRE, the employers and certain New York City agencies.

CENSUS DATA: The financial impact of the proposed legislation is based upon the census data for such widows, widowers and children provided by the NYCRS and adjusted, as necessary, to prepare the computations and for consistency with other data.

The following table shows, by Retirement System as of June 30, 2010, the number of deceased members with eligible survivors and the estimated annual SADB rate prior to the increase proposed to be effective as of July 1, 2011.

ACTUARIAL ASSUMPTIONS AND METHODS: Additional APVB have been computed based on the actuarial assumptions and methods in effect for the June 30, 2010 (Lag) actuarial valuations of NYCERS, POLICE and FIRE used to determine the Preliminary Fiscal Year 2012 employer contributions, including an Actuarial Interest Rate ("AIR") assumption of 8.0% per annum.

The demographic actuarial assumptions were adopted by the Board of Trustees of each NYCRS during Fiscal Year 2006 and the AIR assumption was enacted by the New York State Legislature and Governor and continues in effect.

ACTUARIAL ASSUMPTIONS - UPDATE: The impact of enactment of the proposed legislation provided in this Fiscal Note has been based on the current actuarial assumptions and methods used to determine employer contributions to the NYCRS.

Historically, actuarial assumptions and methods have been reviewed on average every five years in connection with an actuarial experience study mandated by New York City Charter Section 96.

Following this review, the Actuary generally proposes changes in actuarial assumptions and methods that he believes appropriate and reasonably related to such experience period and future expectations.

The next such review is anticipated during Fiscal Year 2012 and the Actuary is likely to propose new packages of actuarial assumptions and methods to be effective for use in determining employer contributions beginning Fiscal Year 2012.

As such, not all assumptions employed in determining the results contained in this Fiscal Note represent the Actuary's current best estimate of future experience. However, the assumptions used to determine the results contained herein are generally those adopted by the NYCRS Boards of Trustees and enacted by the New York State Legislature and Governor.

Finally, the actuarial assumptions currently employed for determining employer contributions do not represent risk-adjusted, economic evaluations. Such risk-adjusted, economic evaluations could, for certain components of the proposed legislation, produce results that differ significantly from the results shown herein.

STATEMENT OF ACTUARIAL OPINION: I, Robert C. North, Jr., am the Chief Actuary for the New York City Retirement Systems. I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2011 Legislative Session. It is Fiscal Note 2011-06, dated February 17, 2011, prepared by the Chief Actuary for the New York City Employees' Retirement System, the New York City Police Pension Fund and the New York City Fire Department Pension Fund.
AN ACT to amend the retirement and social security law, in relation to certain employees' ability to borrow against contributions

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The retirement and social security law is amended by adding a new section 1207 to read as follows:

§ 1207. Loans to members. a. Notwithstanding any general, special or local law to the contrary, a member in active service who has credit for at least one year of member service may borrow, no more than once within each twelve month period, an amount not exceeding seventy-five percent of the total contributions made pursuant to section twelve hundred four of this article or any other article of this chapter and not less than one thousand dollars.

b. An amount so borrowed, together with interest on any unpaid balance thereof, shall be repaid in equal installments which shall be made by the borrower directly to the retirement system or through regular payroll deduction. Such installments shall be in such amount as the retirement system shall approve; however, they shall be at least (a) two percent of the member’s contract salary, and (b) sufficient to repay the amount borrowed, together with interest on unpaid balances thereof, within a period not in excess of five years. In the event of default, the retirement system shall be authorized to collect such payments due from the employer of such member through payroll deduction and such member shall forfeit all future entitlement to borrow from the retirement system until the unpaid balance of the loan outstanding at the time of default is fully paid. The retirement system, at any time, may accept payments on account of any loan in addition to the installments fixed for repayment thereof. All payments of principal and interest at the rates set forth in subdivision c of this section made by the member

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
shall be credited to his or her account as principal or interest. Any additional interest paid by the member shall be credited to the appropriate fund of the retirement system.

c. The rate of interest payable upon loans made pursuant to this section shall be one percent less than the valuation rate of interest adopted for such system. Whenever there is a change in the interest rate, it shall be applicable to loans made or renegotiated after the date of such change in the interest rate.

d. A service charge payable upon loans made pursuant to this section shall be set by the retirement system in an amount sufficient to cover the cost to the retirement system of administering the loans. Such charge shall be paid to the retirement system when the loan is made or in equal installments over the period the loan is outstanding. The amount of the service charge shall be credited to the fund from which administrative expenses are paid.

e. 1. Each loan made pursuant to this section shall be insured against the death of the member in an amount equal to the amount of the loan outstanding at any given time; with the exception that until thirty days have elapsed after the making thereof, no part of the loan shall be insured. Such insurance shall be provided by the retirement system. Upon the death of the member, the amount of insurance so payable shall be credited to his or her account. The premium payable by the member for such insurance shall be set by the retirement system at a rate not to exceed one percent of the amount loaned.

2. Such premium shall be prorated to July first next, or such other date fixed by the retirement system as is appropriate, and shall be paid to the retirement system in equal installments over the period of the loan. Thereafter, a premium not to exceed one percent per annum of the present value of the outstanding loan as of July first, or such other appropriate date, shall be paid in the same manner each succeeding year until such loan is repaid or the member is retired.

3. The retirement system shall, at least annually, review such premium rate, and may, in its discretion, increase or reduce the premium, modify the terms or conditions of coverage, or discontinue the insurance of loans. In no event shall this subdivision impose any obligation upon the retirement system to continue to insure loans of members upon the terms and conditions herein provided or upon any other terms or conditions.

f. The retirement system is authorized to establish such special funds as may be necessary to carry out the provisions of subdivisions d and e of this section.

g. Whenever a member of such a retirement system, for whom a loan is outstanding, becomes entitled to the return of his or her contributions because of withdrawal from such system or because of death, the amount of any loan outstanding on such date, including accrued interest as provided in subdivision d of this section, shall be construed to already have been returned to such member and the refund of contributions to which he shall then be entitled shall be the net amount of such contributions together with interest thereon.

h. Notwithstanding any general or special law to the contrary, whenever a member of the retirement system, for whom a loan is outstanding, retires, the retirement allowance payable without optional modification shall be reduced by a life annuity which is actuarially equivalent to the amount of the outstanding loan (all outstanding loans shall continue to accrue interest charges until retirement), such life annuity being calculated utilizing the interest rate on thirty year United States treasury bonds as of January first of the calendar year of the effective
date of retirement and the mortality tables for options available under
section five hundred fourteen of this chapter.

i. The retirement system shall adopt such rules and regulations as it
finds to be necessary in administering the provisions of this section.

j. The retirement system shall discharge any evidence of a loan to a
member pursuant to this section upon the satisfaction of the obligation
of the member thereunder.

k. The retirement system shall have no right to bring suit in any
court against any member to enforce the amount due under this section,
and the retirement system's sole remedy upon death, retirement or with-
drawal shall be to offset the amount outstanding including interest from
the member's account or other benefits payable to or on behalf of the
member as provided in this section.

§ 2. Subdivision b of section 517-c of the retirement and social secu-

rity law, as added by chapter 920 of the laws of 1990, is amended to
read as follows:

b. A member of the New York state and local employees' retirement
system, the New York state and local police and fire retirement system,
the New York city employees' retirement system or the New York city
board of education retirement system in active service who has credit
for at least one year of member service may borrow, no more than once
during each twelve month period, an amount not exceeding seventy-five
percent of the total contributions made pursuant to section five hundred
seventeen (including interest credited at the rate set forth in subdivi-
sion c of such section five hundred seventeen compounded annually) and
not less than one thousand dollars.

§ 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would permit Tier 5 members of the New York State and Local
Police and Fire Retirement System to borrow up to 75% of their member
contributions at an interest rate of 1% less than the valuation interest
rate. This loan program is currently available to Tiers 3, 4 and 5
members of the New York State and Local Employees' Retirement System.

If this bill is enacted, there would be an annual investment opportu-
nity cost of 1% of the aggregate outstanding member loan balance. There-
fore, for every $1 million of outstanding member loans, there would be
an annual cost of $10,000, which would be borne by the State of New York
and the participating employers in the New York State and Local Police
and Fire Retirement System. Any administrative costs would be covered by
the required loan fee (currently $20 per loan).

This estimate, dated April 6, 2011, and intended for use only during
the 2011 Legislative Session, is Fiscal Note Number 2011-153 prepared by
the Actuary for the New York State and Local Police and Fire Retirement
System.
AN ACT to amend the tax law, in relation to access to the wage reporting system

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 171-a of the tax law, as added by chapter 545 of the laws of 1978, is amended by adding a new subdivision 6-b to read as follows:

(6-b) Notwithstanding any provision of law to the contrary, the commissioner shall enter into a cooperative agreement with the state comptroller, which agreement shall provide for the utilization of information obtained pursuant to subdivision one of this section, for purposes of determining the amount a retired member of a retirement system or pension plan administered by the state or any of its political subdivisions who returns to public employment has earned for the purposes of sections one hundred two, two hundred eleven, two hundred twelve and four hundred two of the retirement and social security law.

§ 2. Paragraph 3 of subsection (e) of section 697 of the tax law, as amended by chapter 182 of the laws of 2010, is amended to read as follows:

ful employment under subsection (c) of section six hundred six of this article and the earned income credit under subsection (d) of section six hundred six of this article and the enhanced earned income credit under subsection (d-1) of section six hundred six of this article, or pursuant to a local law enacted by a city having a population of one million or more pursuant to subsection (f) of section thirteen hundred ten of this chapter, only to the extent necessary to calculate qualified state expenditures under paragraph seven of subdivision (a) of section four hundred nine of the federal social security act or to document the proper expenditure of federal temporary assistance for needy families funds under section four hundred three of such act. The office of temporary and disability assistance may redisclose such information to the United States department of health and human services only to the extent necessary to calculate such qualified state expenditures or to document the proper expenditure of such federal temporary assistance for needy families funds. Nothing herein shall be construed to prohibit the delivery by the commissioner to a commissioner of jurors, appointed pursuant to section five hundred four of the judiciary law, or, in counties within cities having a population of one million or more, to the county clerk of such county, of a mailing list of individuals to whom income tax forms are mailed by the commissioner for the sole purpose of compiling a list of prospective jurors as provided in article sixteen of the judiciary law. Provided, however, such delivery shall only be made pursuant to an order of the chief administrator of the courts, appointed pursuant to section two hundred ten of the judiciary law. No such order may be issued unless such chief administrator is satisfied that such mailing list is needed to compile a proper list of prospective jurors for the county for which such order is sought and that, in view of the responsibilities imposed by the various laws of the state on the department, it is reasonable to require the commissioner to furnish such list. Such order shall provide that such list shall be used for the sole purpose of compiling a list of prospective jurors and that such commissioner of jurors, or such county clerk, shall take all necessary steps to insure that the list is kept confidential and that there is no unauthorized use or disclosure of such list. Furthermore, nothing herein shall be construed to prohibit the delivery to a taxpayer or his or her duly authorized representative of a certified copy of any return or report filed in connection with his or her tax or to prohibit the publication of statistics so classified as to prevent the identification of particular reports or returns and the items thereof, or the inspection by the attorney general or other legal representatives of the state of the report or return of any taxpayer or of any employer filed under section one hundred seventy-one-h of this chapter, where such taxpayer or employer shall bring action to set aside or review the tax based thereon, or against whom an action or proceeding under this chapter or under this chapter and article eighteen of the labor law has been recommended by the commissioner, the commissioner of labor with respect to unemployment insurance matters, or the attorney general or has been instituted, or the inspection of the reports or returns required under this article by the comptroller or duly designated officer or employee of the state department of audit and control, for purposes of the audit of a refund of any tax paid by a taxpayer under this article, or the furnishing to the state department of labor of unemployment insurance information obtained or derived from quarterly combined withholding, wage reporting and unemployment insurance returns required to be filed by employers pursuant to paragraph four of subsection (a) of section six hundred
seventy-four of this article, for purposes of administration of such
deptartment's unemployment insurance program, employment services
program, federal and state employment and training programs, employment
statistics and labor market information programs, worker protection
programs, federal programs for which the department has administrative
responsibility or for other purposes deemed appropriate by the commis-
sioner of labor consistent with the provisions of the labor law, and
redisclosure of such information in accordance with the provisions of
sections five hundred thirty-six and five hundred thirty-seven of the
labor law or any other applicable law, or the furnishing to the state
office of temporary and disability assistance of information obtained or
derived from New York state personal income tax returns as described in
paragraph (b) of subdivision two of section one hundred seventy-one-g of
this chapter for the purpose of reviewing support orders enforced pursu-
ant to title six-A of article three of the social services law to aid in
the determination of whether such orders should be adjusted, or the
furnishing of information obtained from the reports required to be be-
sumed by employers regarding newly hired or re-hired employees
pursuant to section one hundred seventy-one-h of this chapter to the
state office of temporary and disability assistance, the state depart-
ment of health, the state department of labor and the workers' compen-
sation board for purposes of administration of the child support
enforcement program, verification of individuals' eligibility for one or
more of the programs specified in subsection (b) of section eleven
hundred thirty-seven of the federal social security act and for other
public assistance programs authorized by state law, and administration
of the state's employment security and workers' compensation programs,
and to the national directory of new hires established pursuant to
section four hundred fifty-three-a of the federal social security act
for the purposes specified in such section, or the furnishing to the
state office of temporary and disability assistance of the amount of an
overpayment of income tax and interest thereon certified to the com-

Provided, further, that wage reporting information shall be furnished to the office of vocational and educational services for individuals with disabilities of the education department, the commission for the blind and visually handicapped and any other state vocational rehabilitation agency only if such office, commission or agency, as applicable, certifies to the commissioner that such information is necessary to obtain reimbursement from the federal social security administration for expenditures made on behalf of disabled individuals who have achieved self-sufficiency. Reports and returns shall be preserved for three years and thereafter until the commissioner orders them to be destroyed.

§ 3. This act shall take effect on the one hundred eightieth day after it shall have become a law.
FISCAL NOTE.—Pursuant to Legislative Law, Section 50:

This bill would give the state Comptroller access to the wage reporting system administered by the department of tax and finance. This would enable the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System to verify that retirees who return to work for any public employer are earning less than the limits under Sections 102, 211, 212 and 402 of the Retirement and Social Security Law.

If this bill is enacted, there would be no additional costs. However, utilization of this information could result in the partial recovery of the pensions of any retirees who earn in excess of these limits.

This estimate, dated May 31, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note Number 2011-197 prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation or that any potential conflict of interest violation has been rectified, it shall so advise the individual and the complainant, if any. All of the foregoing proceedings shall be confidential.

(b) If the commission determines that there is reasonable cause to believe that a violation has occurred, it shall send a notice of reasonable cause: (i) to the reporting person; (ii) to the complainant if any; (iii) in the case of a statewide elected official, to the temporary president of the senate and the speaker of the assembly; and (iv) in the case of a state officer or employee, to the appointing authority for such person.

Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

Such written report shall include:

(a) the commission’s findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and

With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual’s major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to
issue a substantial basis investigation report must have been appointed
by the governor and lieutenant governor. The commission shall release
such report publicly within forty-five days of its issuance.

investigation the joint commission has found a substantial basis to
conclude that the lobbyist has violated the legislative law, the joint
commission shall issue a substantial basis investigation report contain-
ing its findings of fact and conclusions of law to the lobbyist and
shall make public such report within forty-five days of its issuance.

15. A copy of any notice of delinquency or notice of reasonable cause
sent pursuant to subdivisions eleven and twelve of this section

the request for an opinion. Such opinion may also be relied upon by such
person, and may be introduced and shall be a defense, in any criminal or
civil action. Such requests shall be confidential but the commission may
publish such opinions provided that the name of the requesting person

the commission shall have the power and duty to:

filing a complaint with the commission, and which shall contain the
documents identified in subdivision seventeen nineteen of this
section, other than financial disclosure statements filed by state
officers or employees or legislative employees, and any other records or

In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.
[18] 20. If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.

virtue of the business relationship.

§ 8. Section 1-c of the legislative law is amended by adding a new
subdivision (w) to read as follows:

(w) The term "reportable business relationship" shall mean a relation-

lobbyist, in exchange for any goods, services or anything of value, the

be performed or provided by or intended to be performed or provided by

the laws of 2007, is amended to read as follows:

2. Members of the legislature who serve on the commission shall each have a two year term concurrent with their legislative terms of office. The members of the commission who are not members of the legislature and who are first appointed by the temporary president of the senate, speaker of the assembly, minority leader of the senate, and minority leader of the assembly shall serve one, two, three and four year terms, respectively. The member of the commission first appointed jointly by the temporary president of the senate and speaker of the assembly shall serve a four year term. Each member of the commission who is not a member of the legislature shall be appointed thereafter for a term of four years.

3. The temporary president of the senate and the speaker of the assembly shall each designate one member of the commission as a co-chairperson thereof. The commission shall meet at least bi-monthly and at such additional times as may be called for by the co-chairpersons jointly or any five members of the commission.

4. Any vacancy occurring on the commission shall be filled within thirty days by the appointing authority.

5. Five members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy.

6. The members of the commission who are not members of the legislature shall be reimbursed for reasonable expenses and receive a per diem allowance in the sum of three hundred dollars for each day spent in the performance of their official duties.

7. The commission shall:
   a. Appoint an executive director who shall act in accordance with the policies of the commission, provided that the commission may remove the executive director for neglect of duty, misconduct in office, or inability or failure to discharge the powers or duties of office;
   b. Appoint such other staff as are necessary to assist it to carry out its duties under this section;
   c. Adopt, amend, and rescind policies, rules and regulations consistent with this section to govern procedures of the commission which shall not be subject to the promulgation and hearing requirements of the state administrative procedure act;
d. Administer the provisions of this section;
e. Specify the procedures whereby a person who is required to file an annual financial disclosure statement with the commission may request an additional period of time within which to file such statement, due to justifiable cause or undue hardship; such rules or regulations shall provide for a date beyond which in all cases of justifiable cause or undue hardship no further extension of time will be granted;
f. Promulgate guidelines to assist appointing authorities in determining which persons hold policy-making positions for purposes of section seventy-three-a of the public officers law and may promulgate guidelines to assist firms, associations and corporations in separating affected persons from net revenues for purposes of subdivision ten of section seventy-three of the public officers law, and promulgate guidelines to assist any firm, association or corporation in which any present or former statewide elected official, state officer or employee, member of the legislature or legislative employee, or political party chairman is a member, associate, retired member, of counsel or shareholder, in complying with the provisions of subdivision ten of section seventy-three of the public officers law with respect to the separation of such present or former statewide elected official, state officer or employee, member of the legislature or legislative employee, or political party chairman from the net revenues of the firm, association or corporation. Such firm, association or corporation shall not be required to adopt the procedures contained in the guidelines to establish compliance with subdivision ten of section seventy-three of the public officers law, but if such firm, association or corporation does adopt such procedures, it shall be deemed to be in compliance with such subdivision ten;
g. Make available forms for financial disclosure statements required to be filed pursuant to subdivision six of section seventy-three and section seventy-three-a of the public officers law as provided by the joint commission on public ethics;
h. Review financial disclosure statements in accordance with the provisions of this section, provided however, that the commission may delegate all or part of the review function relating to financial disclosure statements filed by legislative employees pursuant to sections seventy-three and seventy-three-a of the public officers law to the executive director who shall be responsible for completing staff review of such statements in a manner consistent with the terms of the commission's delegation;
i. Permit any person required to file a financial disclosure statement to request the commission to delete from the copy thereof made available for public inspection and copying one or more items of information, which may be deleted by the commission upon a finding that the information which would otherwise be required to be disclosed will have no material bearing on the discharge of the reporting person's official duties;
j. Permit any person required to file a financial disclosure statement to request an exemption from any requirement to report one or more items of information which pertain to such person's spouse or unemancipated children which item or items may be exempted by the commission upon a finding that the reporting individual's spouse, on his or her own behalf or on behalf of an unemancipated child, objects to providing the information necessary to make such disclosure and that the information which would otherwise be required to be reported will have no material bearing on the discharge of the reporting person's official duties;
k. Advise and assist the legislature in establishing rules and regulations relating to possible conflicts between private interests and official duties of present members of the legislature and legislative employees;

l. Receive and act on complaints regarding persons subject to its jurisdiction alleging a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law, and conduct such investigations and proceedings as are authorized and necessary to carry out the provisions of this section. In connection with such investigations, the commission may administer oaths or affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

m. Accept and act upon, as if it were a sworn complaint, any referral from another state oversight body indicating that a violation of section seventy-three or seventy-four of the public officers law may have occurred involving persons subject to the jurisdiction of the commission;

n. Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a and seventy-four of the public officers law, render formal advisory opinions on the requirements of said provisions. A formal written opinion rendered by the commission, until and unless amended or revoked, shall be binding on the legislative ethics commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense in any criminal or civil action. The joint commission on public ethics shall not investigate an individual for potential violations of law based upon conduct approved and covered in its entirety by such an opinion, except that such opinion shall not prevent or preclude an investigation of and report to the legislative ethics commission concerning the conduct of the person who obtained it by the joint commission on public ethics for violations of section seventy-three, seventy-three-a or seventy-four of the public officers law to determine whether the person accurately and fully represented to the legislative ethics commission the facts relevant to the formal advisory opinion and whether the person's conduct conformed to those factual representations. The joint commission shall be authorized and shall have jurisdiction to investigate potential violations of the law arising from conduct outside of the scope of the terms of the advisory opinion; and

o. Issue and publish generic advisory opinions covering questions frequently posed to the commission, or questions common to a class or defined category of persons, or that will tend to prevent undue repetition of requests or undue complication, and which are intended to provide general guidance and information to persons subject to the commission's jurisdiction;

p. Develop educational materials and training with regard to legislative ethics for members of the legislature and legislative employees including an online ethics orientation course for newly-hired employees and, as requested by the senate or the assembly, materials and training in relation to a comprehensive ethics training program; and

q. Prepare an annual report to the governor and legislature summarizing the activities of the commission during the previous year and recommending any changes in the laws governing the conduct of persons subject to the jurisdiction of the commission, or the rules,
regulations and procedures governing the commission's conduct. Such report shall include: (i) a listing by assigned number of each complaint and [referral] report received from the joint commission on public ethics which alleged a possible violation within its jurisdiction, including the current status of each complaint, and (ii) where a matter has been resolved, the date and nature of the disposition and any sanction imposed, subject to the confidentiality requirements of this section. Such annual report shall not contain any information for which disclosure is not permitted pursuant to subdivision [fourteen] twelve of this section.

8. The commission, or the executive director and staff of the commission if responsibility regarding such financial disclosure statements filed by legislative employees has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of subdivision six of section seventy-three or section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

9. If a person required to file a financial disclosure statement with the commission has failed to file a financial disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a senator, to the temporary president of the senate, and if a member of assembly, to the speaker of the assembly; and (c) in the case of a legislative employee, to the appointing authority for such person and to the temporary president of the senate and/or the speaker of the assembly, as the case may be, who has jurisdiction over such appointing authority. Such notice of delinquency may be sent at any time during the reporting person's service as a member of the legislature or legislative employee or while a candidate for member of the legislature, or within one year after separation from such service or the termination of such candidacy. The jurisdiction of the commission, when acting pursuant to subdivision eleven of this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service or terminates his or her candidacy, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.

10. a. If a reporting person has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law, or the commission receives a referral from another state oversight body, or the commission receives a sworn complaint alleging such a violation by a reporting person or a legislative employee subject to the provisions of such laws, or if the commission determines on its own initiative to investigate a possible violation by a reporting person or a legislative employee subject to the provisions of such laws, the commission shall notify the reporting person in writing, describe the possible or alleged violation thereof and provide the person with a fifteen day period in which to submit a
written response setting forth information relating to the activities cited as a possible or alleged violation of law. If the commission thereafter makes a determination that further inquiry is justified, it shall give the reporting person an opportunity to be heard. The commission shall also inform the reporting individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the due process procedural mechanisms available to such individual. If the commission determines at any stage of the proceeding that there is no violation or that any potential conflict of interest violation has been rectified, it shall so advise the reporting person and the complainant, if any. All of the foregoing proceedings shall be confidential.

b. If the commission determines that there is reasonable cause to believe that a violation has occurred, it shall send a notice of reasonable cause: (i) to the reporting person; (ii) to the complainant if any; (iii) in the case of a senator, to the temporary president of the senate, and if a member of the assembly, to the speaker of the assembly; and (iv) in the case of a legislative employee, to the appointing authority for such person and to the temporary president of the senate and/or the speaker of the assembly, as the case may be, who has jurisdiction over such appointing authority.

c.] The jurisdiction of the commission to impose penalties when acting pursuant to this section shall continue notwithstanding that a member of the legislature or a legislative employee separates from state service, or a candidate for member of the legislature ceases to be a candidate, provided that [the commission notifies] such individual has been notified of the alleged violation of law [pursuant to paragraph a of this subdivision] within one year from his or her separation from state service or the termination of his or her candidacy. [Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

11.] 9. (a) An individual subject to the jurisdiction of the commission with respect to the imposition of penalties who knowingly and intentionally violates the provisions of subdivisions two through [five] five-a, seven, eight, twelve, fourteen or fifteen of section seventy-three of the public officers law or a reporting individual who knowingly and wilfully fails to file an annual statement of financial disclosure or who knowingly and wilfully with intent to deceive makes a false statement or gives information which such individual knows to be false on such statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. Any such individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. [Any such individual who knowingly and intentionally violates the provisions of paragraph a, e or g of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount equal to the value of any gift, compensation or benefit received as a result of such violation.] Assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seri-
ousness of the violation, the amount of gain to the individual and
whether the individual previously had any civil or criminal penalties
imposed pursuant to this section, and any other factors the commission
deems appropriate. For a violation of this section, other than for
conduct which constitutes a violation of subdivision twelve, fourteen or
fifteen of section seventy-three or section seventy-four of the public
officers law, the legislative ethics commission may, in lieu of or in
addition to a civil penalty, refer a violation to the appropriate prose-
cutor and upon such conviction, but only after such referral, such
violation shall be punishable as a class A misdemeanor. Where the
commission finds sufficient cause, it shall refer such matter to the
appropriate prosecutor. A civil penalty for false filing may not be
imposed hereunder in the event a category of "value" or "amount"
reported hereunder is incorrect unless such reported information is
falsely understated. Notwithstanding any other provision of law to the
contrary, no other penalty, civil or criminal may be imposed for a fail-
ure to file, or for a false filing, of such statement, or a violation of
subdivision six of section seventy-three of the public officers law,
except that the appointing authority may impose disciplinary action as
otherwise provided by law. The legislative ethics commission shall be
deemed to be an agency within the meaning of article three of the state
administrative procedure act and shall adopt rules governing the conduct
of adjudicatory proceedings and appeals taken pursuant to a proceeding
commenced under article seventy-eight of the civil practice law and
rules relating to the assessment of the civil penalties herein author-
ized [and commission denial of requests for certain deletions or
exemptions to be made from a financial disclosure statement as author-
ized in paragraph i or paragraph j of subdivision seven of this
section]. Such rules, which shall not be subject to the promulgation and
hearing requirements of the state administrative procedure act, shall
provide for due process procedural mechanisms substantially similar to
those set forth in such article three but such mechanisms need not be
identical in terms or scope. Assessment of a civil penalty [or commis-
sion denial of such a deletion or exemption request] shall be final
unless modified, suspended or vacated within thirty days of imposition,
with respect to the assessment of such penalty, or unless such denial of
request is reversed within such time period, and upon becoming final
shall be subject to review at the instance of the affected reporting
individuals in a proceeding commenced against the legislative ethics
commission, pursuant to article seventy-eight of the civil practice law
and rules.

[12-] (b) Not later than forty-five calendar days after receipt from
the joint commission on public ethics of a written substantial basis
investigation report and any supporting documentation or other materials
regarding a matter before the commission pursuant to subdivision four-
ten-a of section ninety-four of the executive law, unless requested by
a law enforcement agency to suspend the commission’s action because of
an ongoing criminal investigation, the legislative ethics commission
shall make public such report in its entirety; provided, however, that
the commission may withhold such information for not more than one addi-
tional period of the same duration or refer the matter back to the joint
commission on public ethics once for additional investigation, in which
case the legislative ethics commission shall, upon the termination of
such additional period or upon receipt of a new report by the joint
commission on public ethics after such additional investigation, make
public the written report and publish it on the commission’s website.
If the legislative ethics commission fails to make public the written report received from the joint commission in accordance with this paragraph, the joint commission shall release such report publicly promptly and in any event no later than ten days after the legislative ethics commission is required to release such report. The legislative ethics commission shall not refer the matter back to the joint commission on public ethics for additional investigation more than once. If the commission refers the matter back to the joint commission for additional fact-finding, the joint commission's original report shall remain confidential.

10. Upon receipt of a written report from the joint commission on public ethics pursuant to subdivision fourteen-a of section seventy-three of the public officers law, the legislative ethics commission shall commence its review of the matter addressed in such report. No later than ninety days after receipt of such report, the legislative ethics commission shall dispose of the matter by making one or more of the following determinations:

a. whether the legislative ethics commission concurs with the joint commission's conclusions of law and the reasons therefor;
b. whether and which penalties have been assessed pursuant to applicable law or rule and the reasons therefor; and
c. whether further actions have been taken by the commission to punish or deter the misconduct at issue and the reasons therefor.

The commission's disposition shall be reported in writing and published on its website no later than ten days after such disposition unless requested by a law enforcement agency to suspend the commission's action because of an ongoing criminal investigation.

11. If the commission has a reasonable basis to believe that any person subject to the jurisdiction of another state oversight body may have violated section seventy-three or seventy-four of the public officers law, section one hundred seven of the civil service law, or article one-A of this chapter, it shall refer such violation to such oversight body unless the commission determines that such a referral would compromise the prosecution or confidentiality of its investigations and, if so, shall make such a referral as soon as practicable. The referral by the commission shall include any information relating thereto coming into the custody or under the control of the commission at any time prior or subsequent to the time of the referral.

12. A copy of any notice of delinquency or notice of reasonable cause sent pursuant to subdivisions nine and ten of this section shall be included in the reporting person's file and be available for public inspection and copying.

13. a. Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:

(1) the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except the categories of value or amount which shall be confidential, and any other item of information deleted pursuant to paragraph i of subdivision seven of this section;
(2) financial disclosure statements filed pursuant to subdivision six of section seventy-three of the public officers law;
(3) notices of delinquency sent under subdivision nine of this section;
(4) notices of reasonable cause sent under paragraph b of subdivision ten of this section;
(5) notices of civil assessment imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed:

(6) the terms of any settlement or compromise of a complaint or referral or report which includes a fine, penalty or other remedy reached after the commission has received a report from the joint commission on public ethics pursuant to subdivision fourteen-a of section ninety-four of the executive law;

(7) generic advisory opinions; and

(8) all reports required by this section; and

(9) all reports received from the joint commission on public ethics pursuant to subdivision fourteen-a of section ninety-four of the executive law;

b. Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding of the commission shall be open to the public, except if expressly provided otherwise by this section or the commission.

13. Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the joint commission on public ethics, and which shall contain the documents identified in subdivision fourteen of this section, other than financial disclosure statements, and any other records or information which the commission determines to be appropriate.

14. This section shall not revoke or rescind any policies, rules, regulations or advisory opinions issued by the legislative ethics committee in effect upon the effective date of this subdivision, to the extent that such regulations or opinions are not inconsistent with any laws of the state of New York. The legislative ethics commission shall undertake a comprehensive review of all such policies, rules, regulations or advisory opinions which will address the consistency of such policies, rules, regulations or advisory opinions with the laws of the state of New York. The legislative ethics commission shall, before April first, two thousand eight, report to the governor and legislature regarding such review and shall propose any regulatory changes and issue any advisory opinions necessitated by such review.

15. Separability clause. If any part or provision of this section or the application thereof to any person is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person, but shall be confined to such part or provision.

§ 10. Paragraph (h) of subdivision 8 of section 73 of the public officers law, as added by chapter 514 of the laws of 2002, is amended to read as follows:

(h) Notwithstanding the provisions of subparagraphs (i) and (ii) of paragraph (a) of this subdivision, a former state officer or employee may contract individually, or as a member or employee of a firm, corporation or association, to render services to any state agency when the agency head certifies in writing to the joint commission on public ethics that the services of such former officer or employee are required in connection with the agency's response to a disaster.

the executive law.

§ 11. The opening paragraph of subdivision 8-a of section 73 of the
public officers law, as amended by chapter 357 of the laws of 2001, is
amended to read as follows:
The provisions of subparagraphs (i) and (ii) of paragraph (a) of
subdivision eight of this section shall not apply to any such former
state officer or employee engaged in any of the specific permitted
activities defined in this subdivision that are related to any civil
action or proceeding in any state or federal court, provided that the
attorney general has certified in writing to the [state ethics] joint
commission on public ethics, with a copy to such former state officer or
employee, that the services are rendered on behalf of the state, a state
agency, state officer or employee, or other person or entity represented
by the attorney general, and that such former state officer or employee
has expertise, knowledge or experience which is unique or outstanding in
a field or in a particular matter or which would otherwise be generally
unavailable at a comparable cost to the state, a state agency, state
officer or employee, or other person or entity represented by the attor-
ney general in such civil action or proceeding. In those instances where
a state agency is not represented by the attorney general in a civil
action or proceeding in state or federal court, a former state officer
or employee may engage in permitted activities provided that the general
counsel of the state agency, after consultation with the [state ethics] joint
commission on public ethics, provides to the [state ethics] joint
commission on public ethics a written certification which meets the
requirements of this subdivision. For purposes of this subdivision the
term "permitted activities" shall mean generally any activity performed
at the request of the attorney general or the attorney general's desig-
nnee, or in cases where the state agency is not represented by the attor-
ney general, the general counsel of such state agency, including without
limitation:

§ 12. Subdivision 8-b of section 73 of the public officers law, as
added by chapter 523 of the laws of 2004, is amended to read as follows:
8-b. Notwithstanding the provisions of subparagraphs (i) and (ii) of
paragraph (a) of subdivision eight of this section, a former state offi-
cer or employee may contract individually, or as a member or employee of
a firm, corporation or association, to render services to any state
agency if, prior to engaging in such service, the agency head certifies
in writing to the [state ethics] joint commission on public ethics that
such former officer or employee has expertise, knowledge or experience
with respect to a particular matter which meets the needs of the agency
and is otherwise unavailable at a comparable cost. Where approval of the
contract is required under section one hundred twelve of the state
finance law, the comptroller shall review and consider the reasons for
such certification. The [state ethics] joint commission on public ethics
must review and approve all certifications made pursuant to this subdi-
vision.

§ 13. Subdivision 10 of section 73 of the public officers law, as
amended by chapter 813 of the laws of 1987, is amended to read as
follows:
10. Nothing contained in this section, the judiciary law, the educa-
tion law or any other law or disciplinary rule shall be construed or
applied to prohibit any firm, association or corporation, in which any
present or former statewide elected official, state officer or employee,

employee is a member, associate, retired member, of counsel or share-

a state agency, or a city agency with respect to a political party
chairman in a county wholly included in a city with a population of more
than one million, otherwise proscribed by this section, the judiciary
law, the education law or any other law or disciplinary rule with
respect to such official, member of the legislature or officer or
employee, or political party chairman, where such statewide elected
official, state officer or employee, member of the legislature or legis-

revenues, as defined in accordance with generally accepted accounting
principles by the [state] joint commission on public ethics [commission]
or by the legislative ethics committee in relation to persons subject to
their respective jurisdictions, resulting therefrom, or, acting in good
faith, reasonably believed that he or she would not share in the net
revenues as so defined; nor shall anything contained in this section,
the judiciary law, the education law or any other law or disciplinary
rule be construed to prohibit any firm, association or corporation in
which any present or former statewide elected official, member of the
legislature, legislative employee, full-time salaried state officer or
employee or state officer or employee who is subject to the provisions
of section seventy-three-a of this [chapter] article is a member, asso-
ciate, retired member, of counsel or shareholder, from appearing, prac-
ticing, communicating or otherwise rendering services in relation to any
matter before, or transacting business with, the court of claims, where
such statewide elected official, member of the legislature, legislative
employee, full-time salaried state officer or employee or state officer
or employee who is subject to the provisions of section seventy-three-a
of this [chapter] article does not share in the net revenues, as defined
in accordance with generally accepted accounting principles by the
[state] joint commission on public ethics [commission] or by the legis-

§ 16. Completion of unfinished business. Any business or other matter
undertaken or commenced by the state commission on public integrity or
the legislative ethics commission pertaining to or connected with the
functions, powers, obligations and duties hereby transferred and
assigned to the joint commission on public ethics, and pending on the
effective date of this act may be conducted and completed by the joint
commission on public ethics in the same manner and under the same terms
and conditions and with the same effect as if conducted and completed by
the former state commission on public integrity or the legislative
ethics commission.
§ 17. Terms occurring in laws, contracts and other documents. Whenever
the state commission on public integrity is referred to or designated in

Notwithstanding any other law to the contrary, it shall be a term and condition of membership for every public official who becomes a member of any retirement system on or after the effective date of the chapter of the laws of two thousand eleven which added this article, that such public official's rights to a pension in a retirement system that accrue in such retirement system after his or her date of initial membership in the retirement system shall be subject to the provisions of this article.

2. In the case of a public official who stands convicted, by plea of nolo contendere or plea of guilty to, or by conviction after trial, of any crime related to public office, an action may be commenced in supreme court of the county in which such public official was convicted of such felony crime, by the district attorney having jurisdiction over such crime, or by the attorney general if the attorney general brought the criminal charge which resulted in such conviction, for an order to reduce or revoke the pension to which such public official is otherwise entitled for service as a public official. Such complaint shall specify with particularity which category of felony pursuant to subdivision one of section one hundred fifty-six of this article the defendant has committed, and all other facts that are alleged to qualify such crime as a felony crime related to public office subject to pension reduction or revocation pursuant to this article, and the amount of pension reduction or revocation requested. Such action shall be commenced within six months after such conviction.

3. Before commencing an action described in subdivision two of this section, the district attorney or the attorney general, as the case may be, shall serve written notice on the chief administrator of the defendant's retirement system stating that he or she has reason to believe that the person convicted committed the crime related to public office in the performance of or failure to perform the public official's duties and responsibilities. Such notice shall specify with particularity which category of felony pursuant to subdivision one of section one hundred fifty-six of this article the defendant has committed. Within twenty days after receipt of such notice, the chief administrator of the defendant's retirement system shall submit a notice of applicability to the district attorney or the attorney general as the case may be. The notice of applicability shall contain a statement specifying whether the person convicted is or has been a member or retired member of a retirement system and shall describe the portion of such rights and benefits to which such person is or will be entitled to solely from service as such a public official.

4. No forfeiture action may be commenced by the district attorney or the attorney general until such district attorney or the attorney general, as the case may be, has received and served on the defendant the notice of applicability as set forth in subdivision three of this section.
5. The district attorney or the attorney general, or any interested party, may seek, or the court on its own motion may order, that some or all of the pension that would otherwise be reduced or revoked pursuant to this article be paid for the benefit of any dependent persons, as may be in the interests of justice.

6. The defendant shall have the right to a hearing.

7. The burden of proof shall be upon the district attorney or the attorney general, as the case may be, to prove by clear and convincing evidence the facts necessary to establish a claim of pension forfeiture.

The district attorney or the attorney general as the case may be must, at the time of the hearing, prove by clear and convincing evidence that the defendant knowingly and intentionally committed the crime related to public office.

8. In determining whether the pension shall be reduced or revoked, the supreme court shall consider and make findings of fact and conclusions of law that include, but shall not be limited to, a consideration of the following factors:

(a) Whether the defendant stands convicted of such a felony of a crime related to public office, and the specific paragraph or paragraphs of subdivision one of section one hundred fifty-six of this article that have been proven or not proven;

(b) The severity of the crime related to public office of which the defendant stands convicted;

(c) The amount of monetary loss suffered by such state or municipality as a result of such crime related to public office;

(d) The degree of public trust reposed in the public official by virtue of the person's position as a public official;

(e) If the crime related to public office was part of a fraudulent scheme against the state or a municipality, the role of the public official in such fraudulent scheme against such state or a municipality;

(f) The defendant's criminal history, if any;

(g) The impact of forfeiture, in whole or in part, on defendant's dependents, present or former spouses, or domestic partners;

(h) The proportionality of forfeiture of all or part of the pension to the crime committed; and

(i) Any such other factors as, in the judgment of the supreme court, justice may require.

9. At any time during the pendency of a forfeiture action, the court may dismiss the action if it finds that such relief is warranted by the existence of some compelling factor, consideration or circumstance or other information or evidence which demonstrates that forfeiture would not serve the ends of justice. The court may order that some or all of the reduced or revoked pension be paid to satisfy the terms of any existing order for the payment of maintenance, child support or restitution or for the benefit of any dependent persons, as may be in the interests of justice, after taking into consideration the financial needs and resources available for support of such persons.

10. Upon a finding by the court by clear and convincing evidence that the defendant knowingly and intentionally committed a crime related to public office, the court may issue an order to the appropriate retirement system to reduce or revoke the defendant's pension to which he or she is otherwise entitled as such a public official. All orders and findings made by the court pursuant to this section shall be served by the attorney general or the district attorney, as the case may be upon the chief administrator of the defendant's retirement system and the defendant.
11. The court shall issue a written decision including findings of fact and conclusions of law that are the basis for any order issued pursuant to this section.

12. Upon a final determination that reverses or vacates the conviction or convictions of a crime related to public office, or reduces such crime to a violation, misdemeanor or other criminal act that is not a crime related to public office, the public official, or if he or she shall be deceased, his or her estate, shall have such pension retroactively restored upon application to the court with jurisdiction over the forfeiture action. Such court, upon finding that such a final determination has occurred, shall issue an order retroactively restoring such pension, together with such other relief deemed appropriate.

13. A final judgment entered pursuant to this article may be appealed pursuant to subdivision (a) of section fifty-seven hundred one and section fifty-six hundred two of the civil practice law and rules.

14. Except as otherwise provided by this article, the civil practice law and rules shall govern the procedure in all actions commenced pursuant to this article, except where the action is specifically regulated by any inconsistent provisions herein.

§ 158. Pension contributions returned. 1. Any public official whose pension is reduced or revoked pursuant to this article shall be entitled to a return of his or her contribution paid into the relevant retirement system, without interest.

2. Notwithstanding the provisions of subdivision one of this section, no payments in return of contributions shall be made or ordered unless and until the supreme court determines that the public official whose pension has been reduced or revoked has satisfied in full any judgments or orders rendered by any court of competent jurisdiction for the payment of restitution to the state or a municipality for losses incurred as a result of such crime related to public office. If the supreme court determines that such public official whose pension is to be reduced or revoked has failed to satisfy any outstanding judgment or order of restitution rendered by a court of competent jurisdiction, it may order that any funds otherwise due to such public official as a return of contribution, or any portion thereof, be paid in satisfaction of such judgment or order.

§ 159. Miscellaneous. The remedies provided for in this article are not intended to substitute for, limit or supersede the lawful authority of any public officer, agency or other person to enforce any other right or remedy provided for by law.

§ 2. The criminal procedure law is amended by adding a new section 220.51 to read as follows:

§ 220.51 Notice before entry of plea or trial involving a public official.

Prior to trial, and before accepting a defendant's plea to a count, or counts of an indictment or a superior court information charging a felony offense, the court must individually advise the defendant, on the record, that if at the time of the alleged felony crime the defendant was a public official, as defined in subdivision six of section one hundred fifty-six of the retirement and social security law, the defendant's plea of guilty and the court's acceptance thereof or conviction after trial may result in proceedings for the reduction or revocation of such defendant's pension pursuant to article three-B of the retirement and social security law.
§ 3. This act shall take effect on the ninetieth day after it shall have become a law and shall only apply to acts committed by public officials on or after such date.

§ 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow the Town of North Greenbush to reopen the provisions of Section 384-d of the Retirement and Social Security Law for police officers Kate Anslow, Joseph Farrell, Lisa Giddings-Fumarola, Michael Merola, Randy Pastore, Douglas Pinzer and Clifford Ruschmeyer.

If this legislation is enacted during the 2011 legislative session, we anticipate that there will be an increase of approximately $31,700 in the annual contributions of the Town of North Greenbush for the fiscal year ending March 31, 2012.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately $253,000, which would be borne by the Town of North Greenbush as a one-time payment. If this cost were amortized over a ten (10) year period, the cost for the first year including interest, would be approximately $34,300. This estimate is based on the assumption that payment will be made on February 1, 2012.

This estimate, dated February 14, 2011 and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-122, prepared by the Actuary for the New York State and Local Police and Fire Retirement System.
AN ACT to authorize the city of Newburgh, in the county of Orange, to offer an optional twenty year retirement plan to certain police officers and firefighters

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law to the contrary, the city of Newburgh, in the county of Orange, a participating employer in the New York state and local police and fire retirement system, which previously elected to offer the optional twenty year retirement plan, established pursuant to section 384-d of the retirement and social security law, to police officers and firefighters employed by such city, is hereby authorized to make participation in such plan available to Daniel Cameron, Lorenzo D'Angelico, John Jenerose, Matthew M. Kirwan and Kevin Romero, police officers, and Robert Bain Jr., Mark Bethea and William Wiseman, firefighters employed by the city of Newburgh, who, for reasons not ascribable to their own negligence failed to make timely applications to participate in such optional twenty year retirement plan.

The city of Newburgh may so elect by filing with the state comptroller, on or before December 31, 2011, a resolution of its governing body together with certification that such police officers and firefighters did not bar themselves from participation in such retirement plan as a result of their own negligence. Thereafter, such police officers and firefighters may elect to be covered by the provisions of section 384-d of the retirement and social security law, and shall be entitled to the full rights and benefits associated with coverage under such section, by filing a request to that effect with the state comptroller on or before June 30, 2012.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [−] is old law to be omitted.
$2. All past service costs associated with implementing the provisions of this act shall be borne by the city of Newburgh over a period of ten years.

$3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow the City of Newburgh to reopen the provisions of Section 384-d of the Retirement and Social Security Law for police officers Daniel Cameron, Lorenzo D'Angelico, John Jenerose, Matthew M. Kirwan, Kevin Romero and firefighters Robert Bain Jr, Mark Bethea and William Wiseman.

If this legislation is enacted during the 2011 legislative session, we anticipate that there will be an increase of approximately $45,700 in the annual contributions of the City of Newburgh for the fiscal year ending March 31, 2012.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately $620,000, which would be borne by the City of Newburgh as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2012. The City of Newburgh may amortize this cost over a period of ten (10) years. The first year cost, including interest, will be approximately $84,000.

This estimate, dated April 6, 2011 and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-156, prepared by the Actuary for the New York State and Local Police and Fire Retirement System.

AN ACT to amend the retirement and social security law, in relation to disability retirement applications made by or on behalf of certain deputy sheriffs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision aa of section 555 of the retirement and social security law, as added by chapter 165 of the laws of 1995, is amended to read as follows:

aa. At the time of the filing of an application pursuant to this section, the member must:
1. Have at least ten years of total service credit, and
2. Actually be in service upon which his or her membership is based, or, have been discontinued from service, either voluntarily or involuntarily, for not more than ninety days, providing the member was disabled prior to such discontinuance.

An application for disability retirement shall not be disapproved on the basis of a deputy sheriff having failed to engage directly in criminal law enforcement activities that aggregate fifty per centum of a deputy sheriff's service during a period preceding the filing of the application provided the failure to do so was the result of the disability alleged in the application and further provided the deputy sheriff was certified as so engaged in criminal law enforcement activities by the county sheriff for the calendar year preceding the onset of the disability.

After the filing of such an application, such member shall be given one or more medical examinations. If the comptroller determines that the member is physically or mentally incapacitated for the performance of duty and ought to be retired for ordinary disability, he or she shall be

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
so retired. Such retirement shall be effective as of a date approved by
the comptroller.

§ 2. Subdivision a of section 556 of the retirement and social securi-
ty law, as amended by chapter 489 of the laws of 2008, is amended to
read as follows:

a. A member shall be entitled to an accidental disability retirement
allowance if, at the time application therefor is filed, he or she is:

1. Physically or mentally incapacitated for performance of duty as the
natural and proximate result of an accident not caused by his or her own
willful negligence sustained in such service and while actually a member
of the retirement system, and

2. Actually in service upon which his or her membership is based.

However, in a case where a member is discontinued from service subse-
quent to the accident, either voluntarily or involuntarily, and provided
that the member meets the requirements of paragraph one of this subdivi-
sion, application may be made either (a) by a vested member incapaci-
tated as the result of a qualifying World Trade Center condition as
defined in section two of this chapter at any time, or (b) not later
than two years after the member is first discontinued from service and
provided that the member meets the requirements of paragraph one of this
subdivision.

An application for disability retirement shall not be disapproved on
the basis of a deputy sheriff having failed to engage directly in crimi-
nal law enforcement activities that aggregate fifty per centum of a
deputy sheriff's service during a period preceding the filing of the application provided the failure to do so was the result of the disabil-
ity alleged in the application and further provided the deputy sheriff
was certified as so engaged in criminal law enforcement activities by
the county sheriff at the time the accident is alleged to have occurred.

§ 3. Subdivision b of section 558 of the retirement and social securi-
ty law, as added by chapter 165 of the laws of 1995, paragraph 2 as
amended by chapter 489 of the laws of 2008, is amended to read as
follows:

b. Eligibility. A member shall be entitled to retirement for disabili-
ty incurred in the performance of duty if, at the time application
therefor is filed, he or she is:

1. Physically or mentally incapacitated for performance of duty as the
natural and proximate result of a disability not caused by his or her
own willful negligence sustained in such service and while actually a
member of the retirement system, and

2. Actually in service upon which his or her membership is based.

However, in a case where a member is discontinued from service, and
provided that the member meets the requirements of paragraph one of this
subdivision, application may be made, either (a) by a vested member
incapacitated as the result of a qualifying World Trade Center condition
as defined in section two of this chapter at any time, or (b) not later
than two years after the member is discontinued from service and
provided that the member meets the requirements of subdivision a of this
section and this subdivision.

An application for disability retirement shall not be disapproved on
the basis of a deputy sheriff having failed to engage directly in crimi-
nal law enforcement activities that aggregate fifty per centum of a
deputy sheriff's service during a period preceding the filing of the application provided the failure to do so was the result of the disabil-
ity alleged in the application and further provided the deputy sheriff
was certified as so engaged in criminal law enforcement activities by
the county sheriff at the time the physical or mental incapacitation for
the performance of duty is alleged to have occurred.
§ 4. This act shall take effect immediately and shall apply to all
applications filed pursuant to section 555, 556 or 558 of the retirement
and social security law on and after July 1, 2009.

FISCAL NOTE.—Pursuant to Legislative Law, Section 50:
This bill would amend the requirements for certain deputy sheriffs who
file a disability application. The application would not be disapproved
on the basis that such deputy failed to engage directly in criminal law
enforcement activities that aggregate at least fifty percent during a
period preceding the filing of the application, provided the failure to
do so was the result of the disability alleged in the application.
Further such deputy must have been certified by the county sheriff as
engaged in criminal law enforcement activities that aggregate at least
fifty percent at the time the accident is alleged to have occurred.
This will apply to all applications filed on and after July 1, 2009.

If this bill is enacted, the number of affected members cannot be
readily determined. The cost would depend on the number of affected
cases, as well as the type of disability granted, the age, service,
salary, plan and tier of the affected members. These costs would be
borne by the State of New York and all participating employers in the
New York State and Local Employees' Retirement System.

This estimate, dated May 31, 2011, and intended for use only during
the 2011 Legislative Session, is Fiscal Note No. 2011-190, prepared by
the Actuary for the New York State and Local Employees' Retirement
System.

Notwithstanding the foregoing provisions of this subdivision, officers and employees who would have otherwise been eligible to receive such lump sum payment, but who were not on the payroll on such date, shall be eligible for said payment if
they return to full-time employment status during the fiscal year 2013-2014 without a break in continuous service.

5. Notwithstanding the provisions of subdivisions three and four of this section, if the basic annual salary of an officer or employee to whom the provisions of this section apply is identical with the hiring rate, step one, two, three, four, five, six or job rate of the salary grade of his or her position on the effective dates of the increases provided in these subdivisions, such basic annual salary shall be increased to the hiring rate, step one, two, three, four, five, six or job rate, respectively, of such salary grade as contained in the appropriate salary schedules in subparagraphs 2 and 3 of paragraph a of subdivision 1 of section 130 of the civil service law, as added by section one of this act, to take effect on the dates provided in subparagraphs 2 and 3, respectively. The increases in basic annual salary provided by this subdivision shall be in lieu of any increase in basic annual salary provided for in subdivisions three and four of this section.

6. Payments pursuant to the provisions of subdivision 6 of section 131 of the civil service law for full-time annual salaried officers and employees entitled to such payments to whom the provisions of this section apply shall be payable in accordance with the terms of an agreement reached pursuant to article 14 of the civil service law between the state and an employee organization representing employees subject to the provisions of this section.

7. If an unencumbered position is one which if encumbered, would be subject to the provisions of this section, the salary of such position shall be increased by the salary increase amounts specified in this section. If a position is created, and filled by the appointment of an officer or employee who is subject to the provisions of this section, the salary otherwise provided for such position shall be increased in the same manner as though such position had been in existence but unencumbered.
8. The increases in salary provided in subdivisions three and four of this section, and also the payments provided in subdivision two of this section, shall apply on a prorated basis to officers and employees, otherwise eligible to receive an increase in salary, who are paid on an hourly or per diem basis, employees serving on a part-time or seasonal basis and employees paid on any basis other than at an annual salary rate. Notwithstanding the foregoing, the provisions of subdivision six of this section shall not apply to employees serving on an hourly, per diem, or seasonal basis, except as determined by the director of the budget.

9. In order to provide for the officers and employees to whom this section applies who are not allocated to salary grades, but are paid on an annual basis, increases and payments pursuant to subdivision six of this section in proportion to those provided to persons to whom this section applies who are allocated to salary grades, the director of the budget is authorized to add appropriate adjustments and/or payments to the compensation which such officers and employees are otherwise entitled to receive. The director of the budget shall issue certificates which shall contain schedules of positions and the salaries and/or payments thereof for which adjustments and/or payments are made pursuant to the provisions of this subdivision, and a copy of each such certificate shall be filed with the state comptroller, the state department of civil service, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

10. Notwithstanding any other provision of this section, the provisions of this section shall not apply to officers or employees paid on a fee schedule basis.

11. Notwithstanding any other provision of this section, any increase in compensation for any officer or employee appointed to a lower graded position from a redeployment list pursuant to subdivision 1 of section 79 of the civil service law who continues to receive his or her former salary pursuant to such subdivision shall be determined on the basis of such lower graded position provided, however, that the increases in salary provided in this section shall not cause such officer's or employee's salary to exceed the job rate of such lower graded position.

12. Notwithstanding any of the foregoing provisions of this section or of any law to the contrary, the director of the budget may reduce the salary of any position which is vacant or which becomes vacant, so long as the position, if encumbered, would be subject to the provisions of this section. The director of the budget does not need to provide a reason for such reduction.

13. Notwithstanding any of the foregoing provisions of this section or of any law to the contrary, any increase in compensation may be withheld in whole or in part from any employee to whom the provisions of this section are applicable when, in the opinion of the director of the budget and the director of employee relations, such increase is not warranted or is not appropriate for any reason.

§ 10. Compensation for certain employees of the contract colleges at Cornell and Alfred universities. 1. During the period April 1, 2011 to March 31, 2016, the basic annual salaries of positions in the nonprofessional service, except those positions in the Cornell service and maintenance unit which are subject to the terms of a collective bargaining agreement between Cornell University and the employee organization representing employees in such positions and except those positions in the Alfred service and maintenance unit which are subject to the terms of a collective bargaining agreement between Alfred University and the employee organization representing employees in such positions, in insti-
tutions under the management and control of Cornell and Alfred universities as representatives of the board of trustees of the state university may be increased pursuant to plans approved by the state university trustees. Such plans may include new salary schedules which shall supersede the salary schedules then in effect applicable to such employees. Such increases in basic annual salary rates, exclusive of performance advancement payments or merit recognition payments, shall not exceed in the aggregate the payments provided in subdivisions two, three, and four of section nine of this act, for incumbents of positions subject to this subdivision. Such plans may provide, within the appropriations available therefor, an amount for distribution in whole or in part for meritorious service by Cornell and Alfred universities, in their discretion, with the approval of the state university trustees to the incumbents of such positions.

2. For the purposes of this section, the basic annual salary of employees is that salary which is obtained through direct appropriation of state moneys for the purpose of paying wages. Nothing in this section shall prevent payment of additional amounts to incumbents of such positions in the nonprofessional service in addition to the basic annual salary; provided, however, that the amounts required for such additional payment, and the cost of fringe benefits attributable to such payment, as determined by the comptroller, are made available to the state in accordance with the procedures established by the state university for such purposes.

3. Notwithstanding the foregoing provisions of this section, any increase in compensation provided by this section may be withheld in whole or in part from any officer or employee when, in the opinion of the director of the budget, such withholding is necessary to reflect the job performance of such officer or employee, or to maintain appropriate salary relationships among officers or employees of the state, or to reduce state expenditures to acceptable levels, or when such increase is not warranted or is not appropriate for any reason and the salary of such officer or employee is set at the discretion of the appointing authority.

4. Notwithstanding the foregoing provisions of this subdivision or act or any other provision of law, rule or regulation to the contrary, the contract colleges at Cornell and Alfred universities are authorized to provide for a procedure for the repayment of salaries withheld from incumbents of positions subject to this subdivision as described in subdivision one of this section, pursuant to subdivision 2-a of section 200 of the state finance law in lieu of the lump sum payment authorized by subparagraph 3 of paragraph (a) of subdivision 2-a of section 200 of the state finance law, subject to the approval of the state university trustees. Further, Cornell and Alfred universities are authorized to provide that the salary of employees newly hired on or after September 1, 1992 shall not be subject to the provisions of subdivision 2-a of section 200 of the state finance law.

§ 11. Location compensation for certain state officers and employees in collective negotiating units. 12 an officer's or employee's basic annual salary, and shall not affect or
13 impair any performance advancements or other rights or benefits to which
14 an officer or employee may be entitled by law, provided, however, that
15 location payments shall be included as compensation for purposes of
16 computation of overtime pay and for retirement purposes. For the sole
17 purpose of continuing eligibility for location pay in Monroe county, an
18 officer or employee previously eligible to receive location pay on March
19 31, 1985 who is on an approved leave of absence or participates in an
20 employer program to reduce to part-time service during summer months
21 shall continue to be eligible for said location pay upon return to full-
22 time state service in Monroe county.

40 the conditions and at the rates specified by such subdivision.
41 3. Notwithstanding section eleven of this act or any other law, rule or
42 regulation to the contrary, any officer or employee of the Hudson Valley
43 developmental disabilities services office represented in the collective
44 negotiating units designated as the administrative services unit, the
45 institutional services unit or the operational services unit, who is
46 receiving location pay pursuant to such section eleven shall continue to
47 be eligible for such location pay if such officer's or employee's princi-
48 pal place of employment is changed to a location outside of the county of
49 Rockland as the result of a reduction or redeployment of staff, provided,
50 however, that such officer or employee is reassigned to or otherwise
51 appointed or promoted to a different position at another work location
52 within the Hudson Valley developmental disabilities services office
53 located outside of the county of Rockland. The rate of such continued

Such additional compensation shall be paid in addition to and shall not be a part of the employee's basic annual salary. Notwithstanding the foregoing provisions of this section, or of any other law, such additional compensation as added by this section shall be in lieu of the continuation of any other additional compensation for such employees paid prior to June 2, 1988, in recognition of pre-shift briefing.

2. Such payment shall be in an amount negotiated and pursuant to negotiated qualifying criteria and shall be considered salary only for final average salary retirement purposes. Such benefit shall be available until March 30, 2016.

§ 17. In recognition of the specific requirements for winter maintenance activity for full-time employees of the state department of transportation in the collective negotiating unit designated as the operational services unit, established pursuant to article 14 of the civil service law, and to the extent the terms of a negotiated agreement between the state and an employee organization representing such unit entered into pursuant to article 14 of the civil service law so provides, such employees shall receive payments for winter maintenance shifts and call-out responses if otherwise eligible and in accordance with such negotiated agreement.

§ 18. Subdivision 2 of section 17 of chapter 333 of the laws of 1969 amending the civil service law and other laws relating to salary increases for certain state officers and employees, as amended by chapter 214 of the laws of 2009, is amended to read as follows:

Such amounts shall be from funds appropriated in this act and shall not be part of basic annual salary for overtime or retirement purposes.
§ 20. Notwithstanding any provision of law to the contrary, the appropriations contained in this act shall be available to the state for the payment and publication of grievance and arbitration settlements and awards pursuant to articles 33 and 34 of the collective negotiating agreement between the state and the employee organization representing the collective negotiating units designated as the administrative services unit, the institutional services unit, the operational services unit or the division of military and naval affairs unit established pursuant to article 14 of the civil service law.

§ 21. During the period April 2, 2011 through April 1, 2016, there shall be a statewide labor-management committee continued and administered pursuant to the terms of the agreement negotiated between the state and an employee organization representing employees in the collective negotiating units designated as the administrative services unit, the institutional services unit, the operational services unit or the division of military and naval affairs unit established pursuant to article 14 of the civil service law which shall, after April 2, 2011, have the responsibility of studying and making recommendations concerning the major issues of productivity, the quality of work life and implementing the agreements reached.

§ 23. Use of appropriations. The comptroller is authorized to pay any amounts required during the fiscal years commencing April 1, 2011 by the foregoing provisions of this act for any state department or agency from any appropriation or other funds available to such state department or agency for personal service or for other related employee benefits during such fiscal year. To the extent that such appropriations in any fund are insufficient to accomplish the purposes herein set forth, the director of the budget is authorized to allocate to the various departments and agencies, from any appropriations available in any fund, the amounts necessary to pay such amounts.

§ 24. Effect of participation in special annuity program. No officer or employee participating in a special annuity program pursuant to the provisions of article 8-C of the education law shall, by reason of an increase in compensation pursuant to this act, suffer any reduction of the salary adjustment to which he or she would otherwise be entitled by reason of participation in such program, and such salary adjustment shall be based upon the salary of such officer or employee without regard to the reduction authorized by such article.

§ 25. The several amounts as hereinafter set forth, or so much thereof as may be necessary, are hereby appropriated from the fund so designated for use by any state department or agency for the fiscal year beginning April 1, 2011 to supplement appropriations from each respective fund available for personal service, other than personal service and fringe benefits, and to carry out the provisions of this act. (a) officers and employees whose positions are designated managerial or confidential pursuant to article 14 of the civil service law;

(b) civilian state employees of the division of military and naval affairs in the executive department whose positions are not in, or are excluded from representation rights in, any recognized or certified negotiating unit;

(c) officers and employees excluded from representation rights under article 14 of the civil service law pursuant to rules or regulations of the public employment relations board; and

(d) officers and employees whose salaries are prescribed by section 19 of the correction law.

2. For such officers and employees the following increases shall apply:

(a) Effective April 1, 2014, the basic annual salary of officers and employees to whom the provisions of this subdivision apply shall be increased by two percent adjusted to the nearest whole dollar amount.

(b) Effective April 1, 2015, the basic annual salary of officers and employees to whom the provisions of this subdivision apply shall be increased by two percent adjusted to the nearest whole dollar amount.

3. (a) Effective April 1, 2013, for officers and employees to whom the provisions of this subdivision apply, a lump sum payment of $775 shall be made to each employee in such units in full-time employment status who was (i) active on the effective date of this act and (ii) in continuous service, as defined by paragraph (c) of subdivision 3 of section 130 of the civil service law, from that date until April 1, 2013. Such lump sum shall be considered salary for final average salary retirement purposes but shall not become part of basic annual salary. Notwithstanding the foregoing provisions of this subdivision, officers and employees who would have otherwise been eligible to receive such lump sum payment, but who were not on the payroll on said April 1, 2013, shall be eligible for said payment if they return to full-time employment status during the fiscal year 2013-2014 without a break in continuous service.
(b) Effective April 1, 2014, for officers and employees to whom the provisions of this subdivision apply, a lump sum payment of $225 shall be made to each employee in such units in full-time employment status who was (i) active on the effective date of this act and (ii) in continuous service, as defined by paragraph (c) of subdivision 3 of section 130 of the civil service law, from that date until April 1, 2013. Such lump sum shall be considered salary for final average salary retirement purposes but shall not become part of basic annual salary.

If a position is created and is filled by the appointment of an officer or employee who is subject to the provisions of this section, the salary otherwise provided for such position shall be increased in the same manner as though such position had been in existence but unencumbered.

5. The increases in salary and the lump sum payment payable pursuant to this section shall apply on a prorated basis in accordance with guidelines issued by the director of the budget to officers and employees otherwise eligible to receive an increase in salary or the lump sum payment pursuant to this act who are paid on an hourly or per diem basis, employees serving on a part-time or seasonal basis, and employees paid on any basis other than at an annual salary rate.

6. Notwithstanding any of the foregoing provisions of this section, the provisions of this section shall not apply to the following except as otherwise provided by law:

7. Officers and employees to whom the provisions of this section apply who are incumbents of positions that are not allocated to salary grades specified in paragraph d of subdivision 1 of section 130 of the civil service law and whose salary is not prescribed in any other statute shall receive the salary increases and the lump sum payment specified in subdivisions two and three of this section.

8. In order to provide for the officers and employees to whom this section applies who are not allocated to salary grades performance advancements, merit awards, longevity payments and in lieu payments, and special achievement awards in proportion to those provided to persons to whom this section applies who are allocated to salary grades, the director of the budget is authorized to add appropriate adjustments to the compensation that such officers and employees are otherwise entitled to receive. The director of the budget shall issue certificates that shall contain schedules of positions and the salaries or payments thereof for which adjustments or payments are made pursuant to the provisions of this subdivision, and a copy of each such certificate shall be filed with the state comptroller, the department of civil service, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

9. Notwithstanding any of the foregoing provisions of this section, any increase in compensation for any officer or employee appointed to a lower graded position from a redeployment list pursuant to subdivision 1 of section 79 of the civil service law who continues to receive his or her former salary pursuant to such subdivision shall be determined on
the basis of such lower graded position provided, however, that the
increases in salary provided in subdivision two of this section shall
not cause such officer's or employee's salary to exceed the job rate of
any such lower graded position at salary grade.

10. Notwithstanding any of the foregoing provisions of this section or
of any law to the contrary, the director of the budget may reduce the
salary of any position which is vacant or which becomes vacant, so long
as the position, if encumbered, would be subject to the provisions of
this section. The director of the budget does not need to provide a
reason for such reduction.

§ 4. Compensation for certain state officers and employees in the
division of state police. 1. The provisions of this section shall apply
to officers and employees whose salaries are provided for by paragraph

the civil service law, except those positions in the Cornell service and
maintenance unit that are subject to the terms of a collective bargain-
ing agreement between Cornell university and the employee organization
representing employees in such positions and except those positions in
the Alfred service and maintenance unit that are subject to the terms of
a collective bargaining agreement between Alfred university and the
employee organization representing employees in such positions, in
institutions under the management and control of Cornell and Alfred

employee is that salary that is obtained through direct appropriation of
state moneys for the purpose of paying wages. Nothing in this part shall
prevent increasing amounts paid to incumbents of such positions in the
professional service in addition to the basic annual salary, provided,
however, that the amounts required for such increase and the cost of
fringe benefits attributable to such increase, as determined by the
comptroller, are made available to the state in accordance with the
procedures established by the state university, with the approval of the
director of the budget, for such purposes.
§ 6. Location compensation for certain state officers and employees.
1. This section shall apply to all full-time annual salaried state
officers and employees and non annual salaried seasonal state officers

Such location payments shall be in addition to and shall not be a part of an employee's basic annual salary, and shall not affect or impair any advancements or other rights or benefits to which an employee may be entitled by law, provided, however, that location payments shall be included as compensation for purposes of computation of overtime pay and for retirement purposes. For the sole purpose of continuing eligibility for location pay in Monroe county, an employee previously eligible to receive location pay on March 31, 1985 who is on an approved leave of absence or participates in an employer program to reduce to part-time service during summer months shall continue to be eligible for said location pay upon return to full-time state service in Monroe county.

§ 7. Continuation of location compensation for certain officers and employees of the Hudson Valley developmental disabilities services office. 1. Notwithstanding any law, rule or regulation to the contrary, any officer or employee of the Hudson Valley developmental disabilities services office not represented in collective bargaining units established pursuant to article 14 of the civil service law who is receiving location pay pursuant to section 5 of chapter 174 of the laws of 1993 shall continue to receive such location pay under the conditions and at the rates specified by such section.

2. Notwithstanding section seven of this act or any other law, rule or regulation to the contrary, any officer or employee of the Hudson Valley developmental disabilities services office not represented in collective bargaining units established pursuant to article 14 of the civil service law who is receiving location pay pursuant to said section seven of this act shall continue to be eligible for such location pay if such officer's or employee's principal place of employment is changed to a
location outside of the county of Rockland as the result of a reduction
or redeployment of staff, provided, however, that such officer or
employee is reassigned to or otherwise appointed or promoted to a
different position at another work location within such Hudson Valley
developmental disabilities services office located outside of the county
of Rockland. The rate of such continued location pay shall not exceed
the rate such officer or employee is receiving on the date of such reas-
signment, appointment, or promotion.

§ 8. Overtime meal allowance. Notwithstanding any other provision of
law to the contrary, individuals in positions in the classified service
of the state of New York designated managerial or confidential pursuant
to article 14 of the civil service law, shall continue to receive,
effective April 1, 2011, an overtime meal allowance in the amount of
$5.50 pursuant to eligibility guidelines developed by the director of
employee relations.

§ 9. Notwithstanding any provision of law to the contrary, the appro-
priations contained in this act shall be available to the state for the
payment of grievance settlements and awards pursuant to executive order
42, dated October 14, 1970, and title 9, part 560, official compilation
of codes, rules and regulations of the state of New York.

§ 10. Use of appropriations. The comptroller is authorized to pay any
amounts required during the fiscal years commencing April 1, 2011 by the
foregoing provisions of this act for any state department or agency from
any appropriation or other funds available to such state department or
agency for personal service or for other related employee benefits
during such fiscal year. To the extent that such appropriations in any
fund are insufficient to accomplish the purposes herein set forth, the
director of the budget is authorized to allocate to the various depart-
ments and agencies, from any appropriations available in any fund, the
amounts necessary to pay such amounts.

§ 11. Effect of participation in special annuity program. No officer
or employee participating in a special annuity program pursuant to the
provision of article 8-C of the education law shall, by reason of an
increase in compensation pursuant to this act, suffer any reduction of
the salary adjustment to which that employee would otherwise be entitled
by reason of participation in such program, and such salary adjustment
shall be based upon the salary of such officer or employee without
regard to the reduction authorized by such article.

§ 12. Date of entitlement to salary increase. Notwithstanding the
provisions of this act or of any other law, the increase in salary or
compensation of any officer or employee provided by this act shall be
added to the salary or compensation of such officer or employee at the
beginning of that payroll period the first day of which is nearest to
the effective date of such increase as provided in this act, or at the
beginning of the earlier of two payroll periods the first days of which
are nearest but equally near to the effective date of such increase as
provided in this act, provided, however, that for the purposes of deter-
mining the salary of such officer or employee upon reclassification,
redeployment, appointment, promotion, transfer, demotion, reinstatement
or other change of status, such salary increase shall be deemed to be
effective on the date thereof as prescribed in this act, and the payment
thereof pursuant to this section on a date prior thereto, instead of on
such effective date, shall not operate to confer any additional salary
rights or benefits on such officer or employee.

§ 13. 1. Notwithstanding the provisions of any other section of this
act or any other provision of law to the contrary, any increase in
compensation, including any lump sum payment, provided: (a) in this act, or (b) as a result of a promotion, appointment, or advancement to a position in a higher salary grade, or (c) pursuant to paragraph (c) of subdivision 6 of section 131 of the civil service law, or (d) pursuant to paragraph (b) of subdivision 8 of section 130 of the civil service law, or (e) pursuant to paragraph (a) of subdivision 3 of section 13 of chapter 732 of the laws of 1988, as amended, may be withheld in whole or in part from any officer or employee when, in the opinion of the director of the budget, such withholding is necessary to reflect the job performance of such officer or employee, or to maintain appropriate salary relationships among officers or employees of the state, or to reduce state expenditures to acceptable levels or when, in the opinion of the director of the budget, such increase is not warranted or is not appropriate.

2. Notwithstanding the provisions of any other section of this act, the salary increases and lump sum payments provided for in this act shall not be implemented until the director of the budget delivers notice to the comptroller that such amounts may be paid.

3. Notwithstanding the provisions of any other section of this act or any other provisions of law, for state officers and employees in the executive branch who are in positions which are not in collective negotiating units, the director of the budget shall have the authority to devise and implement a plan to reduce the basic annual salary, hourly rate or per diem of any such employee for the time and by the rate established by such plan for the time period specified in such plan. Such plan shall contain salary schedules appropriate for the plan and such other provisions necessary for the implementation and continued execution of the plan for the period established by the plan. After the cessation of such plan, the salary, rate or per diem shall be restored to the amount in effect immediately before the commencement of such plan.

§ 14. The several amounts as hereinafter set forth, or so much thereof as may be necessary, are hereby appropriated from the fund so designated for use by any state department or agency for the fiscal year beginning April 1, 2011 to supplement appropriations from each respective fund available for personal service, other than personal service and fringe benefits, and to carry out the provisions of this act. No money shall be available for expenditure from this appropriation until a certificate of approval has been issued by the director of the budget and a copy of such certificate or any amendment thereto has been filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

AN ACT to amend the retirement and social security law and the tax law, in relation to the treatment of member contributions in accordance with the provisions of the Internal Revenue Code

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The retirement and social security law is amended by adding a new section 1204-a to read as follows:

§ 1204-a. Pick up of member contributions by employer. a. Notwithstanding any other provision of law, each participating employer shall pick up the member contributions required to be made under section twelve hundred four of this article by its employees and shall do so by reducing the salary of each of its employees to which this section is applicable by that amount which each such employee is required to contribute under section twelve hundred four of this article. The contributions so picked up shall be paid by each participating employer in lieu of the member contributions to be paid by its employees under this section and shall be treated as employer contributions in determining income tax treatment under section 414(h) of the Internal Revenue Code. With the exception of federal income tax treatment, the member contributions picked up pursuant to this subdivision shall for all other purposes, including computation of retirement benefits and contributions by employers and employees, be deemed employee salary.

b. Any employee (subject to this article) of a participating employer who, in lieu of joining a public retirement system of the state, elected an optional retirement program to which their employers are thereby required to contribute shall, in order for the provisions of this subdivision to apply, be required to execute a salary reduction agreement (in accordance with the regulations promulgated under section 403(b) of the Internal Revenue Code) in an amount equal to the employee contributions.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
which would otherwise be mandatory under the provisions of state law. With the exception of federal income tax treatment, the employee contributions picked up or paid pursuant to this subdivision shall for all other purposes, including computation of retirement benefits and contributions by employers and employees, be deemed employee salary. Nothing contained in this subdivision shall be construed as superseding any provision of law which limits the salary base for computing retirement benefits payable by a public retirement system.

§ 2. Paragraph 4 of subdivision f of section 517 of the retirement and social security law, as amended by chapter 783 of the laws of 1988, is amended to read as follows:

4. The provisions of this subdivision [f] shall not apply to a police/fire member who is a member of either the New York city police pension fund or the New York city fire department pension fund or a member of the New York city employees' retirement system who is a member of the uniformed correction force or of the uniformed force of the department of sanitation, as defined in subdivisions thirty-nine and sixty-two of section 13-101 of the administrative code of the city of New York.

§ 3. Paragraph 26 of subsection (b) of section 612 of the tax law, as amended by chapter 681 of the laws of 1992, is amended to read as follows:

(26) The amount of member or employee contributions to a retirement system or pension fund picked up or paid by the employer pursuant to subdivision f of section five hundred seventeen [or section twelve hundred four-a], subdivision d of section six hundred thirteen or section twelve hundred fourteen-a of the retirement and social security law or section 13-225.1, 13-327.1, 13-125.1, 13-125.2 or 13-521.1 of the administrative code of the city of New York or subdivision nineteen of section twenty-five hundred seventy-five of the education law.

§ 4. Subparagraph (B) of paragraph 2 of subsection (b) of section 671 of the tax law, as amended by chapter 312 of the laws of 1997, is amended to read as follows:

(B) Any member or employee contributions to a retirement system or pension fund picked up by the employer pursuant to subdivision f of section five hundred seventeen [or section twelve hundred four-a], subdivision d of section six hundred thirteen or section twelve hundred fourteen-a of the retirement and social security law or section 13-225.1, 13-327.1, 13-125.1, 13-125.2 or 13-521.1 of the administrative code of the city of New York or subdivision nineteen of section twenty-five hundred seventy-five of the education law and any member or employee contributions to a retirement system or pension fund picked up or paid by the employer for members of the Manhattan and Bronx surface transportation authority pension plan and treated as employer contributions in determining income tax treatment under section 414(h) of the Internal Revenue Code.

§ 5. Subsection (c) of section 1 of subsection (c) of section 1340 of the tax law, as amended by chapter 312 of the laws of 1997, is amended to read as follows:

(c) Wages. Wages shall mean wages as defined in subsection (a) of section thirty-four hundred one of the internal revenue code, except that (1) wages shall not include payments for active service as a member of the armed forces of the United States and shall not include, in the case of a nonresident individual or partner of a partnership doing an insurance business as a member of the New York insurance exchange described in section six thousand two hundred one of the insurance law, any item of income, gain, loss or deduction of such business which is
such individual's distributive or pro rata share for federal income tax purposes or which such individual is required to take into account separately for federal income tax purposes and (2) wages shall include (i) the amount of member or employee contributions to a retirement system or pension fund picked up by the employer pursuant to subdivision f of section five hundred seventeen or subdivision d of section six hundred thirteen or section twelve hundred four-a of the retirement and social security law or section 13-225.1, 13-327.1, 13-125.1, 13-125.2 or 13-521.1 of the administrative code of the city of New York or subdivision nineteen of section twenty-five hundred seventy-five of the education law, (ii) the amount deducted or deferred from an employee's salary under a flexible benefits program established pursuant to section twenty-three of the general municipal law or section one thousand two hundred ten-a of the public authorities law, (iii) the amount by which an employee's salary is reduced pursuant to the provisions of subdivision b of section 12-126.1 and subdivision b of section 12-126.2 of the administrative code of the city of New York, and (iv) the amount of member or employee contributions to a retirement system or pension fund picked up or paid by the employer for members of the Manhattan and Bronx surface transportation authority pension plan and treated as employer contributions in determining income tax treatment under section 414(h) of the Internal Revenue Code.

§ 6. Nothing contained in this act shall be construed to create any contractual right with respect to members and employees to which it applies. The provisions of this act are intended to afford members and employees the advantages of certain benefits contained in the Internal Revenue Code, and the effectiveness and existence of this act and the benefits it confers are completely contingent thereon.

§ 7. This act shall take effect at the beginning of the first payroll period following sixty days after the retirement system covered by this act shall receive an Internal Revenue Service ruling stating that the employee contributions covered by this act are not includible in the gross income of the employee until distributed or made available to the employee and shall remain in full force and effect only as long as such treatment of such employee contributions is authorized pursuant to the provisions of the Internal Revenue Code; provided that the state comptroller shall notify the legislative bill drafting commission upon the occurrence of such ruling and upon any change in the provisions of the Internal Revenue Code affecting the provisions of this act in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effecting the provisions of section 44 of the legislative law and section 70-b of the public officers law; provided further, however, that the amendments to subdivision f of section 517 of the retirement and social security law, paragraph 26 of subsection (b) of section 612, subparagraph (B) of paragraph 2 of subsection (b) of section 671 and subsection (c) of section 1 of subsection (c) of section 1340 of the tax law made by sections two, three, four and five of this act shall not affect the expiration of such provisions and shall be deemed to expire therewith.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would require participating employers to pick up, within the meaning of section 414(h) of the Internal Revenue Code, the 3% contributions required of Tier 5 members of the New York State and Local Police and Fire Retirement System. The pick up of contributions shall be made by a reduction in each affected member's salary by an amount equal to
the member's required contributions. The picked up contributions would not be includable in the gross income for income tax purposes but shall be deemed employee salary for all other purposes.

If this bill is enacted, we anticipate that there will be small administrative costs.

This estimate, dated April 6, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note Number 2011-164 prepared by the Actuary for the New York State and Local Police and Fire Retirement System.

teenth, two thousand five as a result of injuries, disease or other
§ 30. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would require that public retirement systems comply with the federal Heroes Earnings Assistance and Relief Tax Act (HEART Act). This would expand the criteria in current law for receiving such accidental death benefits from dying in "active duty" to "uniformed services".

If this legislation is enacted, we anticipate that there would be few individuals affected, as most are already eligible under the "active duty" criteria.

Insofar as this legislation would affect the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS), it would lead to more deaths being classified as "accidental". For each death classified as accidental due to this bill, the cost would depend on the age, service, salary and plan of the affected member. It is estimated that there would be per person one-time costs of approximately three (3) times salary for members in the ERS, and twelve (12) times salary for members in the PFRS. These costs would be borne by the State of New York and all the participating employers in the ERS and the PFRS.

This estimate, dated April 7, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-165 prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would amend the Education Law and the Retirement and Social Security Law to enable the New York State Teachers' Retirement System to provide death benefits in compliance with the Federal Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART Act). The criteria used in determining eligibility for death benefits under the current law would be expanded from dying in "active duty" with the Armed Forces of the United States to include dying while in "service in the uniformed services". The death benefit payable would be the accidental death benefit.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.

The source of this estimate is Fiscal Note 2011-46 dated May 4, 2011 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2011 Legislative Session.

AN ACT to authorize the county of Broome to offer an optional twenty year retirement plan to deputy sheriffs Richard Merrell and Frederick Akshar

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law to the contrary, the county of Broome, a participating employer in the New York state and local employees' retirement system, which previously elected to offer the optional twenty year retirement plan, established pursuant to section 552 of the retirement and social security law, to sheriffs, under-sheriffs and deputy sheriffs employed by such county, is hereby authorized to make participation in such plan and benefits available to Richard Merrell and Frederick Akshar, deputy sheriffs employed by the county of Broome, who, for reasons not ascribable to their own negligence, failed to make a timely application to participate in such optional twenty year retirement plan. The county of Broome may so elect by filing with the state comptroller, on or before December 31, 2011, a resolution of its local legislative body together with certification that such deputy sheriffs did not bar themselves from participation in such retirement plan as a result of their own negligence. Thereafter, such deputy sheriffs may elect to be covered by the provisions of section 552 of the retirement and social security law, and shall be entitled to the full rights and benefits associated with coverage under such section, by filing a request to that effect with the state comptroller on or before June 30, 2012.

§ 2. All employer "past service" costs associated with implementing the provisions of this act shall be borne by the county of Broome.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
§ 3. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law, Section 50:
This bill would allow Broome County to reopen the provisions of Section 552 of the Retirement and Social Security Law for deputy sheriffs Richard Merrell and Frederick Akshar.

If this legislation is enacted during the 2011 legislative session, we anticipate that there would be an increase of approximately $13,400 in the annual contributions of Broome County for the fiscal year ending March 31, 2012.

In addition to the annual contributions discussed above, there would be an immediate past service cost of approximately $23,300, which would be borne by Broome County as a one-time payment. This estimate is based on the assumption that payment would be made on February 1, 2012.

This estimate, dated June 14, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-205, prepared by the Actuary for the New York State and Local Employees' Retirement System.

In addition to the annual contributions discussed above, in future years when Tompkins County appoints any investigator with previous creditable service into one of these investigator titles, there will be an immediate past service cost which will depend on the salary, plan, age and length of past service of the investigators as of the date they become covered under such plan. These costs will be borne by Tompkins County and amortized over a period of ten (10) years.

VETO MESSAGE - No. 48

TO THE SENATE:

I am returning herewith, without my approval, the following bill:

Senate Bill Number 5804, entitled:

"AN ACT to amend the retirement and social security law, in relation to service retirement benefits for persons engaged in criminal law enforcement and employed in the office of district attorney of Tompkins county"

NOT APPROVED

This bill would allow certain employees of the Tompkins County District Attorney's Office to participate in a special retirement plan to receive a half-pay pension upon completing twenty-years of service, regardless of age, as well as an additional 1/60th of salary for each year of service in excess of 20 years.

This proposed legislation would create an enhanced pension benefit that would result in increased employer pension costs. In June of this year, I submitted pension reform legislation which would create a new pension tier to reduce costs to local governments. This bill, if signed into law, would create a new pension benefit for certain employees and would be inconsistent with the intent and reforms contained in the legislation I submitted.

My disapproval of this bill does not reflect on the hard work of the employees at the Tompkins County District Attorney's Office. However, we must reform the pension system in a manner that will generate necessary savings balanced with protecting our retirees, not enhance a system that is already unsustainable.

The bill is disapproved. (signed) Andrew M. Cuomo

Introduced by COMMITTEE ON RULES -- read twice and ordered printed, and when printed to be committed to the Committee on Rules

AN ACT to amend the racing, pari-mutuel wagering and breeding law, in relation to provision of health insurance and supplemental benefits to retirees of the New York city off track betting corporation

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The state of New York has an interest in the welfare of its citizens, and the general welfare of its senior citizens is a matter of great public concern to the state of New York. On December 7, 2010, the New York City Off Track Betting Corporation, a public benefits corporation created in 1973 pursuant to article VI of the racing, pari-mutual wagering and breeding law ceased operations. The legislature finds that, since its inception, New York City Off Track Betting provided the state of New York with significant revenues to support government operations. The legislature further finds that after the governor of the state of New York issued an executive order to allow the New York City Off Track Betting Corporation to file for bankruptcy pursuant to Chapter 9 of the United States Bankruptcy Code, the unions representing the employees of NYCOTB worked tirelessly to assist the corporation in its restructuring efforts, including two collective bargaining agreements wherein the employees made significant concessions, including voluntary separation from the corporation, in order to save the corporation and assist their fellow employees.

The legislature further finds that employees retired from the corporation, after having received the assurance that they and their dependents would receive health insurance and supplemental benefit coverage under their collective bargaining representative's welfare benefit program. After the closure of New York City Off Track Betting, those benefits ceased.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ - ] is old law to be omitted.

LBD09353-01-1
The legislature further finds that cessation of these benefits to public employees who have devoted their working lives to service of a New York state public benefits corporation works a great injustice and a severe hardship to the retirees and their dependants, thereby putting their health and very lives in danger.

The legislature further finds that by honoring the commitment to provide health insurance and supplemental benefits to retirees of New York City Off Track Betting, the state reaffirms its commitment to ameliorate the deleterious impact which the closure of New York City Off Track Betting has had upon the citizens of the state of New York.

§ 2. Subdivision 4 of section 606 of the racing, pari-mutuel wagering and breeding law, as amended by chapter 115 of the laws of 2008, is amended to read as follows:

4. All employees and officers present and future retirees corporation in classes or positions whose incumbents, in equivalent classes or positions of the city, are eligible, as of the effective date hereof, to participate in, and receive benefits from any city authorized health insurance or welfare benefit program, shall be eligible to participate in, and receive benefits from any such health insurance or welfare benefit program; provided, however, that the corporation state shall reimburse the city or its designee for the actual cost of benefits under this subdivision.

§ 3. This act shall take effect immediately.

VETO MESSAGE - No. 62

TO THE ASSEMBLY:

I am returning herewith, without my approval, the following bill:

Assembly Bill Number 5785, entitled:

"AN ACT to amend the racing, pari-mutuel wagering and breeding law, in relation to provision of health insurance and supplemental benefits to retirees of the New York city off track betting"

NOT APPROVED

This bill would require New York State to reimburse New York City for the actual cost of health insurance and welfare benefit programs to be provided to several hundred retirees of New York City's Off Track Betting Corporation ("OTB"). These employees received health insurance and welfare benefits through New York City's employee health insurance plan. As a result of OTB's bankruptcy, however, OTB's retirees, who had expected that these vital benefits would be provided to them upon retirement, were left out in the cold and unprotected. I understand that several hundred retirees may not have health insurance that they worked hard for and that time is of the essence.

However, this bill is flawed because it contains no appropriation authority for any sums to effectuate this program of reimbursement. Without such authority, the State cannot implement this legislation.

The bill is disapproved.                          (signed) Andrew M. Cuomo

AN ACT to amend the administrative code of the city of New York, in relation to the effect of discharge or dismissal of a police officer or firefighter with twenty years of creditable retirement service

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The administrative code of the city of New York is amended by adding a new section 13-256.1 to read as follows:

§ 13-256.1 Discharge or dismissal. a. Notwithstanding any other provision of law, when a member has attained at least twenty years of creditable police service in the retirement system, the discharge or dismissal from employment of such person shall not preclude such person from receiving any rights or benefits to which he or she shall otherwise be entitled as a member or retired member of the retirement system nor upon retirement shall his or her benefits be in any way diminished as a result of such discharge or dismissal. Such member shall be deemed to be retired on the date of his or her discharge or dismissal from service for purposes of determining his or her rights and benefits as a member of the retirement system.

b. Notwithstanding anything to the contrary in subdivision a of this section, a member, other than a member to which article fourteen of the retirement and social security law is applicable, that has attained at least twenty years of creditable service in the retirement system shall forfeit the retirement benefits to which the member would otherwise be entitled if the member is convicted under the laws of the state of New York of a felony, or under the laws of another state or of the United States of an offense or crime which, if committed in the state of New York, would be a felony.

c. Nothing in this section shall be construed to in any way modify or affect the rights or benefits of any member of the retirement system to

§ 2. The administrative code of the city of New York is amended by adding a new section 13-361.1 to read as follows:

§ 13-361.1 Discharge or dismissal. a. Notwithstanding any other provision of law, when a member has attained at least twenty years of creditable fire uniformed force service in the retirement system, the discharge or dismissal from employment of such person shall not preclude such person from receiving any rights or benefits to which he or she shall otherwise be entitled as a member or retired member of the retirement system nor upon retirement shall his or her benefits be in any way diminished as a result of such discharge or dismissal. Such member shall be deemed to be retired on the date of his or her discharge or dismissal from service for purposes of determining his or her rights and benefits as a member of the retirement system.

b. Notwithstanding anything to the contrary in subdivision a of this section, a member, other than a member to which article fourteen of the retirement and social security law is applicable, that has attained at least twenty years of creditable service in the retirement system shall forfeit the retirement benefits to which the member would otherwise be entitled if the member is convicted under the laws of the state of New York of a felony, or under the laws of another state or of the United States of an offense or crime which, if committed in the state of New York, would be a felony.

c. Nothing in this section shall be construed to in any way modify or affect the rights or benefits of any member of the retirement system to which article fourteen of the retirement and social security law is applicable.

§ 3. This act shall take effect immediately.

AN ACT to amend the education law, in relation to the right of vested members to withdraw from the New York state teachers' retirement system

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 512 of the education law is amended by adding a new subdivision g to read as follows:

   g. Notwithstanding any other provision of law to the contrary, any member of the retirement system subject to article fourteen or fifteen of the retirement and social security law who has permanently ceased teaching shall have the right to elect the return of his or her accumulated contributions and thereby terminate his or her membership in the retirement system without regard to the amount of service to his or her credit, provided a public employee retirement system in another state has certified in a manner satisfactory to the system that such member is a member of such other retirement system, has at least five years of retirement credit in such other system, and is eligible, upon the termination of his or her membership in the system, to obtain retirement credit in such other retirement system for the service which has been credited to his or her membership in the system. Upon refund of such accumulated contributions, any and all obligations of the retirement system to such member shall be totally discharged. The retirement board is authorized to adopt such rules and regulations as may be necessary to implement this subdivision.

2 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend Section 512 of the Education Law to allow any member of the New York State Teachers' Retirement System (NYSTRS) to withdraw from the system.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
subject to Article 14 or 15 of the Retirement and Social Security Law who has permanently ceased teaching to elect to receive a refund of their accumulated member contributions and thereby terminate membership in the NYSTRS provided he or she is a member of another state's retirement system, has at least five years of service credit in such system and is eligible to obtain retirement credit for this service in the other retirement system. All rights to any future benefits from the NYSTRS would be forfeited. Currently, members who cease teaching and have greater than 10 years of service credit do not have the option of electing to receive their accumulated member contributions in lieu of a monthly benefit at retirement. In the vast majority of cases, the present value of the retirement benefit is much greater than the value of the accumulated member contributions.

The annual cost to the employers of members of the New York State Teachers' Retirement System is estimated to be negligible if this bill is enacted.

The source of this estimate is Fiscal Note 2011-3 dated September 24, 2010 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2011 Legislative Session.
STATE OF NEW YORK

IN SENATE

February 18, 2011

Introduced by Sen. GOLDEN -- (at request of the New York State Teachers' Retirement System) -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the retirement and social security law, in relation to increasing to ten percent the amount of assets of the New York state teachers' retirement system which may be invested in real property

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph (e) of subdivision 6 of section 177 of the retirement and social security law, as amended by chapter 560 of the laws of 1997, is amended to read as follows:

(e) Such real property, other than property to be used primarily for agricultural, horticultural, ranch, mining, recreational, amusement or club purposes, as may be acquired, as an investment for the production of income (including capital appreciation), or as may be acquired to be improved or developed for such investment purpose pursuant to an existing program therefor, subject to the following limitations: (1) the cost of each parcel of real property so acquired under the authority of this subdivision, including the estimated cost to the fund of the improvement or development thereof, when added to the value of all other real property then held by it pursuant to this subdivision, shall not exceed ten per cent of its assets, and (2) the cost of each parcel of real property acquired under the authority of this subdivision, including the estimated cost to the fund of the improvement or development thereof, shall not exceed two per cent of the fund's assets.

§ 2. Subdivision 6 of section 177 of the retirement and social security law is amended by adding a new paragraph (f) to read as follows:

(f) Notwithstanding any other provision of this article, for the purposes of this subdivision, an investment in an entity that invests or proposes to invest, directly or indirectly through one or more other entities, at least a majority of its assets in (1) any interest in real

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
property of any kind or character as an investment for the production of income (including capital appreciation), or (2) debt instruments secured by any interest in real estate may be considered an investment in real estate pursuant to this subdivision and included in the assets subject to the ten percent limitation of paragraph (e) of this subdivision.

§ 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would amend subdivision 6 of section 177 of the Retirement and Social Security Law to increase the percentage of assets of the New York State Teachers' Retirement System (NYSTRS) which may be invested in real estate from five to ten percent. Additionally, this bill would add a new paragraph f to subdivision 6 of section 177 to allow NYSTRS to classify, at the System's election, real estate oriented funds or partnerships as a real estate asset for investment purposes.

It is estimated that there will be no annual cost to the employers of members of the New York State Teachers' Retirement System if this bill is enacted.

The source of this estimate is Fiscal Note 2011-4 dated September 24, 2010 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2011 Legislative Session.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
PROVISIONS OF PROPOSED LEGISLATION: with respect to the New York City Retirement Systems ("NYCRS"), this proposed legislation would amend Retirement and Social Security Law ("RSSL") Section 177.6(e) and add Section 177.6(f) to permit an increase to 10% the maximum percentage of NYCRS assets that could be invested in real property investments and to define certain investments as investments in real estate subject to the Section 177.6(e) limitations.

The Effective Date of the proposed legislation would be the date of enactment.

IMPACT ON REAL PROPERTY INVESTMENTS: Currently, with certain exceptions and limitations, the investments of the NYCRS in real properties as defined in the law may not exceed 5% of Fund assets and such properties must be for production of investment income.

The proposed legislation, if enacted, would increase such real property investment limitation to 10% of Fund assets on and after the Effective Date.

In addition, the proposed legislation would include capital appreciation within the definition of production of income from real property investments.

Further, for purposes of categorizing those investments that are to be considered real property investments, the proposed legislation would permit the inclusion of:

1. Any investment in an entity that invests or proposes to invest directly or indirectly at least a majority of its assets in any interest in real property of any kind or character, or

2. Debt instruments secured by any interest in real estate.

FINANCIAL IMPACT - EMPLOYER CONTRIBUTIONS: With respect to the NYCRS, the enactment of this proposed legislation would not, in and of itself, result in any change in employer contributions.

The ultimate cost of a Retirement Program is the benefits it pays. The financing of that ultimate cost is provided by contributions and investment income.

Investment income depends upon the amount of assets of the respective NYCRS Fund and the rate of return received on those assets. The rate of
return depends to a large extent upon the asset allocation policy of the respective NYCRS Fund.

To the extent that the NYCRS increase their investments in the securities authorized by this proposed legislation and those securities produce greater (lesser) rates of return than the rates of return that the NYCRS would otherwise have achieved, then employer contributions to the NYCRS would be lesser (greater).

STATEMENT OF ACTUARIAL OPINION I, Robert C. North, Jr., am the Chief Actuary for the New York City Retirement Systems. I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2011 Legislation Session. It is Fiscal Note 2011-01, dated August 16, 2010, prepared by the Chief Actuary for the New York City Retirement Systems.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill would amend the Retirement and Social Security Law to increase the percentage of assets of the eight (8) public retirement systems of New York State which may be invested in real estate from 5 to 10 percent. It would also allow such Systems to elect to classify real estate oriented funds or partnerships as a real estate asset for investment purposes.

If this bill is enacted, insofar as this bill affects the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, we assume that there would be small investment changes. Any increases or decreases in investment earnings will result in decreases or increases, respectively, in employer contributions. Annual changes in assets will be shared by all employers and will be spread over the future working lifetimes of active members.

This estimate, dated January 7, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-83 prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

Vetoed Legislation Affecting Other New York Public Retirement System
STATE OF NEW YORK

2011-2012 Regular Sessions

IN SENATE

March 16, 2011

Introduced by Sen. GOLDEN -- read twice and ordered printed, and when printed to be committed to the Committee on Education -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the education law and the the general municipal law, in relation to allowing school districts the option of amortizing future payments to the New York state teachers' retirement system

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 521 of the education law is amended by adding a new subdivision 3 to read as follows:

3. Notwithstanding any other provision of law to the contrary, the governing board of an employer may elect to provide for the financing of a certain portion of the contributions due from such employer pursuant to this section on account of pensionable compensation paid by such employer during the plan years July first, two thousand eleven through June thirtieth, two thousand twelve and July first, two thousand twelve through June thirtieth, two thousand thirteen in accordance with the following provisions.

a. Such employer shall have the authority to adopt a bond resolution authorizing the financing of the payment of a portion of the contributions due from such employer on account of pensionable compensation paid by such employer in such plan years by the issuance of bonds without conducting a vote on a tax to be collected in installments not extending beyond fifteen years, provided the issuance of such obligations otherwise complies with the requirements of the local finance law and this chapter and provided further the amount of bonds issued pursuant to this authority shall not in the aggregate exceed one hundred twenty-five per centum of the contributions due from such employer on account of pensionable compensation paid during the plan year July first, two thousand ten through June thirtieth, two thousand eleven.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [ ] is old law to be omitted.
b. The proceeds of such bond issuance shall be deposited by such employer in a retirement contribution reserve account established pursuant to section six-r of the general municipal law and shall be applied to offset those contributions due from such employer to the system on account of pensionable compensation paid during the plan years July first, two thousand eleven through June thirtieth, two thousand twelve and July first, two thousand twelve through June thirtieth, two thousand thirteen and paid to the system from the appropriation for the support of common schools pursuant to this section as follows:

(i) so much of such proceeds shall be applied to offset the contributions due from such employer on account of pensionable compensation paid by such employer during the plan year July first, two thousand eleven through June thirtieth, two thousand twelve and paid to the system from the appropriation for the support of common schools pursuant to this section, but in no event shall the offset exceed the amount by which the contribution obligation of such employer exceeds eight and sixty-two one hundredths per centum of such pensionable compensation; and

(ii) the remainder of such proceeds, if any shall be applied to offset the contributions due from such employer on account of pensionable compensation paid by such employer during the plan year July first, two thousand twelve through June thirtieth, two thousand thirteen and paid to the system from the appropriation for the support of common schools pursuant to this section, but in no event shall the offset exceed the amount by which the contribution obligation of such employer exceeds eight and sixty-two one hundredths per centum of such pensionable compensation; and

(iii) any balance of such proceeds, if any remaining after the actions prescribed in subparagraphs (i) and (ii) of this paragraph shall be applied to offset the contributions due from such employer on account of pensionable compensation paid by such employer during the plan year July first, two thousand thirteen through June thirtieth, two thousand fourteen, used to offset debt resulting from this bond issuance or pay future employer pension contributions.

§ 2. Paragraphs b and c of subdivision 1 of section 6-r of the general municipal law, as added by chapter 260 of the laws of 2004, are amended to read as follows:

b. "Participating employer" means a participating employer as defined in subdivision twenty of section two of the retirement and social security law or in subdivision twenty of section three hundred two of such law or an employer as defined in subdivision three of section five hundred one of the education law.

c. "Retirement contribution" shall mean all or any portion of the amount payable by a municipal corporation to either the New York state and local employees' retirement system or the New York state and local police and fire retirement system pursuant to section seventeen or three hundred seventeen of the retirement and social security law or to the New York state teachers' retirement system pursuant to sections five hundred seventeen and five hundred twenty-one of the education law.

§ 3. Section 6-r of the general municipal law is amended by adding a new subdivision 11 to read as follows:

11. A participating employer which has deposited the proceeds of a bond issuance authorized pursuant to subdivision three of section five hundred twenty-one of the education law is authorized to withdraw such proceeds when but only to the extent such proceeds have been offset
§ 4. This act shall take effect immediately.

FISCAL NOTE.—Pursuant to Legislative Law, Section 50:

This bill would amend Section 521 of the Education Law to allow the governing board of a participating employer of the New York State Teachers' Retirement System to finance a certain portion of the contributions due from such employer on account of pensionable compensation paid by such employer during the two plan years July 1, 2011 through June 30, 2012 and July 1, 2012 through June 30, 2013. An employer will have the authority to adopt a bond resolution authorizing the financing of these contributions over a period not to extend beyond fifteen years. The amount of such bonds shall not exceed 125% of the contributions due from such employer on account of pensionable compensation paid during the plan year July 1, 2010 through June 30, 2011. The proceeds of such bond issuance shall be deposited by an employer in a retirement contribution reserve account and shall be applied to offset contributions due from such employer to the System on account of pensionable compensation paid during the plan years July 1, 2011 through June 30, 2012 and July 1, 2012 through June 30, 2013. In no event shall the offset exceed the amount by which the contribution obligation of such employer exceeds 8.62% of such pensionable compensation paid during the applicable plan years. Any remaining balance of such proceeds shall be applied to offset the contributions due from such employer on account of pensionable compensation paid by such employer during the plan year July 1, 2013 through June 30, 2014, used to offset debt resulting from the bond issuance or pay future employer pension contributions.

It is estimated that there will be no annual cost to the employers of members of the New York State Teachers' Retirement System, with respect to additional employer contributions to the System, if this bill is enacted. The annual actuarially required employer contributions will continue to be paid in full and on time to the Retirement System as provided under current law. However, there will be bond-related expenses to employers who elect to finance a portion of employer contributions through the issuance of bonds.

The source of this estimate is Fiscal Note 2011-08 dated February 8, 2011 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2011 Legislative Session.
TO THE SENATE:

I am returning herewith, without my approval, the following bill:

Senate Bill Number 4067-A, entitled:

"AN ACT to amend the education law and the general municipal law, in relation to allowing school districts the option of amortizing future payments to the New York state teachers' retirement system"

NOT APPROVED

This bill would allow school districts to borrow by selling bonds to pay for employer pension costs to the New York State Teachers' Retirement System without voter approval. In particular, the bill would authorize the governing boards of school districts located outside New York City to elect to finance a portion of their current pension contributions for plan years 2011-12, 2012-13, 2013-14 and potentially thereafter. Under the bill, the amount of such borrowing could not exceed 125% of the aggregate contribution due from each district for the 2010-11 plan year.

When I took office earlier this year, I made a firm commitment to the people of this State that the days of irresponsible fiscal practices are over. I pledged to put an end to the unsustainable spending and rampant borrowing that has burdened New Yorkers with some of the highest property and school taxes in the nation. To that end, this year, with the help of the Legislature, we enacted historic and landmark legislation to cap local property and school taxes and reduce unfunded mandates on local governments.

This bill, if signed into law, would not only undermine the historic reforms we have achieved this session, but would also breach the trust placed in me by the people of this State. Indeed, this legislation would burden local property taxpayers and businesses -- both current and future -- with up to 15 years of long-term debt without their approval. Instead of cutting spending, this bill would enable school districts to borrow to meet current expenses, forcing taxpayers in the future to repay amounts significantly higher than what was originally borrowed. New York taxpayers and businesses can ill afford these imprudent fiscal practices which will unquestionably result in several more years of unsustainable tax increases.

While I am disapproving this bill today, I am cognizant of the challenges facing local governments and pledge to work closely with localities, including school districts, to reduce costs, relieve the burden on property taxpayers and maintain the highest possible quality of services for all New Yorkers.

The bill is disapproved.                    (signed) Andrew M. Cuomo
AN ACT to amend the retirement and social security law, in relation to
permitting Triborough bridge and tunnel members of the twenty-year/age
fifty retirement program who have incurred contribution deficiencies
to defer full repayment until 2015

The People of the State of New York, represented in Senate and Assembly,
do enact as follows:

1 Section 1. Paragraph 7-a of subdivision e of section 604-c of the
2 retirement and social security law, as amended by chapter 693 of the
3 laws of 2003, is amended to read as follows:
4 7-a. Notwithstanding paragraph six or seven of this subdivision, where
5 a deficiency chargeable to a participant pursuant to paragraph three of
6 this subdivision has not been paid in full while the participant is a
7 Triborough bridge and tunnel member and such participant retires prior
8 to July first, two thousand [eleven] fifteen, such participant may elect
9 to be covered by this paragraph. Such participant shall be entitled to
10 the benefits provided in subdivision c of this section provided that
11 participant authorizes the retirement system to deduct from such bene-
12 fits an amount which will result in the deficiency, plus associated
13 interest to date of final payment, being paid in full no later than July
14 first, two thousand [eleven] fifteen or such earlier date as agreed to
15 by the participant. Such amount will be deducted in equal installments
16 on a monthly basis. Nothing in this paragraph shall prevent the partic-
17 ipant from making a partial payment of the amount of the deficiency at
18 the time of retirement so as to reduce the monthly payment nor to make a
19 lump sum payment equal to the amount of the total unpaid balance at any
20 time during the period of repayment.
21 § 2. This act shall take effect immediately.

FISCAL NOTE.--PROVISIONS OF PROPOSED LEGISLATION: This proposed legis-
lation would amend Retirement and Social Security Law ("RSSL") Section

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.
S. 5756

604-c.e.7(a) to extend from June 30, 2011 to June 30, 2015 the right for the Triborough Bridge and Tunnel Authority ("TBTA") employee participating in the TBTA Age 50 20 Years of Service Plan ("TBTA 50/20 Plan") to retire with an Additional Member Contribution ("AMC") deficiency.

The Effective Date of the proposed legislation would be the date of enactment.

MEMBERS IMPACTED BY THE PROPOSED LEGISLATION: The proposed legislation would cover active members of NYCERS ("Covered Members") who are participating in the TBTA 50/20 Plan and who elect to retire between July 1, 2011 and June 30, 2015.

IMPACT ON BENEFITS PAYABLE: Under current law, Covered Members who retire prior to July 1, 2011 are permitted to retire with an AMC deficiency and repay that deficiency during retirement no later than July 1, 2011.

The proposed legislation would extend the July 1, 2011 date of this provision to July 1, 2015.

FINANCIAL IMPACT - OVERVIEW: The ultimate cost of this proposed legislation depends on how many active TBTA 50/20 Plan participants choose to retire between July 1, 2011 and June 30, 2015 and, if so, whether they have, and choose not to pay off, any AMC deficiencies.

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: Under current practice actuarial gains or losses attributable to TBTA 50/20 Plan participants who retire with an AMC deficiency are not determined until after retirement.

Following retirement, if a TBTA 50/20 Plan participant retires with an AMC deficiency, the actuarial gain or loss is represented by the difference between the amount earned by the lesser amount of Plan assets (due to paying the full benefit amounts without accounting for the AMC deficiency) versus the interest amounts paid on the AMC deficiency.

Overall, this impact is expected to be modest and the impact on annual employer contributions is expected to be minor.

If enacted on or before June 30, 2011, this proposed legislation would be expected to change employer contributions to NYCERS beginning Fiscal Year 2014 after Covered Members retire during Fiscal Year 2012.

If enacted during the 2011 Legislative Session after June 30, 2011 but on or before December 31, 2011, this proposed legislation would also first impact employer contributions to NYCERS beginning Fiscal Year 2014.

FINANCIAL IMPACT - POTENTIAL CHANGES IN ACTUARIAL ASSUMPTIONS AND METHODS: The impact of enactment of the proposed legislation provided in this Fiscal Note has been based on the continued use of certain current actuarial assumptions and methods.

However, this set of actuarial assumptions and methods do not represent the only possible approach for funding NYCERS.

Historically, actuarial assumptions and methods have been reviewed on average every five years in connection with an actuarial experience study mandated by New York City Charter Section 96.

Following this review, the Actuary generally proposes changes in actuarial assumptions and methods that he believes are appropriate and reasonably related to such experience period and future expectations.

The next such review is anticipated during Fiscal Year 2012 at which time the Actuary is likely to propose new packages of actuarial assumptions and methods to be effective for use in determining employer contributions beginning Fiscal Year 2012.

It is anticipated that whatever new actuarial assumptions are recommended by the Actuary are likely to result in increased APVB and employer
costs as the current actuarial assumptions no longer represent the Actuary's best estimates.

Note: The Actuary has not yet committed to any particular actuarial assumptions or methodology for determining employer costs and employer contributions in connection with the upcoming, experience review of actuarial assumptions and methods.

OTHER COSTS: The enactment of this proposed legislation would also be expected to result in minor increases in administrative expenses of NYCERS, the employer and certain New York City agencies.

CENSUS DATA: As of June 30, 2010, census data consisted of 891 TBTA 50/20 Plan participants of NYCERS with annual salaries of approximately $62.3 million.

The subset of Covered Members who are potentially affected by the proposed legislation (i.e., eligible to retire on or before June 30, 2015) consisted of 121 Tier IV members with salaries of approximately $10.4 million whose average age and average service as of June 30, 2010 were 50.8 years and 22.5 years, respectively.

ACTUARIAL ASSUMPTIONS AND METHODS: Additional APVB, employer costs and employer contributions have been estimated based on the actuarial assumptions and methods in effect for the June 30, 2010 (Lag) actuarial valuation of NYCERS for use in determining the Fiscal Year 2012 employer contributions.

Additional annual employer costs and employer contributions have been estimated assuming any additional APVB would be financed through future normal contributions.

As stated earlier, the Actuary is likely to propose new packages of actuarial assumptions and methods to be effective for use in determining employer contributions beginning Fiscal Year 2012. As such, not all assumptions employed in determining the results contained in this Fiscal Note for Fiscal Years 2012 and later represent the Actuary's current best estimate of future experience. However, most of the assumptions and methods used to determine the results contained herein are generally those adopted by the NYCERS Board of Trustees and enacted by the State Legislature and Governor, and provide consistency with the employer contributions currently being presented.

Finally, the actuarial assumptions currently employed for determining employer contributions do not represent risk-adjusted, economic evaluations. As risk-adjusted, economic evaluations could, for certain components of the proposed legislation, produce results that differ significantly from the results shown herein.

STATEMENT OF ACTUARIAL OPINION: I, Robert C. North, Jr., am the Chief Actuary for the New York City Retirement Systems. I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE IDENTIFICATION: This estimate is intended for use only during the 2011 Legislative Session. It is Fiscal Note 2011-21, dated June 13, 2011, prepared by the Chief Actuary for the New York City Employees' Retirement System.
TO THE SENATE:

I am returning herewith, without my approval, the following bill:

Senate Bill Number 5756, entitled:

"AN ACT to amend the retirement and social security law, in relation to permitting Triborough bridge and tunnel members of the twenty-year/age fifty retirement program who have incurred contribution deficiencies to defer full repayment until 2015"

NOT APPROVED

This bill would allow certain employees of the Metropolitan Transportation Authority to participate in a special retirement plan to receive a half-pay pension upon reaching fifty years of age and completing twenty years of service. This retirement plan was first authorized in 1995 and subsequently provisions allowing time to repay contribution deficiencies have been enacted because of delays in the original implementation of the bill by the New York City Employees' Retirement System.

Contrary to the stated purpose of this legislation, this bill does not simply extend the provisions for repayment and provide discretion to the retirement system "to approve hardship extensions when and if deficiencies occur." The proposed legislation would instead provide an enhanced pension benefit, commonly called a "sweetener," to all plan enrollees who are eligible to retire prior to July 1, 2015, as well as additional time for repayment of deficiencies.

Last month I submitted pension reform legislation which would create a new pension tier to reduce costs to local governments. This bill, if signed into law, would grant a generous pension benefit to certain existing employees that is inconsistent with the intent and reforms contained in that legislation.

While I am disapproving this bill today, it is not a reflection on the employees of the Triborough Bridge and Tunnel Authority and the hard work and challenges they face every day ensuring that the transportation systems under their care stay safe and run efficiently. However, we must go in the direction of reforming the system in a manner that will generate the necessary savings balanced with protecting our retirees, not enhancing a system that is already unsustainable.

The bill is disapproved. (signed) Andrew M. Cuomo
